FATAL MINE ACCIDENT.

Two Men Entombed by a Pillar Running—One Recovered.

There was an accident at the Furnace colliery, operated by Seaman & Gerber near Gilberton, last night at two o'clock this morning that caused the death of two men, Walter Dobrowski, a resident of this town, and Adam Katsch, of Gilberton.

The men were engaged in blasting coal at the face of breast No. 26, 2nd lift, Buck Mountain vein, east gateway, where a part of the pillar between breasts Nos. 25 and 26 gave way and buried them. After considerable work Dobrowski was taken out of the breast alive and conscious. He suffered from severe internal injuries and survived but a few minutes after his rescue. Dobrowski was the miner. When asked where his laborer was he replied, "You can't find him. He is up at the face of the breast."

This morning Mine Inspector Wm. Stein, Inside Foreman Thomas James and a corpse of assistants made repeated efforts to find Katsch's body, but failed, and the remains were still entombed at a late hour this afternoon.

As a final resort to recover the body the loose coal is being drawn from the breast and at the same time a hole is being driven through the pillar from breast No. 27 to No. 26.

Dobrowski leaves a wife and seven children. The body was removed to the family residence on South Pearl alley, near Laurel street.

A Serious Fall.
During recess at the East Creek school yesterday afternoon a serious accident befell one of the scholars, Patrick Groody, a ten-year-old son of James Groody, of Lost Creek. While playing with companions near the head of a stairway young Groody lost his balance and fell to the floor, a distance of 23 feet. He was removed to his home, and the attending physician says he is suffering from a concussion of the brain, and that his condition is serious.

FOURTH DISTRICT LIKEWISE

The Unofficial Count Late This Afternoon Indicates the Election of the Entire Democratic Ticket, Including Fourth Legislative District.

Special to EVENING HERALD.

POTTSVILLE, NOV. 9, 4:30 P. M.

The result of the count at this hour indicates the election of the entire Democratic ticket by majorities ranging from 500 to 5,000. Ryan, the Democratic candidate for Congress, is well up in the front while Higgins, the Democratic candidate for Senator, is probably the lowest.

Up to noon today the Republicans claimed the election of Graham, with several Democratic districts to boot, but later the hope of saving him from the wreck was shattered, and the election of Higgins was conceded by a small majority.

All the districts, except the middle ward of Gilberton, have been received. The returns of this ward are in, also, but they were sealed by mistake and cannot be opened until the official count is made on the third Friday after the election. The soldier vote has also been received sealed.

The total soldier vote is computed to be 325. With the exception of the above, the returns show that the Democratic pluralities are:

COUNTY TICKET.	
Congress, D.....	5,000
Marr, D.....	1,653
Bryan, D.....	2,356
Muldoon, D.....	1,980
Horgan, D.....	1,600
Bleiler, D.....	2,000
SENATE.	
Higgins, D.....	548
LEGISLATURE, 4th District.	
O'Brien, D.....	3,200
Haag, D.....	1,900
Noecker, D.....	950
FIRST DISTRICT.	
Anderson, D.....	750
SECOND DISTRICT.	
Constein, D.....	672

The result in the other Legislative districts have not been fully computed, but it is sufficient to show that the Democrats have carried every district in the county.

THE LOCAL RESULTS.

Shenandoah Gives Large Pluralities Against all Republican Candidates.

The flood of Democratic votes that rushed into the local polls yesterday gave big majorities for all the Democratic candidates, particularly H. J. Muldoon, the candidate for County Controller, who secured the greatest vote ever given any candidate of either the Republican or Democratic party in the borough. Mr. Muldoon may well feel grateful for the manner in which his townsmen stood by him, irrespective of party, and gave him 800 votes over Snyder, his Republican opponent. It was a brilliant victory for him. Judge Koch, Steve Middleton and Dr. Stein can congratulate themselves that Marr, Horgan and Bleiler did not have grasping fingers on Muldoon. Koch was beaten in town by but 379 votes, Middleton by 405 and Stein 478 by their respective opponents. Higgins got 500 votes over Graham and Ryan 705 over Brumm.

The Swallow spirit developed strong at the polls. Last year the town gave the Harrisburg reformer 114 votes for State Treasurer. Yesterday it gave him 319 votes, or almost three times more than he was accorded last year.

The Republicans are taking the results of the elections in quiet submission, accepting them as the fruits of one of those periodical avalanches from which both parties suffer from time to time.

Here and there complaint is made that Democrats with whom deals were made failed to keep faith, in that they took all the votes they bargained for and gave none in return, but the results in the cases of two or three of the Republican candidates show pretty clearly that, even though faith had been kept, the result would only have been a matter of reduction, and not of reversal, for the Democratic party hadn't enough goods to deliver to stop the tide that had set in to change the political complexion of the county. It takes but a glance at the returns of the Third ward—the heretofore Republican stronghold of Shenandoah—to convince one that even trading could not have been done yesterday to stem the tide. However,

had not these trades been entered into several Republicans would have received a larger majority in that ward. The full vote follows:

ROOSEVELT ELECTED

The Rough Rider Chosen Governor of New York.

PENNSYLVANIA ELECTS COL. STONE.

The Vote of Dr. Swallow Only About 100,000.

VOORHEES WINS IN NEW JERSEY.

He Will Be Backed by a Legislature That Will Elect a Republican to Succeed James Smith in the Senate of the United States—Democrats Elect Two Congressmen in Maryland—Nebraska Elects a Republican Governor by 3,000 Plurality.

GOVERNOR-ELECT STONE.

New York, Nov. 2.—Theodore Roosevelt, the Republican nominee, has carried the state by a plurality of about 20,000. The total Republican vote when received will probably show a falling off as compared with that for Governor Black, in 1896, of about 14 per cent. In the municipality of New York the old time Democratic majority was approximated, Van Wyck's vote being about 50,000 greater than that of the Republican candidate. This latter result was helped in some measure by the result in the borough of Brooklyn (Kings county), which in 1896 gave Black a plurality of 2,000, but yesterday gave a Democratic plurality of about 16,500. Brooklyn is the home of Judge Van Wyck.

The returns from many counties up the state are incomplete, and in some cases are missing altogether. The indications, being computations upon the figures at hand, point to a Republican plurality in the counties above Harlem of about 100,000, to offset which the Democrats can produce only the 50,000 plurality of greater New York.

The soldier vote will not be counted until Dec. 1, but it is not likely that the ballot from the camps will materially alter the result. There would seem to be the greater probability that the majority for Roosevelt will be increased.

The figures on congressmen are not accessible at this hour, but there are indications that the Democrats have

made some gains in New York city districts. Congressman Sulzer, Democrat, whose district renominated him upon a free silver platform, is undoubtedly re-elected.

Little is known as to the votes for state senators and assemblies. The Republicans had in the last legislature a majority of 28 on joint ballot, and leaders of the party profess confidence that there will be no material diminution of that majority. A Republican legislature will mean the election of a Republican to the United States senate in place of Senator Murphy.

Every condition was favorable to the polling of a full vote in all parts of the state. In this city there was no fulfillment of predictions of trouble at the polls. The state deputies, authorized by act of the last legislature, were most in evidence in the east side districts, where the cheap lodging houses are located. The number of arrests made was below rather than beyond the usual record of a general election, and in many cases the occasion was found to be in the carelessness of registration clerks. Fights at the polls were few and easily quelled. There was no friction between deputies and police, one lending assistance to the other in the preservation of order.

Enough returns from assembly dis-
