From Extreme Nervousness. OUR NATION'S DESTINY. Postmaster General Smith on the Problems of the Hour. Philadelphia, Nov. 18.-Postmaster General Charles Emory Smith was the

guest of honor at a banquet and re-ception given by the directors of the Union League, of which Mr. Smith is a member. The only other guest at the banquet was Calvin Wells, of Pitts-burg. C. Stuart Patterson presided at the banquet and in a few words pre-sented the postmaster general. Mr. Smith said in part: "We have lived a great chapter of

history and the country has come to realize that we have a great president. He had no ambition for war. But when war came for humanity and justice he' directed it with a wisdom, courage, skill and success which have commanded the applause of the whole world. He had no ambition for territorial acquisitions. But when the march of events brought responsibilities and obligations over new domains he faced them with a high and intrepid resolution, which will make his administration lustrous as adding jewels to the casket of liberty. He had no ambition to open a new epoch in our history and lead the country in new pathways, content to do the best in the old. But when, in the providence of God, the uplifted curtain re-

opment he bravely accepted duty, and dearly recognized destiny. "We do not know what may be before us. But one thing we do know, and that is that whatever may come, what-ever doubt or difficulty, the president will meet it with sure insight, with unfailing sagacity, with caim courage, good health." and with firm and confident reliance on the saving lease and patriotism of the American people. He will be gov-erned not by personal desire, but by a profound conviction of public duty. Have we great problems? Are we perplexed about the disposition of far off domains where American valor has unfurled the American flag? Who would turn them back to Spain? Who

called Grain-O. It is a delicious, appetizing, contraining food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1 as much as offee. 15 and 25c.

Ask your grocer for the "Royal Patent four, and take no other brand. It is the est
