COUNTY SEAT NEWS.

The Treasury is Empty and the Officials Receive no Pay.
Pottsville, Dec. 2.—Yesterday was pay day at the county house, but there was not sufficient funds in the treasury to meet the current expenses of the county, and a consequence many of the officials and clerks did not receive their monthly stipend. The clerks in those offices whose receipts for the month covered the amount of their salaries were paid. The Commissioners recently liquidated a loan of \$10,000 and this emptied the treasury. To meet current expenses the Commissioners must make a temporary loan and they have been advised to do so by the Controller.

One of the most interesting cases tried during the present term of civil court was held before Judge Lyons yesterday afternoon. It was a suit brought by William Wilhelm, Esq., over a year ago, against the Pottsville Electric Railway Co., for \$2,000 as professional services in securing the right of way through Schuykill Haven, Minersville, St. Clair and other towns. There are a large number of witnesses. All of yesterday afternoon was taken up stating legal points, and the case is being fought inch by inch. John O. Ulrich is counsel for Wilhelm, while the company is represented by Guy E. Farquhar. The company made an offer for settlement, but it was refused by Wilhelm.

The case of McMillan & Wildwood Manufacturing Company vs. William K. Boltz and William Senator, trading as Boltz and Sausser, was brought to trial by agreement.

A verdict of \$100.00 was awarded to the Pottsville Lumber Company against George M. Knott.

The jury in the case of the Kellner Piano Co. vs. Lavina Walters rendered a verdict for \$17.18. This included interest on the original price of the instrument, which was \$20.

Notwithstanding rumors to the contrary there will be no appointment of Commissioner for at least a week or two. The delay is said to be owing to the illness of Judge Pennington. The impression seems to be general that either Judge Pennington or Judge Williams will receive the plum, although the other candidates are urging their claims and some of them are confident of success.

Rumor has it that Thomas O'Connor, the ex-Postmaster at Mahanoy City, and James Fallon, of Cass township, will be assistants to the Controller, and the ex-Judge of the Peace Gerhart will also grace a desk in that office. The Chronicle is authority for the statement that Poor Directors Hogan and Walborn have divided the appointments, and that the former will name the controller and the latter the assistantship will go to Walborn, the other appointments to be equally divided. Martin Pegley, of Brunswick, is said to be slated for the stewardship and M. J. Murphy, of Mahanoy City, ex-Deputy Recorder, for the clerkship, and Dr. Blicher, of Girardville, for physician. The latter is a brother of Cornerstone Blicher of Frackville.

Speaking of appointments brings to mind the authenticated statement that the Taxpayers Association will recommend to the Salary Board a reduction in the clerical force at the court house and Almshouse. The Salary Board comprises the County Commissioners and the Controller, and before they meet the third Commissioner will be appointed. The Taxpayers Association contends that there are too many clerks in the office of the District Attorney, Register, Controller, Treasurer, Clerk of the Court and Commissioners, and that the pruning knife should also be applied at the Almshouse. As to what action the Salary Board will take is problematical, although it is hinted that so long as the Commissioners are concerned they will likely act favorably upon the recommendation. Controller-elect Muldown will sit as a member of the Salary Board. The clerks in the offices affected are naturally on the ragged edge.

Collections for the Pope.
Archbishop Ryan has issued a letter to rectors of all the Catholic churches in this diocese, in which he says: "As you and your people are aware, the Third Plenary Council of Baltimore directed that an annual collection be taken in all the churches of the country for the proper support of our Holy Father the Pope, and in order to help meet the great expenses of the administration of the Universal Church. The pressing need of a treasury for the work of this diocese obliges us to postpone this collection until the present time. But now we should be more generous in our offerings, and should express by this generosity our fraternal sympathy with the Pontiff in his present trials."

Ayer's Sarsaparilla

What does A stand for? When your friend suggests that your blood needs a Sarsaparilla treatment, remember that A stands for AYER'S. The first letter in the alphabet stands for the first of Sarsaparillas; first in origin, first in record, first in the favor of the family. For nearly half a century

has been curing all forms of blood diseases—scrofula, eczema, tetter, rheumatism, erysipelas, blood poisoning, etc. There's a book about these cures—"Ayer's Curebook, a story of cures told by the cured," which is sent free on request, by Dr. J. C. Ayer, Lowell, Mass. The book will interest you if you are sick or weak, because it tells not what it is claimed the remedy will do, but what your neighbors and fellows testify that it has done. Will it cure you? It has cured thousands like you. Why not you?

Burglary in Plymouth.
Plymouth, Pa., Dec. 2.—A bold burglary was committed here shortly before 5 o'clock in the morning. Five men entered the bank store of L. L. Davenport, which is situated on the main street of the town. They effected an entrance by cutting a panel out of the door. Once inside the robbers lost no time in blowing open the safe with a heavy charge of dynamite. The safe had previously been wrapped in blankets. A. E. Williams, an undertaker, who lives nearby, heard the report of the explosion. He raised his bedroom window and gave the alarm. A bullet whizzed past him. He put the window down in a hurry. The shot was fired by a man who was stationed on the outside to watch. After securing everything of value in the safe, the robbers made their escape with \$70 in cash, \$100 in express orders and \$150 in jewelry.

Ten thousand demons jostling away at one's vitals could not be much worse than the tortures of itching piles. Yet there's a cure. Dan's Ointment never fails.

