Mr. Thomas Harkin, of 629 West Con street, breaker bass in the West Shenandoah colliery, says: "I have been troubled with my kidneys more than in any other way, though I have also suffered a great deal of lameness right over my hips and aching in my back especially when on my feet. I was told by an acquaintance, a farmer living up the valley, that he had been cured by using Doan's Kidney Pills, although he had been in the worst possible shape, and I know that he was worse than I over was. Well, I procured them at Kirlin's drug store and though I had paid a lot for doctor's prescriptions, nothing I ever had helped me like they did Doan's Kidney Pills removed all irregulari ties of the kidney secretions and did away with the dead tired feeling that had so bothered me. SAGASTA'S EMOTION

On Learning That the Peace Commissioners Had Agreed.

CARLIST UPRISING IMMINENT

The Spanish Government Has Ordered the Military and Civil Authorities to Maintain the Strictest Vigilance Over Telegraphs and Telephones.

Madrid, Nov. 39. - Senor Sagasta showed much emotion on learning that the Spanish commissioners in Paris had formally agreed to sign the treaty of peace on the American conditions, but he assured his friends that he was convinced he had adopted the best course In the interests of the country and the monarchy, adding that the news had lifted a great weight from the minds of the people.

The government, apprehensive as to the effects of signing the peace treaty. has ordered the military and civil au thorities to maintain the greatest vigilance over telegrams and telephones. A strict censorship of newspapers is continued throughout the country, and to articles alluding to the peace nego-

Unfavorable information had been received, even from official sources concerning the Carlist propaganda and preparations, which are decidedly assuming serious proportions. El Epoca says that Carlism is spreading, not only in Biscay, but in Guipuzcoa, a Basque province bordering on France, and in places hitherto tranquil. The Bilbao papers report official precautions there owing to the smuggling of muskets.

are openly offering in Madrid and else-where commissions for officers and daily pay at three pesetas for volunteers. There is much anxiety in finan-cial and political circles lest the Carlists seize the opportunity which is pre-sented by the profound disappointment of the country at the loss of the Phil ippines, after the government had un wisely led the nation to believe the

archipelago would be retained.

The Carlists do not conceal their intention to issue a manifesto, though the government has issued orders for the severe repressions of any disturb-ance. Many noted civil and military Carlist leaders have been abroad for some time, and there it no doubt the Carlists have collected funds in Spain, not abroad. Their propaganda in the army, however, has been unsuc-cessful, even among the discontented repatriated soldiers, who were expected to become willing recruits.

QUAY FILES DEMURRERS. Motion toQuash the Indictments Made

By His Counsel.
Philadelphia, Nov. 29.—The great
Quay conspiracy case came up in the court of quarter sessions yesterday and was argued for nearly three hours before Judge Finletter. Demurrers were filed by the defense to four of the five indictments, and a motion to quash the fifth was made. The latter was on the indictment in which the Haywood letter to the People's bank figured, nolifying the bank that he would, as state until today, Judge Finletter reserving Philadelphia.

The chief point in the argument for the defense appeared to be that when state money was deposited in a bank it ceased to be state money and became the personal property of the bank. It was admitted that the funds were deposited in the People's bank as all auspices of the Lost Creek leged, but it was contended that if a burglar had stolen that money he Dec. 16th.—Entertains would be would have taken the bank's money and not that of the state. This simile was used to prove that if the defendants borrowed the money they

secured the bank's money and not the The defendants, United States Senator Quay, Richard R. Quay and former State Treasurer B. J. Haywood, are charged with conspiracy to misuse the funds of the state, together with the late John S. Hopkins, cashier of the People's bank, who killed himself last March, and, with other persons, including in one Indictment all the treasurers of Pennsylvania from 1884 to

MAKES CHILDREN WELL.

Dr. Greene's Nervura the Best Medicine in the World for Children.

It Gives them Strong Nerves, Pure Blood, Vigorous Bodies: in Fact, It is the Great Health-Giver to Sick, Weak, Nervous, Pale, Puny Children.

