JUR COUNTRY: First, Last and Forever.

An exchange speaks of Spain's bookkeeping. An inspection would show few entries on the debit side of the ledger.

This country is the richest on earth, and it is doing the biggest business of any nation and in every way its leadership is increasing.

When a man dies and provides in his will that his wife shall not marry again, it is inferred, and justly so, that the deceased is a hog.

The Democrats in New York city are economizing by cutting down the school appropriations, while in Missouri they take it out of the National Guard.

The members of the legislature from Bradford county refused to sign a pledge to support Senator Quay. How many in Schuylkill have signed a similar document?

It is said the President's forthcoming message, to be submitted to Congress next Monday, will be double the length of any previous message sent to that body.

A FIBER SILVER PAPER fears that one more good crop in this country will ruin the remaining prospects of free coinage. It still has a lingering hope that the worst will not happen.

While the percentage of wages is not what is desired by the mine employees, the latter have at least the satisfaction of knowing it is not less than last month, eight per cent. below the basis.

The trial of Senator Quay will be called on the 13th inst., and the District Attorney will have the satisfaction of playing a prominent part in this "political drama" before he retires from office. What about the under-strappers?

GENERAL HERRITT, like Admiral Dewey, says keeping all the Philippines is a necessity of the situation. Their judgment as practical observers on the ground is better than that of the chronic newspaper growler.

The fact that all the undisputed claims against the People's Bank in Philadelphia, which failed, have been paid is due to the honesty of its president, James McManes. At least one Philadelphia politician values his good name.

RUSSIA has just ordered a large invoice of windmills from a Boston firm. We would suggest the Car try the Schuylkill variety next time. Since the election we have a large surplus on hand which will be disposed of at bargain prices.

HON. JOHN FOW has sent out a circular letter to the Democratic members of the coming legislature, asking them to meet in Harrisburg December 14, for the purpose of making each other's acquaintance and formulating a plan of action. Mr. Fow is probably looking for a snug berth.

The change in the attitude of the different parts of the country to the Fourth of July, Thanksgiving Day and Christmas is an interesting subject in social and political evolution. It is apparent that the celebration of Thanksgiving Day this year was more general than it ever was before in all the country's history. It was observed in the South as well as the North, in the West as well as the East. In the beginning this was an exclusively New England festival.

The alleged movement among Washington society women for reform that will give them more sleep is attracting some attention, but it is, after all, a matter which does not concern anybody but themselves. If any of them object to "turning night into day" or "day into night" there is nothing to prevent them from having their own way about it. "Dancing and eating all night and sleeping all day," as one society woman says, "is destructive of health." But, happily, none are compelled to thus sacrifice themselves. It is a matter of personal choice.

Whole Family Burned to Death. Perry O. T. Dec. 2.—The home of Hiram Higgins, a farmer, living seven miles southeast of here, caught fire yesterday morning, and Higgins, his wife and three children were burned to death.

PECULIAR POISONS.

GENERATED IN THE HUMAN BODY.

The Result of Imperfect Digestion of Food.

Every living thing, plant or animal, contains within itself the germs of certain decay and death. In the human body these germs of disease and death (called by scientists poisons), are usually the result of imperfect digestion of food: the result of indigestion or dyspepsia.

The stomach, from abuse, weakness, does not promptly and thoroughly digest the food. The result is a heavy, sodden mass which ferments (the first process of decay) poisoning the blood, making it thin, weak and lacking in red corpuscles; poisoning the brain causing headaches and pain in the eyes.

Had digestion irritated the heart, causing palpitation and finally bringing on disease of this very important organ.

Poor digestion poisons the kidneys, causing Bright's disease and diabetes.

And this is so because every organ, every nerve depends upon the stomach alone for nourishment and renewal, and weak digestion shows itself not only in loss of appetite and flesh, but in weak nerves and finally complete exhaustion.

The great English scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and peptic products; the most essential remedy in all cases of indigestion, is to take after each meal one or two of Stuart's Dyspepsia Tablets, because they supply in a pleasant, harmless form all the elements that weak stomachs lack.

The regular use of Stuart's Dyspepsia Tablets will cure every form of stomach trouble except cancer of the stomach.

They increase flesh, insure pure blood, strong nerves, a bright eye and clear complexion, because all these result only from wholesome food well digested.

Nearly all druggists sell Stuart's Dyspepsia Tablets at 50 cents full sized package or by mail by enclosing price to Stuart Co., Marshall, Mich., but ask your druggist first.

SHAFTER DISPUTES SAMPSON.

Invited the Admiral to Be Represented at Santiago's Surrender.

