Poisoned Blood

Disagreeable Itching Spread All Over His Body - Sleep Disturbed -Hood's Sarsaparilla Drove Out the Poison and Cured.

"I have been poisoned every summer for years. Last summer the poison came out on me worse than ever before. I would frequently be awakened during the night by the itching. I would scratch myself, but instead of being relieved the trouble spread to different parts of my body. I tried various remedies which people recommended to me, but none of them ever helped me, I made up my mind the poison could not be cared until my blood was pure and then I decided to take Hood's Sarasparilla. While taking the first bottle I felt relieved from the itching. I kept on taking the medicine and it has entirely cured me. f am now on my fourth bottle and I can sleep soundly at night," WILLIAM RAN, 3126 Westmont Street, Philadelphia, Pa.

CUBANS GOVERN SANTIAGO.

Major McLeary Succeeded as Mayor by Senor Bacardi, an Old Resident. Santiago de Cuba. Nov. 26.—Some time ago Major M. McLeary, whom General Leonard Wood had appointed mayor of Santiago, requested to be re-lieved of his mayoralty duties and to return to his military post. This request was granted yesterday.

In the opinion of General Wood it is preferable to appoint to the mayor-

alty a civilian acceptable to the Cu-

McLeary's successor Senor Barcardi, an old resident. He is anxious to give

the mayor as much authority as is compatible with military jurisdiction. The new mayor will conform to General Wood's ideas, which are to give the Cubans every opportunity to show themselves capable of self government The first official act of Mayor Bacardi was to discharge the entire clerical force in the mayor's office and to em-ploy Cubans who had served in the war. He will shortly issue a manifesto to the effect that he intends encouraging the city's development and giving employment as far as conditions will permit to worthy persons. He will promise to look closely to the general interests of the community and will call upon all Cubans to obey the last and thus to promote the prosperity of the country and to insure the happi-ness of its people. General Wood has high hopes of this first attempt at civil government under Cuban control.

The regulation preventing the fore-closure of small mortgages, issued by General Wood a fortnight ago, has proved a great boon to those for whose relief it was intended.

General Wood has given his approva to a scheme for a school for the higher education of women similar to the American normal school.

Yesterday he issued a notice imposing a fine of \$1,000 upon any person promoting a bull fight and a fine of \$50 upon any promotor of a cock fight. In the case of a cock fight the fine will fall upon witnesses as well as upon promoters.
