THIEVES FALL OUT.

As a Result Three Slick Swindlers Are Behind the Bars.

DEALT IN BOGUS REAL ESTATE.

One of the Gang Ran Away With the Wife of His Pal—Her Husband, For Revenge, Had the Elopement Arrested on a Criminal Charge.

New York, Dec. 3.—George S. Martin, Charles S. Grillo and W. S. Cutler, who are said to be members of the Worthington gang, one of the most notorious ranges of real estate swindlers in the country, were arrested yesterday and locked up in the Tombs on charges of swindling. The police have been after them for over a year. Each of the men has a long list of aliases, and is known by one name or another in nearly every part of the Union.

A few days ago the police received word that Martin, who is under indictment by the grand jury here under the name of George H. Thomas, was in New York. Martin was arrested, and in turn he gave information to the police that led to the arrest of Grillo and Cutler. All are under indictment by the grand jury.

The Worthington gang was run by Henry and John Worthington, who had offices at 18 Wall street. They did business extensively in fictitious real estate deals by the aid of bogus checks. They were convicted of conspiracy in February last and sent to Elmira and Sing Sing prisons.

About two years ago, the police say, Martin and Grillo swindled Miss Ruth Frost, of Montana, out of her farm. Eventually she married Grillo and went to Philadelphia. After a time she fell in love with Martin, and while her husband was on a trip to Washington she eloped with Martin to Butte, Mont. Some weeks ago Martin came to New York with the former Mrs. Grillo, and her husband, learning of this and in the way of revenge, notified the police. Martin is under indictment on a charge of having swindled Patrick Monroe, of Jersey City, out of \$300, and was arrested on that charge.

Grillo is under indictment on a charge of having conspired to swindle Mrs. Mary E. Smith, of Washington, D. C., of \$25,000 last. He is also under indictment in this city charged with having sold one-half interest in the Manhattan Realty company, a fictitious company, to four persons within two days, and it is for this indictment that he was arrested by the police in Philadelphia, at the instance of the New York police authorities. Cutler was arrested in Philadelphia about the same time.

It is said also by the police that the prisoners, together with other members of the gang to which it is alleged they belong, secured control of some land in western Missouri, which they mortgaged many times to each other, using the mortgages as securities in their real estate transactions.

The latest development in the case, and the one which brought the facts to light, occurred in the Centre street police court yesterday afternoon, when Grillo had Martin arraigned on the charge of forgery. Grillo charged that Martin had forged the name of "George S. King," by which Grillo was known, to a deed for land in western Missouri valued at \$5,000. Martin was held in \$2,000 bail for trial on this charge. He is also, together with Grillo and Cutler, held in \$2,000 bail on the other charge.

There is more Catarrh in this section of the country than at all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it inoperable. Science has proven otherwise to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 19 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Sent for circulars and testimonials. Address, F. J. PEACEFUL AGUINALDO.

No Fear That He Will Assume an Aggressive Attitude.

THE NEWSPAPERS BELLIGERENT.

One Declares "The Filipinos Will Shed Their Blood in Torments Before Bowing to Foreign Domination." Yet Declares Friendship for Americans.

Manila, Dec. 3.—Owing to the fact that the result of the Paris conference has long been anticipated here, the agreement of Spain to cede the Philippine Islands to the United States created no excitement. The Americans made no demonstration, commercial circles were relieved, the Spaniards were indifferent and some of the American volunteers were disgusted at the prospect of being detained here, now that the fighting is finished.

Aguinaldo is certain to assume a conciliatory attitude, because his position is daily becoming more untenable. His rival intrigues are becoming unprofitable, especially since funds have run short and the outlying provinces have become disaffected. Although never much more than a figurehead, Aguinaldo has been consistently temperate, and the authorities have no reason to fear that he will depart from this policy.

Nevertheless, the native newspapers continue to publish inflammatory articles. The Republica Filipina yesterday published an article headed, "The Moment Has Arrived."

"When the conference terminated its labors," says the paper, "the Filipinos had already conquered all of the island and Luzon and the adjacent islands, except the town of Iloilo, Cebu, Leyte and Samar. Therefore, Spain has ceded authority which she did not possess. The Filipinos will never consent to the ignominy of being treated as chattels. They will shed their blood in torrents again before bowing to foreign domination, however they may be treated."