The greatest duty parents owe to their children is to keep them in good health. With sound health children will grow up able to fight and win all the battles of life; with sickness and ill-health dragging them down they never can succeed. If your child is nervous, fidgety, fretful and irritable, tosses and talks in sleep, with irregular appetite, poor blood, pale face, humors and cruptions; if it does not grow and develop well; if languid, apathetic and not inclined to activity and play, you owe it to the future of such child to restore it at once to health and strength by giving it the greatest and best of children's medicines Dr. Greene's Nervura blood and

nerve remedy. This perfectly harmless but wonderfully effective restorer of health and strength will give your child strong,
vigorous nerves, pure, rich
blood and that hounding health and vitality which all children should have. Under its building-up and revitalizing effects you can see your child grow better day by day.

Mrs. Homer Lard, 215 Allen
St., Springfield, Mass., says:

"About two years ago my daughter became so nervous it I had to take her out of achool. Her condition caused grave apprehen-sion. She lost in flesh; was possessed with a nervous thirst and clutched her hands with the grip of she was

sleep herself, but her restlessness would keep the other members of our family awake. She grew worse rapidly. Remembering that I had read of some wonderful cures made by Dr. Greene's Nervura blood and nerve remedy, I decided to try it. I must say that the effect was magical, and the results were apparent after the first bottle had been partly used. My daughter slept that night for the first time in months, and you can believe that to us it was like a ray of sunshine from a cloudy sky. Her condition Improved steadily and she was able to resume her studies. Since taking Dr. Greene's

Mervara her nervousness has been so greatly dispelled that she has grown considerably and regained the flesh she had lost."

You can, if you desire, consult Dr. Greene, the most successful physician in curing children's complaints, without charge, about your child, either personally at his office, 35 West 14th St., New York City, or by writing to him. Give your child this grand remedy at once and write to Dr. Greene for any advice you may need.

THE PORTLAND LOST.

Went Down Off New England's Coast With Over 100 Souls.

THE DEATH LIST INCREASING.

ProbablyTwo HundredWere Drowned During the Recent Terrific Storm. A Relief That the Gate City, of the Savannah Line, Has Also Gone Down

Boston, Nov. 30.-The passing hours do not bring an end to the reports of wrecks and loss of life up and down one as New England never had before. From Cape Cod the most terrible accounts of ruin and death are coming. and of these the loss of the steamer Portland, a side-wheeler plying between Boston and Portland, with all on board, nearly 100 souls, overshadows all. The graveyard of the coast, the treacherous bars and rips on the outside of Cape Cod, have claimed vic tims without number. Miles and miles of coast line are piled high with wreck age, most of which is ground so fine by the waves that identification of hap

es craft is impossible. As the fury of the wind was grea on the bleak sandhills which make up the cape it will be many hours before all places are heard from. Telegraph wires are down, and railroads cannot break out the snowdrifts, and this feature is distressing, as much suffering from cold and hunger must ensu rom the poor people in the nearby dis tricts.

The only means of reaching Cape Coo is by steamer across Massachusetts bay, a disagreeable voyage, as the sea is yet boisterous. Word from Provincetown tells of nearly 30 total wrecks with the number of lives lost unknown Matters are improving slightly along Vineyard Sound, so far as means of communication is concerned. The bessumming up of the disasters in tha section is made by Captain Hard, Jr. of the revenue cutter Dexter, who has cruised along shore. He says that in Vineyard Haven many hulls are piles upon the shore, and those vessels which are affoat seem mere shells. The Dex-ter reports possible additions to the wreck list of two schooners sunk off Menemisha Bight and two big ones sunk abreast of Presque Isle. The fate of their crews is unknown. Three wrecking steamers are around the Fairfax ashore on Sow and Pigs Reef. The Portland was totally wrecked as

o'clock Sunday morning off High land Light, and the entire crew and passengers perished within a short dis-tance of land. A large quantity of wreckage, including trunks and other material, have come ashore, and 50 bodies have been recovered from the surf by the life saving crew at High Head station. One body was that of a

