

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the California Fig Syrup Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the Cali-FORMIA FIG SYRUP Co, with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company -

### ANOTHER DAY OF GRACE

For the Spaniards in the Peace Negotiations.

ANSWER EXPECTED TOMORROW.

Spanlards May Try to Get a Higher Offer Than the \$20,000,000 Proposed by the Americans, But in This They Will Be Disappointed.

Paris, Nov. 22.-The United States peace commissioners have undoubtedly made their final proposition here. When the conference opened yesterday after-noon Judge Day, addressing Senor Montero Itios and his colleagues of the Spanish commission, recurred to the protracted negotiations and reaffirmed the desire of the American commisstoners to reach an amicable conclusion Then, handing the American presentation to the interpreter, Judge Day concluded his remarks by saying that the Americans, preferring not to break the armistice or to resume hostilities, had determined to present another and final proposition, which he hoped would lead to a speedy and amicable adjust-

That portion of the presentation setting forth the new proposal, the pro-posal that the United States must have possession of the entire Philippine archipelago, with a tender of \$20,000,-000 for a treaty cession of the islands, was then read. Without betraying their mental attitude the Spanish comners suggested an adjournment until Wednesday.

The new proposition, with its collat-erals, was embodied toward the end of the American memorandum, which filled 30 typewritten sheets. Only this part was read in the joint session, the memorandum being then delivered to the Spaniards for translation by their

Spain's proposition to invoke the offices of a third power to construe the words "control, disposition and government of the Philippines" was re-jected by the American commissioners on the ground that the diction of the third article of the protocol, dealing with the Philippines, is so broad and clear as to afford no justification for arbitration as between the parties to

An analysis of the American memorandum shows that all other suggestions and considerations in it hinge upon treaty cession, at the amount named by the United States, and within one week. In the event of cession Spain may enjoy for a term of 12 years rights of commerce in the Philippines equal to those of the United States. If the United States acquire the islands by conquest Spain may not enjoy such

Should Spain refuse cession she would remain liable for indemnity claims, national and individual, since the outbreak of the last Cuban insurrection. Should she refuse she would also lose, probably, as further indemnity for the expenses of conquest one of the Carolines, which she may not now sell, and other cable privileges within Spanish jurisdiction might be taken by the United States without any return to

Spain for them. Today the Spaniards doubtless do not know whether they will accept or reject the American terms. They are telegraphing the substance of American memorandum to Madrid, and they expect to reply at tomorrow's meeting. Possibly they may conculde that because one money offer is made another and a larger offer may fol-low pressure upon the American commissioners. But if this be their ex-pectation it will not be realized. The American terms, submitted almost at close of eight weeks of patient hearing and painstaking argument, are

## WHAT ONE WOMAN SAW

While Working Among the Soldiers at Camp Wikoff.

FURLOUGHED MEN WERE TOO ILL

Miss Chadwick Declares Soldiers Were Sent Away Who should Have Remained in the Hospital-Lawyer Parrich Says the President Made a Parade Inspection.

New York, Nov. 22.-Before the war investigating commission yesterday Major F. B. Ives, the chief surgeon of the Third division of the Fifth army corps, testified that the condition of the men in the Cuban campaign was as good as could be expected. Dr. Louis A. Stinson, of New York, told of unsanitary conditions at Camp Wi-koff. He also testified that soldiers had complained to him of having had nothing to cut for 24 hours. There was Croup, are not to be trifled with. A dose in enough food for well men, but the sick time of Shiloh's Cure will save you much were not provided for. He knew of 40 trouble, Sold by P. D. Kirlin and a guarmen in one regiment being put on milk diet when there was no milk in camp. Miss Julia Halsted Chadwick, one of the women who worked for the sick at Camp Wikoff, submitted a written statement of the condition she found there in the latter part of August and told of the distribution of food and

"Was it possible," ex-Governor Woodvisited it in August?"

"I think so. From warning given in the published accounts of the great suffering in Cuba the government might have been prepared for the mergency. Miss Chadwick went on to tell of

the inefficient supply of bed clothing and underclothes. She heard that there was plenty of both in store, but she knew the soldiers did not have them. Some of the men told her they tried to buy clothes, but they had no money. She said she did not know that soldiers could buy clothes without money, nor did she know that General Wheeler

I would ask them if there was not something we could do for them, and they always replied, 'Oh, we're all right. We'll get along all right. Don't trouble about us.' Still I knew those men really lacked necessaries, not to speak of comforts."

Miss Chadwick told of men too sick

to stand who left the hospitals at camp and were found delirious on the trains and at the railway stations. Asked by ex-Governor Woodbury if she knew of any man who was sent from the hospital except at his own request, Miss Chadwick said:

"I saw men sent from hospitals who were in no condition to make their desires known. I am very sure that at least seven-tenths of the sick who were furloughed were far too ill to move, and I met several men who had no homes who did not wish to leave the hospitals."

"Did you hear men say they were sent away against their will?" asked ex-Governor Woodbury.

"I heard men say 'It is a shame to send me away sick as I am. "But you did not hear them say they were sent away?"

