Good Performance.

The performance at Ferguson's theatre last night by the "Gay Glee of Greater New York" company was one of the best in the olio line ever seen in the theatre. The specialists were exceedingly clever and funny and a crowded house would undoubtedly have greeted the company had the engagement been prolonged another night. Latoka, a wonderful female contortionist, Sisters Goldsmith, dancers, acrobats and contortionists, Mester and Hilliard, singers, dancers and contortionists, Frankie Emmet, male impersonator, Dan Regan, musical artist, and O'Connell and Mack, Irish comedians, were fully up to date in all their acts, and collectively in the final skit afforded much amusement. The company's stage manager is Frank Smith, who several years ago conducted the skating rink on South Main street, in this town.

Railroad Killed.

Frank J. Becker, a former resident of Lost Creek, was killed on the Pennsylvania Railroad at Philadelphia on Thursday. He was trying to cross the tracks at Fifteenth street when an engine struck him, crushing his head and side, and causing instant death. Becker left Lost Creek for Philadelphia several years ago to work as brakeman on the Pennsylvania R. R. He was about 40 years of age and left a family. Peter Becker, stable boss at the Kelley Run colliery, is a brother of the deceased. The Daddow family, on North Jardin street, is also related.

A Case of Lost Identity.

Whenever the Hon. Charles Noisy Brumm runs dry of subjects he falls back on his challenge dodge, and wants to discuss issues with somebody. Supposing the Brumm of to-day challenges the Brumm of the past to a joint discussion. The Brumm of several years ago didn't agree with the Brumm of to-day, and a joint discussion between the two would be interesting.

THE HEALTH BOARD MEETS

Decides to Enter Prosecutions For Violation of Rules.

THE HEALTH OFFICER TO ACT.

Mr. Hoehler and Undertaker Roberts to be Charged in One Case and the C. D. Kaler company in Another. First Ward Nuisance.

The Board of Health held a regular monthly meeting last night, which was attended by Messrs. Spalding, Morrison, Schmidt and Johnson. Health Officer Conroy and Borough Solicitor Burke were also in attendance.

The principal topics discussed by the Board were in relation to the First ward creek nuisance and a violation of the laws in connection with the burial of a child that died of a communicable disease. Both topics were subjects of lengthy discussions and the Board determined upon definite plans of action.

The condition of the First ward creek and the continued delay in getting the representatives of the borough, the P. & R. C. & I. Co. and the Thomas Coal Company were commented upon at length, after which the following was adopted:

"Resolved, that it is the sense of the Board of Health, and this Board hereby declares the condition of the Shenandoah creek, from Emrick street to the Pleasant Ridge colliery, to be a public nuisance and a menace to the health of the inhabitants of that vicinity."

There was some interchange of opinion as to what course would be the best for the Board to pursue to have the nuisance abated, and finally it was agreed that the Health Officer learn definitely the parties responsible for the condition of the creek and give each seventy-two hours' notice to abate the nuisance. If the notice is not complied with the Board of Health will have the work done under the lowest bid received by the Borough Council. The Health Officer will supervise the work. When it is completed he will be filed against the respective parties found responsible for the nuisance, for their pro rata share of the expense incurred in the abatement. This will give the Thomas Coal Company, which has been holding out and preventing a joint agreement for the cleaning of the creek, a chance to fight the state sanitary laws. The P. & R. C. & I. Co. has already agreed to stand a pro rata share with the borough under the lowest bid.

The next important topic was the case of Philip Hoehler, of West Centre street, whose daughter died of malignant scarlet fever. The Board of Health has been notified that the man took the chair to give President Spalding an opportunity to speak on the subject from the floor. The latter said that he fully sympathized with Mr. Hoehler in his bereavement, and he knew the rest of the Board did likewise, but a rule of the Board, which has been violated and to lapse from the practice of combating such a dangerous disease would nullify the good work already done by the Board.

Under the presentments made while the subject was before the meeting it seems that Mr. Hoehler was first indicted at his home, and subsequently at the office of the Board of Health, that in view of the character of the disease that caused the child's death, it would be necessary to bury the remains within 36 hours after death, and that there should be no public funeral. Mr. Hoehler, it is reported, replied that he would have the interment made when he deemed proper, but that he would not prevent the attendance of anyone who wished to be at the funeral. It was stated that Mr. Hoehler had also violated the rules of the Board in not stating the case of death in the public notice of the funeral. It was decided that the Health Officer enter suits before a Justice against Mr. Hoehler, and also John Roberts, the undertaker, for collection of the fine specified for violation of the Board of Health rules and the state law, and the costs. The fine may be from \$5 to \$100.

The report of the necrology committee showed that there were 22 deaths, and 111 births for the month. There were four non-resident and 35 local burial permits issued.

