JUR COUNTRY: First, Last and Forever.

The Judiciary.

The rule of non-partisanship in the selection of judges is a good one to break up the party system which the people have adopted to defend themselves against the domination of their rulers.

"The president of the Royal Institution of Public Health recently called attention," says the Humanitarian, "to the undeniable fact that the mean duration of life is greater among married men than is the case with the celibates."

The civilized world did not for one moment believe that two nations would recklessly rush into war over such a minor dispute as that which has been agitating French and English diplomats for some weeks past.

The Campaign Ended.

The political contest of 1898 has practically closed, and within a few hours the final verdict of the people will have been recorded and announced.

Priceless Pain

"If a pain can be placed on pain, 'Mother's Friend' is worth its weight in gold as an alleviator. Myself suffered more in ten minutes with other nerves than six children had six days together with her last, having previously used four bottles of 'Mother's Friend.' It is a blessing to anyone expecting to become a mother," says a customer.

Thus writes Henderson Dale, Druggist, of Carmi, Ill., to the Bradford Regulator Company, of Atlanta, Ga., the proprietors and manufacturers of "Mother's Friend." This successful remedy is not one of the many inferior medicines ad-

vertised to do unreasonable things, but a scientifically prepared liniment especially effective in relieving strength and elasticity to those parts of woman's organism which bear the severest strains of childbearing.

The liniment may be used at any and all times during pregnancy up to the very hour of confinement. The earlier it is begun, and the longer used, the more perfect will be the result, but it has been used during the last month only with great benefit and success.

It not only shortens labor and lessens the pain attending it, but greatly diminishes the danger to life of both mother and child, and leaves the mother in a condition more favorable to speedy recovery.

"Mother's Friend" is sold by druggists at \$1.00, or sent by express on receipt of price. Valuable book for women, "Before Baby is Born," free on application to THE BRADFORD REGULATOR CO., Atlanta, Ga.