New York, Dec. 2.—General W. R. Shafter was shown a copy of Admiral Sampson's report on the operations of the United States fleet at Santiago after the destruction of the Spanish squadron, in which the admiral denounced as false the suggestion, which he attributed to General Shafter, that the navy was unwilling to co-operate in forcing an entrance to the harbor, and intimated that the services of the navy were not properly recognized by the commander of the land forces.

General Shafter did not conceal the fact that Admiral Sampson's criticism of the navy was unfounded. He intimated that the services of the navy were not properly recognized by the commander of the land forces.

This controversy has been fought over before," he said. "The records speak for themselves. My letters and dispatches to Admiral Sampson as given in his report tell the story. I have nothing to add to them."

The general went over the newspaper accounts of the admiral's report and pointed out that the correspondence which showed that he had requested Admiral Sampson to send a representative to the ceremonies of the surrender of Santiago, and that he did not sign the terms of surrender himself. "As I did not sign them I cannot be held responsible for them," Admiral Sampson to do so," he said.

Constructor Hanson's Court Martial. Philadelphia, Dec. 2.—The second day of the trial by court martial of Naval Constructor Hanson on charges of robbing out of the discovery of padded payrolls of the workmen at League Island navy yard was devoted entirely to the examination of two witnesses, former Chief Clerk Troop and Commandant Silas Casey. Chief Clerk Troop told the court that Mr. Hanson's attention was first drawn to the incorrect payrolls in July. He found workmen had been receiving two hours more pay each day than they earned. Mr. Hanson immediately sent for the forges and instructed the witness to make the correction in the rolls and deduct the extra two hours for the past two weeks' pay.

MRS. LUCY GOODWIN

Suffered four years with female troubles. She now writes to Mrs. Pinkham of her complete recovery. Read her letter:

DEAR MRS. PINKHAM:—I wish you to publish what Lydia E. Pinkham's Vegetable Compound, Sanative Wash and Liver Pills have done for me.

I suffered for four years with womb trouble. My doctor said I had falling of the womb. I also suffered with nervous prostration, faint, all-gone feelings, palpitation of the heart, bearing-down sensation and painful menstruation. I could not stand but a few minutes at a time.

When I commenced taking your medicine I could not sit up half a day, but before I had used half a bottle I was up and helped about my work.

I have taken three bottles of Lydia E. Pinkham's Vegetable Compound and used one package of Sanative Wash, and am cured of all my troubles. I feel like a new woman. I can do all kinds of housework and feel stronger than I ever did in my life. I now weigh 131 1/2 pounds. Before using your medicine I weighed only 108 pounds.

Surely it is the grandest medicine for weak women that ever was, and my advice to all who are suffering from any female trouble is to try it at once and be well. Your medicine has proven a blessing to me, and I cannot praise it enough.—Mrs. Lucy Goodwin, Holly, W. Va.

MINISTER WU'S APPEAL. Against Enforcement of Chinese Exclusion Law in the Philippines. Washington, Dec. 2.—The Star prints an interview with Mr. Wu Ting Fang, the Chinese minister, concerning the probability of the enforcement of the Chinese exclusion law in the Philippines when the islands shall come under the control of the United States.

"I wish to appeal to the American people not to enforce the Chinese exclusion law in those islands. By doing so a great injustice will be done my countrymen, and the many opportuni-

A Point Against the Magovans. Cleveland, Dec. 2.—John A. Barnes yesterday won an important point in the Barnes-Magowan litigation for the possession of the child Edith Beryl Barnes, recently kidnaped. Judge Ong dissolved the injunction restraining Barnes from interfering with Mrs. Barnes-Magowan in the possession of the child. The judge said it was necessary to dissolve the injunction in order to give Barnes standing in the Erie courts, where the battle for the possession of the child started. It is claimed by the Magovans that when the Oklahoma act granting the Barnes divorce was passed Mrs. Barnes-Magowan gave the custody of the child, and that, therefore, the subsequent appointment of a guardian by the Cleveland court was void.

Commodore Mayo Divorced. Fargo, N. D., Dec. 2.—Commodore W. K. Mayo, on the retired list of the United States navy, was granted a divorce yesterday. On Dec. 8, 1892, the commodore was married to Jennie Eiton Stevens, at Waterbury, Conn. The commodore was about 63 years old at the time of his marriage, while the bride was 30. After six weeks of marriage life Mrs. Mayo returned to her home. Commodore Mayo is said to be a millionaire, and comes of an old Virginia family.

THE FIGHT TO SAVE CLIFFORD.

Counsel Claim Acting Governor Watkins' Death Warrant is Illegal.

