NOT REMOVED.

Samuel Gradwell Still a Patient at the Miners' Hospital.

The report that Samuel Gradwell, who had his back broken in the mines several weeks ago by a fall of coal, has been removed from the Miners' hospital to his home in this town is incorrect. The patient suffered from convulsions on Tuesday and, under the belief that death was near at hand, some of his relatives decided to have him removed home last night, but upon arrival at the hospital were persuaded not to do so. Gradwell's condition was better last night than it had been for several days.

COAL CARS WRECKED.

A Train Parted and the Sections Crashed Together.

A wreck that delayed traffic for some time occurred on the P. & R. Railway, a short distance below St. Nicholas station, last evening. A train of loaded coal cars was pulled out from the storage yards and started for Mahanoy Mine. After running a short distance a coupling brake among the two sections subsequently crashed together, wrecking four of the cars and scattering the coal over the tracks.

Unsuccessful Robbers.

For the past two nights robbers have been operating unsuccessfully in the First ward. On Tuesday morning, at about 3 o'clock, they tried to effect an entrance to the grocery store of a man named Bender, on East Centre street. During the early hours of yesterday morning the saloon of William Stroblis, in the same locality, was visited. The thieves tried to raise windows on the first floor, but found them securely locked. Several tools were secured from a neighboring yard and formed into a platform to reach the second story, but the thieves were frightened off before an entrance was effected, the inmates being aroused by a noise the visitors made.

THIEVES AT GILBERTON.

Railway Station and Post Office Visited This Morning.

BOOKS AND MAIL DESTROYED!

The Loss Occasioned Has Not Been Made Known—The Postmaster Was a Sound Sleeper—A Stranger Arrested on Suspicion and Sent to Jail.

Gilberton, Nov. 17.—The local station of the Philadelphia and Reading Railway Company and the post office were visited by robbers early this morning. The exact loss sustained has not been ascertained. A man has been arrested on suspicion of being one of the robbers.

Entrance to the railway station was gained by prying open a shutter of the storage department, which is connected by a door with the general office. The robbers ransacked both departments thoroughly in their search for plunder and wantonly destroyed a number of papers and books. The robbery was not discovered until six o'clock this morning, when John Dettler, station agent, arrived. He immediately notified the office of the division superintendent at Mahanoy Plane, and the C. & P. police were sent to the scene. Mr. Dettler has declined to state what the loss has been by the robbery of the station.

About an hour after Mr. Dettler's discovery was made known it was announced that the post office had also been robbed. Entrance to it was gained by forcing open a window at the side of the building. Although the robbers apparently spent some time in the post office and adjoining dwelling, they were not detected by Postmaster William H. Williams or any member of his family. The robbery was not discovered until the occupants of the place arose at 7:30 o'clock this morning.

The robbers ransacked packages of letters and newspapers, and also went into the postmaster's bedroom, taking three watches and some trinkets from drawers of a bureau. They also took \$7.50 from Mr. Williams' trousers, which hung upon one of the bed posts. From this apartment the robbers went to the kitchen and opened the table with the contents of the pantry, leaving the house after apparently partaking of a good breakfast.

It is quite certain that the post office was robbed of a quantity of postage stamps, but to what extent is not known.

This is the fifth, or sixth, time the railway station has been robbed within the past three years.

Soon after the robbery was reported this morning the C. & P. police took into custody a strange man giving the name of Andrew Noble. He was taken to the Pottsville jail. The police believe that they have in him one of the perpetrators.

THE MURDER TRIAL.

George Quinn Faces a Jury for the Murder of Patrick Scully, of Girardville.

Pottsville, Nov. 17.—The trial of George Quinn, charged with the murder of Patrick Scully, of Girardville, is attracting much attention. There is a brilliant array of counsel, District Attorney Bechtel and George J. Wadlinger are conducting the prosecution, while W. J. Whitehouse, B. J. Cummings and W. A. Marr, Esqs., are looking after the defense.

Late yesterday afternoon a jury was secured as follows: Edward Boyer, Port Clinton; Nicholas Saul, railroader, West Brandy; Elmer Broyles, farmer, Eldred, Frank Bernard, printer, Yorkville; Henry Auman, painter, Schuylkill Haven; George Coughlin, cigar dealer, Minersville; W. H. Long, miner, Frickville; Wm. Moore, miner, St. Clair; Morris Rankin, railroader, Landingville; James Banks, farmer, Union; John Boland, reporter, Mt. Carbon; Archie Kehler, butcher, Locust Dale.