"America brought the great chief, Aguinaldo, from Hong Kong and recognized our nationality by allowing our flag to be raised at Corregidor Island and to sail the bay in full sight of all the foreign fleet. None dared to interfere. If America had declined to openly acknowledge our independence a great injustice would be committed. Had Spain asked \$40,000,000 for the islands the Filipinos would gladly have given twice that amount or more to preserve their rights. They are on the side by the enemy and the nation without a true understanding of the aspiration, rights and sacrifices of those who are left to fight and suffer in defense of their country from new slavery."

In conclusion the article affirms the friendship of the Filipinos for Americans, insists that the insurgents will never fire the first shot, and adds that the harmony existing will only be broken by "priests or traitors inducing the Americans to attack us."

Good Advice For Filipinos.

London, Dec. 3.—The Daily Chronicle, which ridicules the idea that Aguinaldo is forming an independent government, says editorially this morning: "It would be criminal folly for the Filipinos to attempt to resist the United States. What they have to do is to continue America that they are capable of self government. When they have done this the Filipinos may be sure of getting it."

No Gold Coin in the Philippines.

Washington, Dec. 3.—Mr. Edward W. Harden, who was appointed in August last an honorary commissioner of the United States to make an investigation of the financial and industrial conditions in the Philippine islands, has issued his report. In the course of which he says: "Silver is the basis of the currency in the Philippine islands. There is no gold in general circulation, and has been none for more than 20 years. The Mexican dollar of the date previous to 1871 is current in the islands, and it is practically the only money in general circulation. The Spanish government, in the summer of 1897, coined \$5,000,000 of the silver in a local currency, which was sent to the islands. The dollars are lighter in weight than the Mexican dollar, but the scarcity of money in the Philippine islands caused them to be quickly absorbed."

General Miles' Increased Army Bill.

Washington, Dec. 3.—General Miles, commanding the army, has prepared the draft of a bill providing for a regular standing army of 100,000 men. This bill, it is said, will provide for an organization of 12 companies to the regiment, with arrangements for a third lieutenant for each company in a case of need for that office. Chairman Hull, of the House committee on military affairs, intends to present the measure in congress at the first opportunity.

Builds up the system; puts pure, rich blood in the veins; makes men and women strong and healthy. Burdock Blood Bitters.

The Increased German Army.

London, Dec. 3.—A projected increase in the German army, according to the Berlin correspondence of The Daily News, a yearly addition to the estimates of 5,000,000 marks. The peace effective footing will be gradually raised by 10,000 men, to be completed in 1903.

THE CREW OF SEVEN PERISH.

Boston, Dec. 3.—A special from Woods' Hole says that the sunken schooner at Tarpanville Cove, probably the Lunet, of Bangor, Me. Her entire crew of seven men perished. The vessel lies close to shore, with about one-third of her masts out of water.

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

ARRESTING THE CARLISTS.

Don Carlos' Followers Unable to Get a Formidable Following.

London, Dec. 3.—The Madrid correspondent of The Standard, forwarding his report of Carlos' arrests at Mora de Rubielos, and adds:

The authorities, apparently with a view of avoiding the provocation of outbreaks, do not seem to display much vigor or rapidity in the measures necessary to check the propaganda which the provincial papers in many parts of Spain are disseminating daily.

The war office, however, is active in pinning the army on a war footing. Much suppressed activity reigns at the war and home offices. Although no Carlist bands have appeared, it is strange to notice the widespread feeling of uneasiness prevailing all classes.

The general impression is that Don Carlos, if he follows the advice of his oldest and most respectable partisans, will not provoke a civil war unless he can count upon serious support in the army and in public opinion, of which no systems are yet perceptible.

Ordered From Savannah to Cuba.

Savannah, Dec. 3.—The Second division of the Seventh army corps, the Second division of the Fourth army corps and the signal corps battalion F. Seventh army corps have been ordered to move as soon as possible from Savannah to Havana, Cuba. Major General Fitzhugh Lee is issued an order to this effect yesterday. The men will go as fast as possible, but they will not be ordered to march. That is more than the government has in service at this time. The regiments in the Second division are the One Hundred and Sixty-fourth Infantry, Second Illinois, First New York, Fourth Virginia, Fifty-ninth Iowa and Sixth Missouri. Though these are in the nature of hurry orders, it is not thought troops can leave before Dec. 10.

BABY'S Terrible ECZEMA

My baby suffered from terrible Eczema, and every remedy tried, to no account. I used the time and the face was like raw meat. I had to carry him on a pillow, and was fairly discouraged. I used Hall's Ointment, and in ten days my baby was as smooth as silk. I feel sure that every mother who has a baby with Eczema, should try this Ointment. It is the best I have ever used.
