MANY Demograts complain that Candidate Marr is ignoring the balance of the Democratic ticket. That is nothing new for Mr. Marr, as he always picks out a special candidate. and does not confine himself to one particular party, either. His record in this respect is well known.

NOTWITHSTANDING the fact that the name of S. G. M. Hollopeter, the Prohibition candidate for Congress, does not appear on the ticket, through some questionable ruling, he will receive a large vote in this town. Many will write his name upon the ballot, in the blank column for that purpose.

THE gunning season is open, and the first accident is reported in this town. Annually a warning is sounded about the accidental discharge of guns, and annually these accidents occur. Sportsmen, or rather those who have pretentions in that direction, cannot be too careful in the handling of firearms.