The readers of the HERALD are familiar with the events leading up to the death of Scully. The circumstances of the case are claimed that Quinn threw a stone which caused Scully's death. Quinn's lawyers will put up the plea of self-defense.

Dr. Biddle testified as to the cause of death being from a blow on the head with some blunt object. Mrs. Alice Saeger swore that about 12 o'clock at night she saw the man in front of her house and that they had quarrelled. Scully, she testified, had called upon her, and "Sully you hit me with a billy and I'll have your life if it takes a year." The men separated but came back at a quarter after one o'clock. She saw Quinn go into the patch of weeds and pick up a stone and throw it at Scully. Scully dropped to the ground. Before Scully was the second time Quinn and his friends were sitting on the steps of her neighbor's house, west. Her testimony was unshaken on cross-examination.

Wm. Green, a night watchman, met Scully that night, and saw him fall when hit with the stone by the defendant. He also saw Quinn try to hit McKean. Quinn then ran toward witness and made several passes at him. Green threatened to shoot him. Quinn then ran as hard as he could on Odean street and disappeared. The party picked up Scully carried him to his sister's home.

Constant McKean's testimony corroborated that of Green's. He did not see Quinn pick up the stone. He arrested Quinn at his home. He saw McAllister, Kenney and Butler at the scene of the murder.

Patrick Boland was on the ground and saw Scully fall. His testimony was merely a corroboration of the other witness.

The commonwealth established the location of the homes of Scully's brother and sister, and claim he was on his way to his brother's home the night he was hit by Quinn.

The commonwealth continued their side all of today, but it is expected they will close when court adjourns this afternoon.

MINOR COURT NOTES.

The grand jury yesterday acted upon 45 bills of indictment. In all cases where bills were ignored the costs have been placed on the prosecutor. This ought to have a salutary effect on petty litigations.

Jacob Burkiewicz was arrested on the charge of surety preferred by Anna Longoniska. After hearing the parties Judge Lyons dismissed the case and ordered each side to pay their own expenses.

John Luppey pleaded guilty to f. and b. and the usual sentence was imposed.

Joseph Longoniska and Anna Longoniska were acquitted of the charge of larceny as bailie and the costs were placed on the prosecutor, Jacob Burkiewicz.

William Morgan, charged with desertion by his wife, was sentenced to pay the costs and \$15 per month for the support of his wife.

Luke Rodgers plead guilty to the charge of assault and battery, as preferred by Mary Youst, and was sentenced to pay the costs and \$10.

The attendance at court to-day was much less than any previous day this week, about one-fifth less than that of yesterday.

The jury in the assault and battery case of Charles Hildebrandt against Lawrence Wentz and Joseph Wiczak this morning handed in a sealed verdict before Judge Lyon acquitting Wiczak, but finding Wentz guilty.

The latter was sentenced to pay a fine of \$10 and costs of the case. Wentz was acquitted and Hildebrandt was attacked by a dog owned by Wiczak and threw a pair of shears and a hammer at the animal, accidentally hitting a child, but not injuring it seriously. It was alleged that Hildebrandt was then assaulted by the two defendants. The parties to the suit are residents of Shenandoah.

ENGLAND'S SUBJECTS.

Josep Chamberlain Declares They Need No Outside Aid.

THE SECRETARY FLOUTS RUSSIA.

He Asserts That a Combination Between the United States and England Would Fear No Other Alliance. Relations With Germany and Japan.

London, Nov. 17.—Josep Chamberlain, who was the guest of the Conservative club in this city last evening, in replying to a toast to his health, spoke at length on colonial matters. The secretary of state for the colonies said that almost all international troubles of recent years had arisen from the competition of nations for the undeveloped territories on the world's surface in the possession of barbarous tribes or decaying nations. He dwelt upon these vast tracts as "outlets for the teeming populations and trade of civilized nations."

Mr. Chamberlain predicted an "imminent future" for Rhodesia and Great Britain's other acquisitions in Africa, even the gold coast and Lagos, "when medical science shall have succeeded in overcoming malarial diseases." He warmly defended the government's Chinese policy, contending that Great Britain had "good reason to be satisfied with the results obtained as compared with other powers."

Regarding the contention that Great Britain ought to have an agreement with Russia he said:

"Experience has taught us that we require better guarantees than a paper agreement to secure the policy of an open door. The best security, in my opinion, is the desire of other nations, like Japan, Germany and the United States, to preserve an open door. Japan is becoming an important power, with whom our relations throughout the world have been those of cordial friendship, while with Germany and the United States our relations are very precarious.