The epidemic committee reported 10 cases of communicable diseases, as follows: Scarlet fever, 7; diphtheria, 2; diphtheritic cough, 1. There were two fatal cases of scarlet fever.

The Health Officer reported having abated 14 cases of nuisance during the month. It was reported that George F. Leitze had complied with the requirements of the Board and has taken out an annual license and other permits for cess pool cleaning.

The Health Officer was instructed to proceed in law against C. D. Kaler & Co., of Mahanoy City, for violation of the health laws in town by conducting a scavenger business without first taking out a local license.

Notices Served.

In pursuance of the resolution adopted by the Board of Health at its meeting last night, relative to the First ward creek nuisance, Health Officer Conroy to-day served upon officials of the Thomas Coal Company, Borough Council and P. & R. C. & I. Co. the following notice: "You are hereby notified and required to have this nuisance abated. This notice requires you to take steps to abate the same within 72 hours of service. If the notice is ignored, then as the officers of this borough, required to have such nuisances as this remedied, I shall immediately take legal steps to have it abated, and to protect the health of the people in that vicinity, and charge the expense to you."

BONDSMEN SEEK RELEASE.

Testimony Taken To-day in Behalf of Higgins, Mullahy and Others.

Testimony was taken this morning, in the office of John R. Coyle, Esq., in the matter of a rule granted by the court at Pottsville on Oct. 17, 1898, on application of T. J. Mullahy, et al., to show cause why judgment entered on the tax bond of Tax Collector M. J. Scanlan for 1894 should not be satisfied. Mr. Coyle represented the applicants and Borough Solicitor M. M. Burke appeared in opposition.

The sureties on Mr. Scanlan's 1894 bond are Messrs. T. J. Mullahy, Ellen Reilly, Thomas Connor, Thomas Scanlan, Michael Pribula, Ray Mellon, P. J. Monaghan, J. B. Monaghan, M. P. Whitaker, T. J. Higgins, F. J. Brennan, Patrick McConigan, Andrew Meluskey, C. E. Titman and M. M. Burke.

Collector Scanlan testified as to arrangements he had with the Borough Council so that collections he made in 1895 were to be credited on the 1894 duplicate, and that the payments thus made, with others, settled the latter duplicate. He settled the 1894 duplicate with the county and School Board in the same manner and the sureties on the latter bonds had been released. He said he signed a letter to the Borough Council, upon request of Councilman Strough, directing that payments made by him in 1895 be credited on the 1894 duplicate, and under that arrangement the subsequent payments were made and the duplicate balanced. W. J. Watkins, former secretary of Council, and ex-Borough Auditor, testified that he had seen the Councilman's minute book and the Auditor's annual statement and Mr. Coyle rested his case. Solicitor Burke will ask to have a time fixed to take testimony in behalf of the borough. It is not unlikely that some of the sureties on Scanlan's bonds of 1895-6, and who were not parties to the 1894 bond, will oppose the application and ask the court to decree that any money collected on the 1895 duplicate and credited to the 1894 account be stricken from the latter and credited to the duplicate under which it was collected.

A Strong Attraction.

"A Hired Girl," which will be the attraction at the theatre on Tuesday next, is the latest product from the versatile pen of Charles E. Blaney, who has produced a number of successful farce comedies. The author is pleased to term his latest effort a musical comedy, and from all accounts it is not a misnomer. Solo, choruses and musical specialties follow each other in rapid succession. The piece has a plot, and in telling of the struggles of an unfortunate professor of music at Vassar, the members of the company are enabled to work out some very amusing situations. There are 20 members in the company, including the very charming young women. A feature is a foot ball game between the Vassar and Vale elevens. The music, which is catchy, is by Harry James; incidentally, a large number of the latest topical songs and selections from popular operas are introduced, and all specialties of the company are the very best and comprise the big hits of the summer road gardens of New York. Seats, 50c down stairs, and 25c up stairs.

Come Forward, Mr. Moyer!

County Controller Snyder, at several meetings this week, answered Democratic County Chairman Moyer, who has been proclaiming from the stump that the office of Controller is useless and it does not take a man of intelligence to run it. Whenever Mr. Snyder has spoken he has convinced his audience that the office is the most important one in the county. Now Mr. Snyder challenges Chairman Moyer to an open debate. He is willing to meet the Democratic leader in Union Hall, the Academy of Music or any other public place and discuss the office of Controller. He is also willing to pay the hall rent, music, and every item of expense, and will allow Mr. Moyer the first and last speech.

SOLDIERS IN A WRECK

Six of Them Injured and One of Them Will Lose a Hand.

TROOPS GO SOUTH NOVEMBER 7.

General Graham Has Completed All the Arrangements for Moving Our Troops at Camp Meade to a Southern Camp.

