'Peace Treaty Can Contain Anything Victors Put Into It."

DAY'S NOTABLE DECLARATION.

Our Commissioners' Determined Attitude Causes the Spanish to Haggie For Concessions-They Want Uncle Sam to Export Philippine Prisoners.

Paris, Dec. 6 .- The joint peace commission was in session for two hours yesterday. Much of the discussion concerned details as to the guaranteeing of the rights of the Spanish citizens in the ceded colonies. The debate was occasionally energetic, and the Spaniards on emerging appeared to be dejected. Secretary Ojeda, of the Spanish commission, when questioned after the meeting as to the progress made, an-

swered excitedly: "I am almost mad. I cannot talk. We are making progress." The history of the document which will certify the passing of the oldest colonial power in the world and the advent of the newest was epitomized by Judge Day last evening in a single

which the victors put in it."

The Americans had listened for hours with their customary patience to the technicalities convoked by the Spanlards with their customary shrewdness and persistency against every proposal making for the dismemberment of the empire. The burden of the Spanish arguments was that matters outside the bare cession and evacuation of the conquered territory, which the Americans proposed to cover by the treaty, were beyond the legitimate and customary bulwark Senor Montero Rios, president of the Spanish commission, fortified himself, bombarding his opponents with a supply of arguments and precedents which inspired the freely ex-pressed admiration of the Americans. taken in good spirit, and from that moment the proceedings were entirely

The Americans do not regard it as a prize which they can demand as one of the natural fruits of the war, while the whole policy of the Spaniards is to confine the negotiations as narrowly as possible to the letter of the protocol signed in Washington, and to exclude all extraneous matters. The result of this policy may be the leaving of many details involved in the change of sovereignty over the various possessions to settlement by the regular diplomatic processes when normal relations be tween the two governments have been resumed.

The Spanish commissioners continu fighting with tooth and nall to procure every possible pecuniary and other concession. The Americans had already promised to guarantee the release of Spanish prisoners in the hands of the Filipines. Yesterday Senor Montero Ries proposed that the United States should pay the expenses of shipping them to Spain. The American commissioners thought the request un reasonable, and a good deal of time was consumed in discussing the ques-

KENNEY'S SECOND TRIAL

Delaware's Accused Senator Again Before a Jury.

MR. RICHARDSON ON THE STAND.

President of the Looted Bank Testified That Teller Boggs, Kenney's Alleged Accomplice, Had Confessed to Ganrbling.

Wilmington, Del., Dec. 6.—United States Senator Richard R. Kenney, of Delaware, yesterday was placed on trial in the United States circuit court for the second time on charges grow ing out of the looting of the First Nanal bank, of Dover, by its teller, William N. Boggs, Senator Kenney was last arraigned on the charge of aiding and abetting Boggs in misapplying the bank's funds in July last, and after a trial lasting over one week the jury disagreed. Since then the charge of conspiracy has been jointed to the first charges. The discovery of a shortage in the bank came in May, 1897, when Cashler Boggs suddenly left Dover. The bank was found to have been looted in the sum of \$107,000, or a little over its capital stock. President Richardson, of the bank, came to the rescue and saved the bank from failure.

Boggs subsequently gave himself up and admitted his defalcation, at the game time making statements which led to the arrest of Senator Kenney and several other citizens of Dover. The latter have been convicted and are now serving a sentence in the Trenton peni tentiary. The evidence against Senator Kenney deals largely with numer ous stock transactions, in which he and

Boggs were interested.

During his last trial Senator Kenney was represented by Senator Gray, his colleague in the senate, and Levi C. Bird. Senator Gray is now in Paris with the peace commission, and ex-Attorney General John Biggs is assisting Mr. Bird. District Attorney Vandegrift represents the government in

the prosecution.

The accused senator was on hand early. After the usual preliminaries i fury was quickly selected. It is said to be composed of seven Democrats and five Republicans.

In his opening address to the jury District Attorney Vandegrift said he would be able to prove that Senator Kenney drew money from the bank to which he was not entitled, and used it to tide over difficulties brought on him by stock speculations. He said that by an arrangement with Boggs Senator Kenney drew money from the bank when he had no funds there. Boggs making the defendant's account bal-ance by the use of other money in the bank or in some instances by withholding the senator's checks until he had made good the deficit.

H. A. Richardson, president of the bank, testified to Boggs' connection with the institution, and said it came to the attention of the directors in October, 1895, that Boggs had been gamb-ling. He confessed his fault, and was forgiven. Witness had no further reason to suspect Boggs until after his

flight in May, 1896.

A cause of delay and argument at the former trial was avoided yesterday by the admission of numerous checks drawn by Senator Kenney to the order of a number of persons and paid by the First National bank. These aggregated nearly \$9,000. Of this amount \$5,868 represented stock dealings with E. B. Cuthbert & Co., of Philadelphia. It was admitted that Senator Kenney signed checks for \$4,200 of the amount represented in stock transactions for Boggs' benefit. Numerous telegrams between Senator Kenney and Cuthbert & Co. were also admitted.

Cleveland's Accused Judges. Cleveland, Dec. 6.—Judge F. E. Del-enbaugh, against whom charges were made by the Bar association on Sat-urday in connection with the disbarnent proceedings against State Ser ator Burke, was on the bench yester day, as usual, in his court. Before open ing court Judge Dellenbaugh, in dis cussing the charges, stated that he tribunal, and that he would demand an Investigation. It is understood that charges against Judge Blandin will be filed with the Bar association shortly for slandering Judges Ong and Dissette.