"Ne, but surely that statement meant the same thing." Replying to a question as to the sym-

pathy that prevailed between officers and men. Miss Chadwick said: "Among the officers and men of the regular army I saw the most beautiful and noble devotion. looked as ill as any of his men came up our carriage and thanked us for our kindness to his men. 'You know,' he said, 'we regulars have no friends.' I replied that the whole nation were their friends, and he burst into tears

and walked away."

Parrich, a lawyer of this city, who spent the summer at South-ampton and visited Camp Wikoff several times, was the next witness. He lived in the Red Cross tent there and worked independently, doing what he could for the soldiers in camp. He was asked by General Beaver if there were any complaints. He answered:
"Indeed no. There never was a more

in two hours of his admission and an-

uncomplaining man than the American soldier. I saw disgraceful conditions but heard no complaints. If President McKinley had put himself in my hands I could have shown him some things that would have shocked him. He saw none of them, its was permitted to make only a parade inspection."

"All the trouble and suffering at the camp," Mr. Parrich declared in summing up his views, "was due to a lack of foresight and the neglect of some one, I cannot say who is responsible for the conditions that prevailed, but I can testify that very undesirable condi-

tions did prevail."
"Did you see any officer of the army or doctor neglecting his duty in any way?" asked General McCook. "General, that is a hard question, be-

cause it you had the power or pune ment for contempt I would have to answer, and that is the trouble with this commission—a man does not feel he is protected because everything he says is really volunteer testimony. I know a cose where I think a man was most improper man to have a responsi ble position, and yet I would not like to may so. There are hundreds of ufficers who would be delighted to tell you what they know if they could pro-

ct themselves after stating what they had to tell. You are the first man who has said that to this committee," exclaimed Dr Conter county, "that you decline to

After considerable discussion on thes lines the witness still continued to de-cline, which led General Beaver to say you who want to testify before a congressional committee, with a trip to Washington, you may not have an opter for you to testify before us now."

Filipluos' Claim For Damages, San Francisco, Nov. 22.—At the Pal-age hotel in this city are registered a number of very prominent Filipinos. They come direct from the city of Manlla, and are en route to Washington. The object of the visit to the United States just now is to present claims for damages before the prestbury asked, "for the camp to have been put in better shape by the time you claims for damages before the presi-dent and cabinet. The damages, the to the recent war with Spain, and an attempt will be made to show that valuable property owned by the Filipino was destroyed by the American troops

One of the most her-rible things about the nervous diseases to which women are peculiarly subject is the sense of overwhelming despain

which they bring upon the mind. A woman's mental condition is directly and powerfully affected by any ailment of the delicate, special organs of her sex. Such a difficulty not only racks her body with pain and suffering but burdens her with mental anguish which words can hardly describe.

Thousands of women have had a similar experience to that of Mrs. Eurath A. Williams, of Westport, Oldham Co., Ky., in which the use of Dr. Pierce's wonderful "Favorite Prescription," by imparting health and strength to the feminine organism, has not only restored complete vigor ism, has not only restored complete vigor and capacity to the bodily powers but has also given renewed brightness and buoy-ancy of spirit.

ancy of spirit.

"Lauffered for over a year," says Mrs. Williams,
"with indigestion and nervous prostration. I
was mable to eat or sleep. I tried several physicians, but they only helped me for a short time.
A friend advissed me to take IP. Pierce's Favorite
Prescription. Dr. Pierce's Golden Medical Discovery and "Pellets." I commenced taking the
medicines last May. Took three bottles of the
"Favorite Prescription." three of the 'Golden
Medical Discovery, and three visis of the 'Pellets,' and am now feeling better than I have for
two years. Have a good appetite, sleep well,
and do not suffer from indigestion or nervousness. I have gained seven and a half pounds
since taking these medicines. I have recommended Dr. Pierce's medicine to several ladies,
one of whom is now taking it and is being
greatly benefited."

first in the hearts of his countrymen." It is a great thing to be first. Nothing is of

more value to mankind and brings great-er happiness than a good remedy. Many things will relieve but the one that will

cure is best. Brazilian Balm is such a rem-edy. Tens of thousands have found that

it is the only thing that would cure Ca-tarrh and Asthma. For 15 yrs, it has nev-

er failed in a single case to cure Asthma, and its record has been as wonderful in

Catarrh, Cases that had, to all appearances, run into Consumption, or where the

nostrils were entirely stopped upor where the poisonous pus had eaten holes into

the throat an inch deep, or where the stomach had become ulcerated and raw

from swallowing the germ-laden matter, were all permanently cured. Such a rec-

ord, naknown to any other remedy, just-ly entitles the Brazilian Balm to the first place in the regard of the American peo-ple. There are 20,000,000 Catarrh victims and countless Asthma sufferers in this

country, all of whom can be cured with Brazilian Balm. A \$1.00 bottle of Brazil-

ian Balm contains a month's treatment for catarrh or asthma, and for 6 months

we will wrap with each \$1.00 bottle a month's treatment of Toxicola Tablets, free. Toxicola is the best tonic and nerve
