OUR COUNTRY: First, Last and Forever.

The advertising harvest is here. If your seed was properly planted, the field carefully cultivated and the crop given proper attention, the harvest will be bountiful.

PRESIDENT MCKINLEY will handle a large number of new subjects in his forthcoming message. The country is satisfied that it will be an unusually interesting document.

EVERY time the Republican party wins a big victory some profound Democrat bobs up with a prediction that it will never win another one, and still the G. O. P. goes on winning.

THE Democratic press seems to be unanimous in the demand for depositing Mr. Bailey, of Texas, as the party leader in the House. We would suggest as a compromise the Honorable Judge Sibley, of Pennsylvania.

THE new state legislators will begin their duties January 3, when the Senate and House will organize. Their term of service, however, will date from December 1. The new county officers will enter office January 4.

As a successor to Democratic State Chairman Garman, the names of Hon. B. F. Meyers, of Harrisburg, and John B. Larkin, of Pittsburg, are suggested. Either of the two would make acceptable "rainbow chasers."

QUAY offers \$10,000 and Wanamaker just double that amount for information of any bribery in connection with the Senatorial succession. This is an inducement to those who accept bribes, if there be any, to turn detective and capture \$30,000.

Tax Congressional tax of \$1 per keg on beer cost the Republicans ten members of Congress from New York, for the brewers openly opposed all of them and spent money for their defeat. A tax on beer once overthrown an administration in England.

NEWLY Judge a man by the clothes he wears. The man with a fringe around the bottom of his trousers, dilapidated hat and worn out shoes may be an editor of your local newspaper; while the man with the tan shoes and red necktie may simply be one of his delinquent subscribers.—Exchange.

AFTER nearly thirty years' mysterious, at times discouraging yet always determined and hopeful effort to solve great secrets of nature, John W. Keely has passed away. This country has produced no scientific genius or mechanical humbug, the world may never know which, who has occupied a larger share of public attention than the "motor" man, Keely, who will not soon be forgotten.

Received Their Orders. THE testimony of Dr. Forwood, Chief Surgeon at Camp Wikoff, before the War Investigation Board, that he knew of instances in which reporters had received orders to "roast everything," shows how the yellow press views its undoubted duty to the people. With preconceived and self-interested grievances against the Administration officials, these newspapers sent reporters to the camp, not to report what they saw, but deliberately to pick flaws in everything—to "roast" indiscriminately, and the sum total of their efforts is the great howl which went up against the conduct of the war.

It is small wonder that the investigation has resulted in discovering nothing to bear out these charges. The reporters, under obligations to "roast," or lose their positions, did the best they could—which was at best very little—and it only requires the calling of a few witnesses to riddle all the talk of gross incompetence, crying abuse and inhuman favoritism.

There has never been any denial of the fact that mistakes were made—the Administration officials were only human after all—but in the main they discharged their duties ably, and no one denies this now except those sheets—mistakenly called newspapers—which conceive it to be their duty to "roast everything" when a disposition to ignore their plans is shown by the officials in charge.

Two Railroaders Killed. RAYMOND, N. J., Nov. 21.—G. W. Rogers, of Camden, employed as a conductor on the Amboy division of the Pennsylvania railroad, and H. G. Rao, baggage-master of Rogers' train, were killed here last night. They had completed their run for the day and were walking to the depot to take a train for home when run down by the Chicago limited, eastbound. Their bodies were cut up and scattered along the track for some distance.

The Barnes Kidnaping Case. ERIC T., Nov. 21.—The hearing in the matter of the custody of Edith Beryl Barnes, daughter of Mrs. Edith Barnes-Magowan, was adjourned Saturday until next Friday, when the attorneys for Mrs. Magowan will have to prove that she is a proper person to take custody of the child. The court required that the child remain in Eric until next Friday.

COST OF GOVERNMENT.

Figures Showing Where Our Million a Day Comes From.

Washington, Nov. 21.—The recent discussion as to the revenue producing qualities of the present tariff lends special interest to a series of tables just issued by the treasury bureau of statistics, showing the receipts from various sources by months during a long term of years.

An examination of those figures shows that the customs receipts of the treasury department now amount to one-half of the ordinary expenditures of the government, which is about the usual proportion allotted to that branch of the revenue producing service. The ordinary expenditures of the government, aside from those of the post-office department, which is practically self-sustaining, are usually calculated at about \$1,000,000 per day, and averaged during the years 1894 to 1897 \$100,500,000 per annum, and at about the same rate in 1898, omitting the Pacific railroad and extraordinary war expenditures. The general plans of those charged with the duty of providing the revenues for the government have contemplated the production of one-half of the necessary expenditures from customs and the remaining half from internal revenue and miscellaneous sources.

