**A BOROUGH MULCTED.**

**Won Before Arbitrators, But Lost on Trial Before a Jury.**  
A jury at Pottsville this morning rendered a verdict mulcting the borough of Gilberton in damages in the case brought against it by Patrick Ryan, of that town. M. M. Burke, Esq., of this place, represented the plaintiff and the borough was represented by S. R. Edwards, Esq., of Pottsville. The case was arbitrated last summer and an award of no cause of action was entered. The plaintiff appealed and on Tuesday a trial before a jury was commenced. The jury retired last night.

The case is one of interest to borough officials, as it involves a question as to what is notice to them of the condition of highways. On August 16, 1897, Ryan was driving in his milk wagon along the main street of Gilberton when both wheels on the right side of the vehicle went through the covering of a culvert. Ryan was thrown forward against the milk cans, and then backwards over the seat. He was injured in the groin and kidneys. Dr. Esterline, formerly of Mahanoy Place and now of Trumb, N. J., was one of the witnesses. He testified that Ryan was permanently injured. Dr. Donahoe, of Mahanoy Place, gave similar testimony.

Solicitor Edwards made an effort to have the court take the case from the jury and direct a verdict of non-suit, but Judge Bechtel refused to do so, stating that it was for a jury to say whether, under the testimony, the defect in the highway was noticeable and had continued for so long a time as to give the borough authorities constructive notice of its existence.

The defense was that the borough had no notice, either actual or constructive, of the defect, and that the Supervisor and street committee had exercised due care in keeping the streets and highways of the borough in good condition.

Counsel for the plaintiff succeeded in showing that a gentleman named Ryan, a member of the Council from the Middle ward, and who was also a member of the street committee, had detected a break in the bridge some days before the accident. This plaintiff's counsel claimed, was direct notice to the Council. The suit was for \$5,000 damages. The jury rendered a verdict for \$1,000.

**Zoller Still Missing.**  
William, alias "Butch," Zoller has not been seen since his exciting escape from the Schuylkill Haven constable in town yesterday. Many of his friends believe that he will remain away, while others maintain a contrary opinion. The charge is not as serious as at first reported, although he will no doubt be held on an additional charge of meeting in the Post hall, Friday evening. A friend had furnished the old man with a railroad ticket for the trip to Schuylkill Haven. The Justice made out the commitment at Schuylkill Haven. She was a resident of this town and for a time an inmate of a resort on North Chestnut street.

**FINANCIAL TROUBLES!**

**The School Board in a Tangle Over the Tax Levy.**  
**TAXPAYERS ASSOCIATION OBJECTS.**  
**Mr. Schaefer Informs the Board They Have No Legal Right to Levy More Than Thirteen Mills—Adjourned to Meet Again This Evening.**

The School Board held their first meeting for the month of last night, and most of the business considered had a bearing on the financial affairs of the district. There was hardly a quorum present when President Coughlin rapped for order, the following Directors answering to the roll call: Messrs. Sullivan, Hanna, Bangh, Malick, Dove, Holvey, Britt and Whitaker. Superintendent Cooper, Solicitor Burke and Trust Officer Smith were also in attendance.

The County Commissioners informed the Board that the total assessed valuation for the year 1898 was \$2,468,067. A motion made by Director Britt that the subscription to the School Journal be renewed, was withdrawn upon statements made by Directors Dove and Hanna, to the effect that the expenditure of \$90 in that manner would be ill-advised under the financial condition of the district.

Superintendent Cooper submitted his report, and after being read was adopted, and the committee referred to were requested to meet the Superintendent. The report is as follows:  
The fourth month of the term of our day schools closed December 1, with the following results: Monthly enrollment—Boys, 1232; girls, 1476; total, 2708. Average daily attendance—Boys, 1114; girls, 1367; total, 2481. Percentage of attendance—Boys, 90; girls, 91; total, 90. Fifty-seven visits were made by citizens and 21 by Directors.

The first month of the evening school closed on the same date with the following results: Monthly enrollment—Boys, 539; girls, 1085. Average daily attendance—Boys, 331; girls, 34; total, 365. Percentage of attendance—Boys, 61; girls, 19; total, 79. Fifty-five pupils of the evening school were present; sixty-six visits by citizens, and 27 by Directors were made.

During the first two evenings after the opening of these schools there was much trouble in some of the rooms. Most of those who went to school chiefly for mischief have been expelled. Now the schools are running reasonably quiet and many are taking an interest in their work.

In regard to the day schools, sickness has somewhat interfered with our attendance. Negligence on the part of parents is one of the difficulties which we have been unable to overcome. Some of our pupils are failing to comply with the compulsory education law. We have at least one incorrigible truant in the person of Master Joseph Schwindt. He has been punished repeatedly in the Superintendent's office, but this fellow is going from bad to worse. The Trust Officer and myself desire to meet the members of the Compulsory Education Committee any day after the first of next week.

Our Superintendent Weiss submitted a report upon the attendance of teachers during the month, and the absence of two or three for a short time was satisfactorily explained by Supt. Cooper.