Trenton, Dec. 2.—Another move was made yesterday by counsel for Edward Clifford to save him from suffering the death penalty for the killing of Superintendent Watson of the West Shore railroad. Clifford was convicted in the Hudson county court, and his case has been carried through the higher courts of the state and to the supreme court of the United States. Acting Governor Watkins a few days ago issued a death warrant for the execution of Clifford on Jan. 6 next. Clifford's counsel yesterday took out a writ of certiorari and raised the question as to the right of Speaker Watkins to exercise the powers and privileges of the position of acting governor. It is held by Clifford's counsel that Foster M. Voorhees is still the legal acting governor, notwithstanding that he resigned as senator from Union county.

Mr. Voorhees was president of the senate, and by reason of that was acting governor. Mr. Watkins, a speaker of the house, succeeded him. The point is made that the position of acting governor devolved upon President of the Senate Voorhees as an individual, and not upon him as an official, and that he should continue to fill the position of acting governor until the election by the people of a successor.

Sage's Appeal Against a Judgment. Albany, N. Y., Dec. 2.—Arguments were begun in the court of appeals yesterday afternoon in the appeal of Russell Sage from the judgment of \$43,104 rendered against him in the action brought by William R. Laidlaw, Jr. for injuries received by him during the dynamite explosion in Sage's office in 1891. In which Laidlaw alleges that Sage shielded himself by drawing him (Laidlaw) in front of him when the explosion of the dynamite bomb occurred. This case has been tried four different times, and has been before the court of appeals once before.

Germany Wants the Caroline Islands. Berlin, Dec. 2.—A German government official, in an interview with a press correspondent here, confirms the report that Germany is negotiating the purchase of the Caroline, Marshall and Phoenix Islands for \$10,000,000 francs for terms, which Germany considers excessive. Germany also makes the proviso that the negotiations shall be contingent upon no international complications arising, especially with the United States.

"Cure the cough and save the life." Dr. Wood's Norway Pine Syrup cures coughs and colds, down to the very verge of consumption.

Insane Mother Killed Two Children. Peabody, Mass., Dec. 2.—Mrs. R. Hurley, a graduate, murdered two of her children yesterday. She struck her 12-year-old daughter Mary with a piece of crockery, heating her over the head until the child was killed. A son, 7 years old, was also beaten in the same manner, and was found unconscious in his mother's kitchen. Mrs. Hurley has been in the Danvers insane asylum, and there it little doubt that she is crazy.

General Wood Opposes Exhumations. Washington, Dec. 2.—General Wood, commanding at Santiago, has recommended to the officials here that no more bodies of soldiers buried in his district be moved to the United States for exhumation. The dry season then will have been far advanced. General Wood says the removal of bodies causes great alarm at Santiago. There are about 700 which may be taken away if the authorities here grant permission.

Death of a Noted Shipbuilder. Wilmington, Del., Dec. 2.—John Taylor Gause, president of the Harlan & Hollingsworth company, died yesterday of pneumonia. He has been ill for some time from a complication of diseases.

Andrew Searching Party Wrecked. London, Dec. 2.—A special dispatch from Yenisick, on the River Yenisei, in Eastern Siberia, announces the arrival at the mouth of the Yenisei of an expedition that had gone in search of Herr Andre, the aeronaut, who ascended in his balloon in July of last year from Spitzbergen, with the intention of crossing the Polar region in search of the North Pole. The expedition was wrecked while crossing from the Delta of the River Lena to the River Olenek.

City Charged With Repudiation. Paducah, Ky., Dec. 2.—The city of Paducah, by a resolution of the city council, failed and refused to pay the interest due yesterday on \$100,000 of the Chicago, St. Louis and Paducah rail road bonds. The Commercial club held a meeting here last night denouncing the action of the city council in what is considered repudiation on account of a technicality in the law.

Spantards Pushing Evacuation. Havana, Dec. 2.—It is now believed, judging from the rapidity with which the Spaniards are pushing the evacuation, that the province of Havana will be turned over to the Americans on or before Dec. 24, and that by Christmas day Old Glory will be floating over Morro Castle.

Football Player Killed. Athens, O., Dec. 2.—Ralph A. Obelenz died yesterday from injuries received in playing football two weeks ago. He was the quarterback on the eleven of Ohio university. He suffered from a head collision.

Catarrh is Not Incurable. But it can not be cured by sprays, washes and inhaled mixtures which reach only the surface. The disease is in the blood, and can only be reached through the blood. S. S. S. is the only remedy which can have any effect upon Catarrh; it cures the disease permanently and forever rids the system of every trace of the vile complaint.

S. S. S. For Blood. will prove it to be the right remedy for Catarrh. It will cure the most obstinate case.