Middletown, Pa., Oct. 29.—The last long train of weary soldiers from Philadelphia reached Camp Meade last evening, and the men went direct to their quarters. General Graham arrived this morning, and the last arrangements for moving the troops south are being made. It is expected that there will be a movement made by Nov. 7, and the entire corps will get away by Nov. 20.

An accident that might have resulted very seriously occurred to the train on which the Sixth Ohio colored troops were going to Camp Meade from Philadelphia. The train had reached Hummelstown, on the Reading road, and was waiting to be switched on to the branch road that goes to Middletown. While standing on the switch a freight train from Harrisburg came along on the same track, and before it could be flagged it crashed into the troop train, smashing the rear car and injuring six men, all of Company C. Floyd Stewart had his hand crushed, and it will have to be amputated. The cause of the accident is alleged to be the carelessness of the flagman in not going back far enough to stop the freight train, but not taking the usual distance customary where a train is flagged. Half a dozen freight cars were smashed, and the car containing the horses on the troop train was broken open and the animals escaped, adding to the confusion.

OHIO'S GOLD FIELD.

Farmers Are Hoping to Sell Their Land at Any Price.

Canal Dover, O., Oct. 29.—The gold excitement at Malvern is still spreading, and there now seems to be sufficient evidence to indicate that gold really exists in paying quantities. The details so far from the field have been doubtful, because of its out of the way location and the infrequency of travelers from that district to this point. Jacob Gopfert, whose home is in Malvern, arrived here yesterday. Mr. Gopfert is a reputable man and his statements ought to be authoritative. In speaking of the new Eldorado he said: "It is difficult to find out just what there is in it for Mr. Alfred Wartman, a newcomer, who has purchased a \$1,000 mining outfit. Some of the reports have been shown me and they are more promising than the one made by Wartman, which shows about \$23 of pure gold to the ton of quartz. There is one assay, made at the instance of a Malvern man, whose name I am not privileged to mention, which shows between 150 and 160 of gold to the ton. If it is all a scheme to raise the price of real estate on the part of Wartman and other farmers they should begin selling pretty soon. Many of them have now been offered more than twice the value of their land, but they are still holding out, and say they will not sell at any price."

The big quartz crusher will be in operation within a day or two.

MRS. BOTKIN INDICTED.

Will Be Tried in California For the Murder of Mrs. Dunning.

San Francisco, Oct. 29.—Mrs. Cordelia Botkin was indicted last evening by the grand jury of the city and county of San Francisco for the murder of Mrs. John P. Dunning, in Dover, Del., on Aug. 12 last. Presting Judge Belcher, of the superior court, to whom the indictment was presented, declared from the bench that according to the facts and evidence the crime charged was murder in the first degree. He therefore instructed the clerk of the court to endorse the indictment, with the statement that bail would not be accepted. The case was then assigned for trial to the criminal department of the court, which is presided over by Judge Carroll Cook. No time for the opening of the case was set. The prisoner remains in the custody of Chief of Police Lees.

L. J. Wilkinson's Cloaks and Dress Goods.

To look beautiful is part of woman's mission. From the beginning every age every season has marked a higher development in the adornment of woman, by style in her garments.

It is a woman's right, then, to adorn herself as becomingly as possible—to look beautiful.

Therefore, when choosing an outer garment—the principal garment in woman's dress at this season of the year—everything being equal, the one having the approved style is the one you should have.

It is plain then that they who want to be properly dressed, to have outer garments of the approved style, must "put their faith" to a make that can be relied upon for being absolutely right in that particular. It has been our aim every year to excel in excellence of quality and our popular low prices are our best advertisement; our twenty-one years' experience in buying and selling places us in the front rank of local dealers and we cordially invite the ladies of this and adjoining counties to come and see if we can't do better than others. A store like ours can't afford to make a statement we can't prove. Come and see us for Ladies' Capes or Jackets and Children's Garments, Dress Goods, Carpets, etc.

The celebrated McCall Bazar Paper Patterns only 10 or 15 cents, none higher and none better. L. J. WILKINSON, Lloyd street.

Carr Getting Well.

Condy Carr, of Centralia, who had his head crushed in with a club in the hands of a infuriated "Hike" during a bar room row a few weeks ago, at that place, and who was taken to the state hospital to die, is surprising everybody by getting well again. It won't be long before he will be able to return home.

THE MAN WITH THE HAMMER!

The man who wields the hammer with the most flourish and makes the most noise isn't always the one who drives the most nails. His nails may be bent, his hammer poor, and when the day's work is done he'll be behind. We drive bargains, not nails, but our stock is up in quality. The blows of our hammer are accurate and regular. We are making a winning record every day in our GROCERY line.
