MR. MARR's boom is shrinking so fast that many of his followers are predicting that Judge Koch will receive the highest vote of any candidate on either ticket. THE defeat of Controller Snyder, which is not at all likely, would be practically equivalent to placing a penalty upon the honest and courageous performance of duty in public office. It would amount to a declaration by the people that they do not want honest, economical administration of their county affairs. That is the plain, unvarnished statement of the case.
