Death's Betrothal. A few years ago a New York newspaper

conducted an open discussion upon the topic: "Is Marriage a Failure?" The answer is easy and upon the surface. Where there is mutual love and respect, if there is also health, marriage is a success. When health is left out, even the most ardent love does not count, and marriage is invariably

a failure.

Modern science has cried the warning so often that all should realize the dangers of wedlock to people in ill-health. In a case of this kind death lurks on every side—in the kiss of betrothal and the caress of the honeymoon. The man who is suffering from ill-health is a physical bankrupt, and has no right to condemn a woman to be his nurse for life and the mother of babes that inherit his physical weakness. Dr. Pierce's Golden Medical Discovery acts directly on the digestive organism. It makes it strong the digestive organism. It makes it strong and its action perfect. When a man's di-gestion is all right his blood will be pure; when his blood is pure his nervous system will be strong and his health vigorous.