A Mammoth Coal Deal.
Dubois, Pa., Dec. 2.—The consummation of what is without doubt the largest coal deal ever made in this section of the bituminous coal regions was effected yesterday. The Northwestern Mining and Exchange company, which has been operating for the past quarter of a century in Elk county, is the purchasing party, and the deal places them on an equal footing, so far as holdings are concerned, with the Rochester and Pittsburgh and the Ironing-White companies. The tract acquired by the Northwestern adjoins and lies directly south of their place in Jefferson and Clearfield counties and comprises over 7,000 acres of the finest bituminous coal lands in the section. The transaction led to the investment of many millions in this section.

THE BOROUGH COUNCIL.

Only Routine Business Transacted at Last Night's Meeting.
A regular meeting of the Borough Council was held last night with the following members in attendance: Messrs. McGuire, Straight, James, Newlander, Murphy, Shoemaker, Bell, Harkin, Brennan, Hand, Lally, Cookley.

Mr. Harkin stated that a crossing was needed at the corner of Chestnut and West Centre streets. Chairman McGuire stated that it was unnecessary to lay crossings at this season of the year.

The Finance committee reported that it had drawn the bonds to be refunded as follows: Thirty-one \$100 bonds, three \$500 bonds and two \$800 bonds.

Mr. James moved that after receiving a statement from the secretary as to the balances due, the Borough Solicitor proceed to collect the taxes from the Scotch Mill, Traction and Lakeside Electric Railway Companies.

The fire apparatus committee reported that the fire plugs had been examined. In this connection Fire Marshal P. J. Reynolds' report was read. It stated that the fire plugs at the corner of Coat and Walnut streets and East Centre street, at Indian Ridge colliery, are leaking; the one at the corner of Centre and Catherine streets is blocked; and the plugs at the corners of Emeric and Lloyd streets, Centre and Bridge and Oak and White streets have no pressure. There are 50 plugs on the borough water lines and 18 on the old lines, a total of 68.

The question as to who should attend the Sheriff's sale of Tax Collector M. J. Scanlan's store, under the execution of the Borough of Mahanoy, was again brought up. Borough Solicitor Harkin said he would not bid at the sale for Council unless he received special instructions in the matter, or should be accompanied by a committee similarly instructed. He said he did not wish to run the risk of being charged with bidding two or three times the value of the stock and adding it to Council.

Upon motion of Mr. Lally the matter was left in the hands of the law committee and Borough Solicitor, with full power to act.

Chief Burgess Tabar brought to the attention of Council the necessity of the adoption of an ordinance governing balls and similar gatherings, such as is in force at Ashland and other towns. The matter was referred to the Ordinance committee, with instructions to report at the next meeting, as to whether or not such an ordinance is deemed necessary.

Bids for the painting of the borough building roof and bell tower were presented from Messrs. Francis Deegan, T. W. Coyle and P. J. Deady, and referred back to the bidders, with instructions that they bid at the painting of each of the roofs, and also the painting of the tower.

Orders were given that tin cups be provided for use in the lockup.

An order was granted on the Borough Treasury amounting to the money received from the tax on foreign insurance companies to the treasurer of the Firemen's Association of the borough.

Owing to the low tide condition of the borough treasury all bills except those for current printing and labor were laid over until the next meeting.

On motion of Mr. Harkin a bill of J. J. Coakley for \$100 for extra services as secretary of Council was granted. Messrs. McGuire, Straight and James asked to be recorded in the negative and strongly opposed the bill. On a division the bill was defeated.

A bill from the Western Union Telegraph Company for sending telegrams to various parts of the county for the arrest of Bialecki, the murderer of Considine Dando, was referred to the Borough Solicitor, with instructions to collect the amount from the County Commissioners. The amount of the bill was \$26.71.

The report of the Chief of Police for the month of November showed that there were three arrests during the month. Two paid fines and one served time. Lookings were made for three persons. Chief Burgess Tabar collected \$2 of the fines and Justice Toomey collected \$2.

Borough Treasurer Mulhally presented the following report: Balance on hand at the last report, \$755.81; M. J. Scanlan, collector, \$200; Chief Burgess, \$100; Water Superintendent, \$1,525; Total receipts, \$1,680.81. Total disbursements, \$1,390.00. Balance on hand, \$1,189.06.

The report of the Chief Burgess showed that during the month of November he collected \$32.50 in theatrical license and \$4 for fines on arrests, a total of \$36.50.

A Townsman's Death at the Almshouse Causes Investigation.
A telephone message to the HERALD from the almshouse at Schuylkill Haven this morning stated that Joseph Pavlec, a resident of the town, died at the institution last night. The message added that the man arrived at the place in an unconscious condition yesterday afternoon, having been committed by Justice Shoemaker. The message concluded with a request that the Deputy Coroner be notified to make an investigation, as it was thought there were suspicious circumstances in the case.

Pursuant to the request Deputy Coroner Manley inquired into the case. Justice Shoemaker stated that upon the affliction of the boarding boss, Marjory Latkewicz, Joseph Pavlec was committed to the almshouse as a confirmed invalid; that the patient suffered from St. Anthony's dance, and injured his head some time ago by a fall caused by one of the spasms. Pavlec was 55 years old and unmarried. There are no friends here who will receive the body and interment will be made in the pauper's burial plot at the almshouse.
