Pottsville, Dec. 7.—The case of Christian Schmidt vs. Vincuty Kuprelewicz and John Gomey, in which the defendants attacked the validity of certain notes and mortgages, the former for \$150, the defendant denying that he signed the same, was called before Judge Bechtel. An expert testified that the signs tures to all the papers were the same, and after a few hours deliberation the jury

rendered a verdict for Schmidt.

County Commissioner Benjamin Kauffman lost no time in getting into office, and put in an appearance early at the court house with his bond. The bond was in the sum of \$10. 000, the sureties being Col. Thos. H. Rickert, Frank Hause and David Neiser. The new appointee received the congratuations of many friends, and it seems to be generally believed that he will bring to the office many good qualities and will assist his colleagues in giving the taxpayers an honest, efficient and economical administration.

TOOK HIS WIFE'S ADVICE.

And the Gratifying Result has been Happy Family.

The notion that a wife's advice is not worth taking is unhappily prevalent among some married metr. They say, "Oh, that is only a woman's fancy," and so reject counsel that is not only well meant, but eminently level-headed. How many men might be better off to-day in health, purse and morals if they had listened to their wives.

Albert Gray, of Baldwin Avenue, Everett, Mass., is thankful that he listened to his wife. Mrs Gray in this modest style tells the story :

"My husband was terribly afflicted, to such an extent that he could not ride in a car. He used to bear down on the seat with his bands to break the jar. Walking was no less painful. The doctor said he had lumbago, but Mr. Gray felt sure he was coming down with Bright's disease Fortunately, he took my advice and began the use of a preparation which I knew was valuable because it had done my mother so much good."

cause it had done my mother so much good."

"Half a bottle helped him and when he had taken, six bottles he had not as much as a back-ache. Mr Gray cannot speak too highly of Safe Cure and he believes that if he had not taken it he would now have been dead of Bright's disease."

The everlasting wearing out of human tissue results, among other things, in a deadly poison called uric acid. If the kidneys do not take this foe to life from the blood the work will not be done at all and Bright's disease will soon be established. Fainting fits, chills, sick stomach, had eyesight and flettering heart are signs of this merciless and destructive malady.

So trifling a thing as a cold may be the heginning of a slow and ultimately fatal sick ness which must be checked at once and by the use of the best known remedy.

The fame of Safe Cure is spread by happy husbands saved to their families, and by bappy wives who feel that they would be wearing widow's black were it not for this remedy.

I have just returned from the city where I went to close out large lots of light box Overcoats, with and without velvet collars, and I also closed out large lots of blue and black Overcoats, all styles, for men and boys. I closed out large lots of children's Astrakhan Reefers, all sizes and styles, and the latest style short Overcoats for the little fellows.

I also closed out large lots of Vestee suits for the children and I wish to inform the public that I bought those goods at one half their former price and I am going to sell them at half price. So if you are looking for good, fresh and stylish Clothing or Overcoats that \$255,615 az are just turned from the factory, and want to buy them for one-half the price that they are worth, don't fail to examine them before going elsewhere, at the store that advertises nothing but facts.