The New England coast is strewn with the wrecks of sailing vessels, as many as 225 having been blown on the rocks and sands by the flerce gale Nearly all of them will prove to be total losses, and there has been an ac-companying great loss of life. In al it is believed that 200 lives have been lost by shipwreck and there have been many deaths from cold and exposure The damage to business interests is estimated at from \$3,000,000 to \$10,000,-000. Eighty buildings have been blown

The arrival in this city from Cap-Cod last night of a party of hunters has added to the excitement attendant upon the report that the steamer Portland has been wrecked on Cape Cod through their reporting that it is the belief of the life savers on the outer side of the cape, south of Nauset light that a Savannah line steamer had struck on Peaked Hill bars. Each member of the party saw bodies washed ashore at Nauset, and the life savers simed to have seen a board in the surf bearing the name "Gate City." The surf is full of articles from a vessel's general cargo.

The Wreck of the Addle Sawyer, Vineyard Haven, Mass., Nov. Three lives were lost in the wreck of the schooner Addie Sawyer, which was wrecked on the north side of the isl and. The dead are Captain Norwood Cook Ansevoy and Seaman Leande Ashley. Mate Warren Dudley and Sea man Herbert Tapley were saved. From the majority of these the crews were saved, although several lives were lost. Four or five of the wrecks were coasters and the rest were fishermen. During the storm shipping was destroyed, the beach was strewn with wreckage, streets were flooded and wharves drifted out to sea. Four ice houses and a lobster hatchery situated at Beach Point were destroyed

The Gale at Block Island. Providence, R. L. Nov. 30.—The gale at Block Island was the worst ever The wind blew 90 miles an hour whe the recording instrument became disar ranged. The force of the gale seemed increase after that. Fourteen craft went ashore in the harbor, and many wrecked fishermen took refuge in the life saving station. Charles Shaw, of Fair Haven, was drowned in the cabin of the sloop Carrie. Several hotels were wholly or partially unroofed.

The Stranded Steamer Fairfax. New Bedford, Mass., Nov. 30,-The first boat from Cuttybunk since Saturday brought word yesterday that 11 schooners went ashore there during the blow and were wrecked, and that three wrecking steamers are at the scene of the stranded steamer Fairfax, of the Merchants' and Miners' Transportation company, ashore on Sow and Pigs Reef, off Cuttybunk. The Fairfax lies on an even keel and the sea was comparative-ly smooth. No efforts are being made to get her off.

disturbed sleep, nervousness, headache, giddiness and drowsiness, wind and pain or fullness of the stomach after meals, cold chills and flushings of heat, shortness of breath—these are the blank cheques of physical bankruptey. Take them to a physician and he will fill them up with the name of some more or less serious disease. Every time that you carry one of them to him you draw out some of your funds in the Hank of Health. Reep it up, and there will soon be no funds in the treasury.

The man who suffers from these disorders and neglects them will soon be in the releutless grasp of some fatal disease. If he is naturally narrow chested and shallow lunged, it will probably be consumption; if his father or mother died of paralysis or some nervous trouble, it will probably be nervous exhaustion or prostration, or even insanity; if there is a taint in the family blood, it will be blood or skin disease, if he lives in a new or a low, swampy country, it will be malaria; if he lives a life of exposure, it may be theu matism. There is just one safe course for a man to follow who finds himself out of sorts and suffering from the symptoms described. It is to resort to Dr. Pierce's Golden Medical Discovery. This medicine makes the appetite keen, corrects all disorders of the digestion, renders assimilation perfect, invigorates the liver, putifies and enriches the blood and builds firm healthy flesh and nerve tissue. It cures almost all diseases that result from insufficient or improper nourishment of the brain and nerves. Bronchish throat, and ficient or improper nourishment of the brain and nerves.