The daily statement of receipts and expenditures issued by the treasury department shows that on Nov. 17, the 14th day of the present fiscal year, the customs receipts had during the 140 days amounted to \$1,349,428. Of this sum a little over \$1,000,000 was from the duty placed upon tea by the war revenue act.

The receipts from customs during the past ten years have averaged \$15,199,000 per month. This ten years' term includes the operations of four tariff laws. The monthly average of receipts from customs is given in the following table:

Ten years, 1889-98.....	\$15,199,000
August to December, 1897.....	\$2,279,000
Jan. 1 to Nov. 1, 1898.....	15,971,000
July 1 to Nov. 1, 1898.....	15,993,000

Bucklen's Arnica Salve. A GRAVE TO SECURE INSURANCE. Baldwin, Mich., Nov. 21.—H. V. White of New York is under arrest here, suspected of grave robbing for the purpose of defrauding a life insurance company of \$2,000, the amount of insurance on the life of his brother, Frank M. White. On Nov. 10 H. V. White came here for the purpose, he said, of finding his brother, whom he believed to have been finally dealt with. He spent some time looking for the body in the vicinity of where his brother was alleged to have been camping. A body was finally found by White, which he claimed to be that of his brother. Investigation developed that the body was that of a Baldwin man, Alex. McLean, who had died in August. His grave was found empty.

Women Suffer Know It. Many women suffer untold agony and misery because the nature of their disease is not correctly understood. They have been led to believe that womb trouble or female weakness of some sort is responsible for the many ills that beset womankind.

Neuralgia, nervousness, headache, puffiness or dark circles under the eyes, rheumatism, a dragging pain or dull ache in the back, weakness or bearing-down sensation, profuse or scanty supply of urine with strong odor, frequent desire to pass it with scalding or burning sensation, sediment in it after standing in bottle or common glass for twenty-four hours, are signs of kidney and bladder trouble.

The above symptoms are often attributed by the patient herself or by her physician to female weakness or womb trouble. Hence, so many fail to obtain relief, because they are treating, not the disease itself, but a reflection of the primary cause, which is kidney trouble.

In fact, women as well as men are made miserable with kidney and bladder trouble and both need the same remedy.

Dr. Kilmer's Swamp-Root is the great discovery of the eminent kidney and bladder specialist, and is easy to get at any drug store for fifty cents or one dollar.

To prove its wonderful merits you may have a sample bottle and book telling all about it, both sent absolutely free by mail. Kindly mention Shenandoah HERALD and send your address to Dr. Kilmer & Co., Binghamton, N. Y.

The New Japanese Minister. WASHINGTON, Nov. 21.—Mr. Jotura Komura, sixty extraordinary and minister plenipotentiary of Japan to the United States, arrived here late yesterday afternoon from San Francisco via Chicago. Mr. Komura, who succeeds Mr. Toru Hoshi, is a typical Japanese gentleman, calm and dignified, self-contained and highly cultivated. His early education he received in the best universities of his native country, and in 1880 graduated from Harvard college. He was serving Japan as assistant secretary of state when he was chosen by his emperor for his present mission.

The Population of Shenandoah is about eighteen thousand, and we would say at least one-half are troubled with some affection of the Throat and Lungs, as those complaints are, according to statistics, more numerous than others. We would advise all not to neglect the opportunity to call on our druggist and get a bottle of Kemp's Balsam for the throat and Lungs. Price 25 and 50c. Trial size free. Sold by all druggists.

Convicted Train Robber. TRENTON, Nov. 21.—Henry Lang, Walter Conway, Frank McLaughlin, Louis Schiller and Walter Wright broke jail here yesterday, and all but Conway are still at large. Sellers and Wright are former employees of the Pennsylvania railroad, and were in company for breaking open cars and rifling the contents. The latter two are also under conviction in the federal courts for having in their possession counterfeit coins.

NO WASTE OF WORDS.

Evidence Which is Right to the Point and Reliable.

Judge Frank Ives of District Court of Crookston, Minn., says: "For some time I have used Stuart's Dyspepsia Tablets with seeming great benefit with few exceptions. I have not been so free from indigestion in twenty-five years."

George W. Roosevelt, U. S. Consul to Brussels, Belgium: "Stuart's Dyspepsia Tablets, safe, pleasant to take, convenient to carry, give keen appetite, perfect digestion."

Mr. W. D. Tomlin, mechanical engineer, Duluth, Minn.: "One box of Stuart's Dyspepsia Tablets has done its work, and I am again gaining flesh and strength."

