THE battleships Oregon and Iowa are on their way to Manila, to enforce the authority of Uncle Sam in an emergency.

THE more that we view the political horizon, the more firmly are we is a lucky man.

ANDREW CARNEGIR has advanced the wages of his employes 10 per cent a fact that generally escapes the notice of the chronic newspaper

THE war of words between Editor McClure, of the Philadelphia Times, and Judge Gordon is now on. Judging from the first engagement we may expect a bloody conflict.

THE privates have fought and wor the war with spain, and now the generals and other high officials are having a little war of their own in the newspapers. Somebody should ring the bell and drop the curtain.

THE question that is now bothering the big politicians is whether or not there will be fusion between the Democratic and Independent Republican members of the Legislature. It remains an open question.

CONTROLLER SAYDER and his corps of assistants are busily engaged in preparing his office for the reception of his successor on January 2. The latter will find everything in good shape, and will experience no embarrassments when he enters upon his duties. There is no more fauthful and efficient-official on the hill than the present Controller.

THERE seems to be a general feeling among Republican politiciaus. since the party met with temporary reverses, for a display of the olive branch among the belligerent factions. There is one way, probably, that peace can be restored. And that is by giving Brumin the Attorney ment was a fabrication, pure and sim-Generalship under Stone, Augustavus Pie. We desire to add right here, before submitting the above to the critical eye of our contemporaries, that this is no Quay scheme.

A PLAN is now on foot in New York city which looks to the finding of work for the starving Cubans and relieving their wants in that way, instead of by the free disiribution of food. It is proposed to acquire lands and to give work to those who are suffering, at current rates of wages. and the whole affair is to be conducted as a combined charitable and business Has found that her little ones are improved enterprise. This is a move in the right direction and one that should receive encouragement, if we do not desire to panperize a large portion of the Cuban population, which never has been too much inclined to work. It demoralizes any people to become accustomed to rely on gratuitous relief, and we will increase our difficulties if we encourage them to do so for a moment longer than is absolutely necessary.

PROSPERITY is already here, and the man who does not note it, fails in keeping fully informed. Our manu facturers are busy, so are our railroads, and shipping. Men are employed better than for ten years past, and at good wages. It will take some and it has only to raise its head to and a gramatee. meet ever-incoming prosperity. The business skies are bright. We can all do our part in an humble way to help things along by bracing up and singing the anthem of better days at hand, instead of doubting and croaking, as so many often do. The country never had a brighter future looming up before it than at this very hour. This is the opportunity men have been waiting for. We believe

Atlantic City, Dec. 5.—A terrific wind storm struck this city yesterday, causing great damage to electric light and telephone wires, and as a result left the city in comparative darkness. Many of the large hotels which have not their own plants were forced to use lamps and candles for illumina-tion. The wind reached a maximum 60 miles, stirring up a high sea both on the beach and meadows. #### PACTORY INSPECTOR'S REPORT.

Soldlers' Uniforms Manufactured in Unsanitary Places Caused Sickness. Harrisburg, Dec. 5.—Factory Inspec-tor James Campbell has transmitted to Governor Hastings the annual report of the factory department for the fiscal year ended Oct. 30 last. The inspector says the factory laws amended by the last legislature have proved beneficial and justified their enactment. He recommends that the department be empowered to enforce the fire escape law in respect to hotels, opera houses and public halls, and that the "sweat shop" law be amended to give the depart ment power to configurate goods made dispose of them in such a manner as would best protect the public health, Mr. Campbell thinks some of the sickness in the army during the war with Spain came from uniforms manufactured in unsanitary places containing germs of disease. He says the "bake shop" law coacted by the last gen-eral assembly has been a blessing to those who labor in bakerles and to the public at large.

During the year 18,222 inspections were made. Of the 408,979 employes in mills, manufactories, etc., 239,006 were reported as notive born, 45,632 as naturalized, and 45,686 as aliens.

There were 1,754 accidents reported this year. Seventy-three were fatal, II of which were due to carelessness and one to intemperance. Of these ac cidents 327 were serious, 150 of which were due to carelessness, while 1.304 stand. The Ex-Banker Throws Himself on

the Mercy of the Court. Philadelphia, Dec. 5 -In the United States district court today Gideon W. Marsh, former president of the Keystone National bank, who voluntarily returned to Philadelphia after seven years' of wanderings as a fugitive from justice, was arraigned to plead to the indictments for misappropriation of the bank's funds that were found against him soon after the failure of the bank,

in 1891, when others of its officers were also indicted, convicted and sentenced to the punishment that Marsh has thus far escaped. The returned fugitive pleaded guilty and threw himself on the mercy of the court. He was taken back to Moyamensing prison to await sentence.

Cashler Steele, of the Chestnut Street bank, also charged with misappropriation of bank funds, was brought to the bar to plead on the indictments against Steele pleaded not guilty, and his trial is expected to begin tomorrow

### DR. WURTH'S OPINION

OF THE NEW DISCOVERY IN MEDI-CINE.

Dyspepsia, Indigestion and Stemach Troubles. Dr. Wurth in commenting on recent dis-

overies in medicine said: There is none

which is certain to be so valuable and far reaching in benefit as Stuarts Dyspepsia The . . . . Tablets, the new stomach remedy; I say far reaching, because people little realize how reaching, because people little realize how important a sound stomach and vigorous Philadelphia digestion is to every man, woman and child. Indigestion is the starting point of consumption, heart disease, Bright's disease diabetes, nervous prostration, liver troubles; why is this so? Simply because every nerve. muscle and tissue in our bedies is created and nourished from the food we eat. If that food is, by reason of a weak stomach, compelled to lie for hours, a sour, fermenting mass of half digested food, it poisons the blood and nervous system, creats gas which the crew of the Mallory line steamship distends the stomach and bowels, causing pressure con the heart, lungs and other rgans, and seriously impeding their action. He says further, the point to direct attention is not the nerves, nor heart, nor lungs, nor kidneys, but the stomach, the first cause of all the mischief.

The remedy to use for indigestion and weak stomachs is not some cathartic, but a remedy which will digest the food, increase the flow of gastric juice, absorb the gases, and Smarts Dyspepsia Tablets will accom Swartswood, N. Nothing is of more value to mankind and brings greater happiness than a good remedy. Many things will relieve but the one that will the problems. care is bet. Brazilian Balm is such a remedy. Tens of thousands have found that it is the only thing that would cure Catarrh and Asthma. For 15 yrs. it has never failed in a single case to cure Asthma, and its record has been as wonderful in Catarrh. Cases that had, to all appearances, run into Consumption, or where the nostrils were entirely storaged weather. ces, run into Consumption, or where the nostrils were entirely stopped upor where the poisonous pus had eaten holes into the throat an inch deep, or where the stomach had become ulcerated and raw from swallowing the germ-laden matter, were all permanently cured. Such a record, unknown to any other remedy, justly entitles the Brazilian Balm to the first place in the regard of the American people. There are 20,000,000 Catarrh victims and countless Asthma sufferers in this country, all of whom can be cured with Brazilian Balm contains a month's treatment for catarrh or asthma, and for 6 months we will wrap with each \$1.00 bottle a we will wrap with each \$1.00 bottle a month's treatment of Toxicola Tablets, fr.w.
