Ghastly Discovery Made by Boys at St. Nicholas,

A Tax Receipt Lead to the Identification of the Remains as Those of a Morea

Man-He Had Attended the Funeral of a Friend. A fatal accident that will probably never be explained came to light at St. Nicholas, at shout nine o'clock last night, when the mangled remains of a man were found on the

?. & R. Railway, between the St. Nicholas

station and the coal storage yards east. The discovery was made by two boys, who were walking to their homes in St. Nicholas. Upon making the ghastly find the boys noticied the crew of an engine that was shifting in the vicinity. The crew went to the scene and picked up the remains, taking them to Mahanoy City on the engine. The body was placed in the P. & R. freight depot and a search of the clothing dispelled rumor of foul play that had gained circulation.

The parties who made the search found a tax receipt bearing the mame and address, "John Oskoski, Morea." Cash to the amount of thirteen dollars was also found in the pockets.

This morning the remains were identified as being those of John Uskoski, and they were removed to Morea. The victim was in Mahanoy City yesterday, attending the funeral of a friend who was killed at Morea on Saturday. The presence of Oskoski's body near St. Nicholas is accounted for by the fact that the man had friends at that of Philadelphia visitors, among them the fact that the man had friends at that of Philadelphia visitors, among them the following: Misses Katie and May Coughlin, place and Mainnoy City. It is believed that following: MaElyee and Theresa Kelly, he fell from a coal train while riding home-

army, has sent a communication to Surgeon General Sternberg, comparing says in part: 'In reply to your inquiry I can very promptly state that the sickness and mortality during the war with Spain

was not relatively so great as that from which our volunteer troops suffered during the civil war.
"In April. 1861. President Lincoln called for 75,000 volunteers, but it was not until July 22, when his call for 500,000 was made, that we had armies comparable in size with those recently in existence. Beginning, then, with July, 1861, when we had medical reports from regiments aggregating only 69,118 men, and including August, Sep tember, October and November, five months, we find recorded a loss by death of 3,075 men in the reports sent in by medical officers from an average strength present of 177,690 men, or 17.31 deaths out of every thousand men

during that period of five months. "In April, 1898, President McKinley called for 125,000 men, and later for 75,000, which, with an increase in the regular army and the immune and other special regiments, made a total of over 270,000 men. Beginning with May, 1898, for which month we have medical reports in the office of the surgeon general of the army from regi-ments aggregating 151,685 men, and including June, July, August and September, five months, we find on file a loss by death of only 1,715 men reported by medical officers, in an average strength of 167,168 men, or 10.31 deaths out of every thousand men during that

period of five months.
"Mortality from disease reached its maximum in the camps of our civil war only at the end ten months, if we count from July, 1861, or at the end of 12 months if we count from May, 1861. when 47.56 men had been buried out of every thousand of strength present, or, to put it otherwise, the maximum Iron toys of every description, from 10 monthly mortality was reached only cents and upwards. #### SENATOR QUAY INDICTED.

Five Other Former State Treasurers Named in One Bill. Philadelphia, Nov. 22.—United States Senator Quay, his son, Richard R. jamin J. Haywood were indicted by the grand jury yesterday on all five of the bills charging them with conspiracy in the misuse of state funds. No indictment was brought against Charles H. McKee, of Pittsburg, who was held in bail by Magistrate Jermon at the same time as Senator Quay and his son. District Attorney Graham refused to speak as to the reason of this. The finding of the jury was unanimous.

One of the indictments which aroused much comment included the names in a conspiracy charge with Quay and Haywood all the state treasurers who have served since 1884 up to the time of the close of Haywood's term with the end of 1897. Those mentioned in this indictment are William Livezey, whose whereabouts are unknown, and who served three terms as treasurer; William B. Hart, Henry K. Boyer, at present superintendent of the mint; John W. Morrison and Samuel M. Jackson. This particular bill alleges that all those mentioned conspired with Quay. Haywood and Charles H. McKee on the 24th of March, 1898, unlawfully to use and did use to make profit, certain divers large sums of the money of the