O. E. Ransom, Hustonville, Ky.: "I was distressed and annoyed for two years with throwing up food, of two or three times a day; had no certainty of retaining a meal if late one. Four boxes of the tablets from my druggist have fully cured me. I find them pleasant to take, convenient to carry."

Rev. G. D. Brown, Mondovi, Wis.: "The effects of Stuart's Dyspepsia Tablets is simply marvelous; a quite hearty dinner of broiled beefsteak causes no distress since I began their use."

Over six thousand people in the state of Michigan alone in 1894 were cured of stomach troubles by Stuart's Dyspepsia Tablets.

Full sized packages may be found at all druggists at 50 cents, or sent by mail on receipt of price from Stuart Co., Marshall, Mich.

More Troops Sent to Panama. Springfield, Ill., Nov. 21.—Notwithstanding the declaration by Captain E. C. Butler, in command of the National Guard at Panama, to Governor Tanner that he felt able to cope with the occasion with the troops at his command, a delegation of about 50 business men of Panama, headed by former Mayor Huber, visited the governor at the executive mansion yesterday and informed the governor that Panama was in a state of terror and that Captain Butler appeared to be inadequate to the occasion. Accordingly Governor Tanner ordered Company C, Fifth Illinois infantry, to proceed to Panama at once. The governor also superseded Captain Butler with Lieutenant Colonel Frank P. Wells.

It is feared that Miss Clendenin's skull was fractured. The frenzied animal dashed his head through a plate glass window at the corner of Huntington avenue and Charles street, and as he withdrew it severed an artery in his neck and bled to death in a few minutes.

FLAMES SWEEP PERRY, IA.

Fire Beyond Control and Aid From Other Cities Hurries Forward.

Perry, Ia., Nov. 21.—The business portion of the city of Perry is burning, and the fire is beyond control. A strong northwest wind is sweeping the fire down both sides of Second street. Several large brick blocks are already gone, and the fire department is helpless to stay the progress. The Des Moines fire department is coming on the Rock Island, and hose from surrounding towns will be brought in.

The fire started in Mitchell's large livery barn, and was communicated to the Grand Leader department stores, across the street. It then swept down the main street and over the residence district in the center of the town. The Methodist church and the Citizens bank are among the buildings destroyed.

Detroit's First Italian Church. Detroit, Nov. 21.—Saint Francesco, the first Italian church erected in Detroit, was dedicated yesterday. The occasion was rendered the more notable by the presence of Archbishop Martinelli, apostolic delegate from Rome to the United States, who performed the ceremony of blessing the new edifice and also solemnized high mass and afterwards preached a sermon in Italian. Bishop Foley and several of the clergy of the diocese participated in the services within and without the church. The pastor of the new church is Rev. Father Francis Becherini, who had previously established flourishing Italian churches in New York and other eastern cities.

Released Convict Re-arrested. San Francisco, Nov. 21.—Alford L. Alford, 31 years old, was arrested at the gates of San Quentin prison yesterday just as he had gained his liberty after having served a two years' term of imprisonment for a forgery done in Los Angeles. It is alleged that Alford paid two bogus drafts on the First National bank of this city. According to Detective Cody Alford is the wayward son of General Alford, a millionaire Texan. The young man is also accused of having committed forgery in Los Angeles, San Francisco, San Jose and Portland, Ore. His father is expected here.

Ferguson, a 25-year-old man, his wife, his daughter Cynthia and Ida, aged 11 and 8 years, are dead and his wife and two other daughters, one an infant, disfigured for life. Murder in the First Degree. Montrose, Pa., Nov. 21.—On Saturday the jury in the Pepper murder case returned their verdict, finding James Eagan guilty of murder in the first degree. In saying that he was the young wife he broke down, and during the afternoon frequently burst into paroxysms of nervous weeping.

Sacrificed to Blood Poison. Those who have never had Blood Poison can not know what a desperate disease it can produce. This terrible disease which the doctors are totally unable to cure, is communicated from one generation to another, inflicting its taint upon countless innocent ones.

Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. The little one was unequal to the struggle and its life was yielded to the fatal poison.

For six long years I suffered untold misery. I was covered with sores and ulcers from head to foot. My tongue and lips were so swollen that I could not speak. I was unable to eat or sleep and during those long years I had the best medical treatment. Several physicians advised me to add fuel to the fire by taking food. I was advised by friends who had seen wonderful cures made by it, to try Swit's S.S.S. I did so, and in a few days I felt better and in a few weeks I was cured. My blood was purified and my health restored. Swit's S.S.S. is the only blood remedy which reaches desperate cases. Montgomery, Ala. Wm. T. W. Lee.