Mr. Whittaker offered a motion that the proper officers be instructed to pay off the temporary loan of \$3,000 at the Merchants National Bank to-day, which was adopted. The Secretary read a communication from the amount due on Tax Collector Scanlan's bonds, as follows:

POTTVILLE, PA., Dec. 5, 1898.  
To the Members of the School Board, Shenandoah, Penna.  
GENTLEMEN: In the interest of the taxpayers of Shenandoah, we have sickened John F. Whalen, Esq., as attorney to represent them in the proceedings now pending for the collection of the balance of taxes due by Collector Scanlan of Shenandoah.

We have requested him to appear at the hearings now going on, and we would request that the Superintendent be authorized to act in conjunction with their Solicitor in the carrying on of such proceedings as are necessary to protect the borough and its taxpayers. The cost of such services will be met by us, and we hope that you can pass such action as will give him full authority to protect your interests which are to a great extent those represented by us.

Very truly yours,  
WM. L. SCHAFFER,  
The Phila. & Reading C. & I. Co.  
By H. C. WILSON, Asst. Land Agent.  
The Girard Estate.  
By HERBERT S. THOMPSON, Engineer.

Mr. Whittaker, chairman of the Finance Committee, offered the following resolutions, which were adopted on motion of Dove:  
To the School Board.  
GENTLEMEN: We, your Finance Committee, recommend that the offer of the following named gentlemen: W. L. Schaeffer, (for Girard Estate), and K. C. Wilson (for P. & R. C. & I. Co.), offering the services of their Solicitor, John F. Whalen, Esq., to act in conjunction with our Solicitor, M. M. Burke, Esq., in the proceedings now pending for the collection of the balance of taxes due by Collector M. J. Scanlan, of Shenandoah, be accepted.

Mr. Whittaker, chairman of the Finance Committee, submitted a report upon the amount due on Tax Collector Scanlan's bonds, as follows:

M. J. Scanlan, on '96 duplicate, \$ 4,515 01  
M. J. Scanlan, on '96 " 10,189 32  
M. J. Scanlan, on '97 " 5,784 58  
Other resources make the total receipts for the year, \$20,398.85, leaving an apparent deficit of \$791.62.

The following resolutions were appended to the report and action thereon was deferred until to-night's meeting.  
Resolved, That it is hereby ordered by the Board that the tax levy for the year 1899 shall be the tax levy for the year 1898, and that the rate of fourteen (14) mills on the dollars of assessed value, district, shall follow, as follows: 2 mills of bonded indebtedness and interest, 2 mills for school purposes, 10 mills for library purposes, 5 mills for other purposes.  
Resolved, That it is hereby ordered by the Board that the tax levy for the year 1899 shall be the tax levy for the year 1898, and that the rate of 14 mills on the dollar of assessed value, district, shall follow, as follows: 2 mills of bonded indebtedness and interest, 2 mills for school purposes, 10 mills for library purposes, 5 mills for other purposes.

**SCORING NICARAGUA.**

**In the Report of the Senate Nicaragua Canal Committee.**  
**GRAVEDANGER OF EMBROIDLMENT**  
Our Government, Says the Committee, Should Assume a Determined Attitude to Prevent Consummation of the Republic's Latest Concession.

Washington, Dec. 5.—As a result of the meeting of the senate committee on the Nicaragua canal yesterday Senator Morgan gave notice of an amendment to the Nicaragua canal bill authorizing the immediate issuance, with a guarantee by this government, of \$5,000,000 worth of bonds for the redemption of all outstanding stock except that held by the governments of Nicaragua and Costa Rica, and the cancellation of all obligations. He submitted at the same time a report upon the situation with reference to the canal, dealing exclusively with the fact that the government of Nicaragua granted a concession to construct a canal to another company than the Maritime Canal Company in severe terms, upholding the rights of the Maritime company for the present and for an extension of its concession for ten years more. The report arraigns the conduct of the republic of Nicaragua, as well as that of the American citizens securing the new concession, in the most severe terms, attributing the course of Nicaragua to jealousy of Costa Rica, and that of the concessionaires to "obstruct a great national policy in selling out to a trans-continental railroad company for the defeat of a supposed competitor."

It would be well for the reputation of this government, the report says, "in this dishonoring governments for their personal advantage and using their powers to create jealousies between states if it could appear that their conduct is not also corrupt." The resources make the total receipts for the year, \$20,398.85, leaving an apparent deficit of \$791.62.

The following resolutions were appended to the report and action thereon was deferred until to-night's meeting.  
Resolved, That it is hereby ordered by the Board that the tax levy for the year 1899 shall be the tax levy for the year 1898, and that the rate of fourteen (14) mills on the dollars of assessed value, district, shall follow, as follows: 2 mills of bonded indebtedness and interest, 2 mills for school purposes, 10 mills for library purposes, 5 mills for other purposes.

On the conclusion of the reading of the report Mr. Whittaker stated that a representative of the Schaeffer Estate notified the Board that they objected to the assessment of the tax for school purposes, claiming that it was contrary to law, and that the Board could not legally levy more than 13 mills for that purpose. This statement evoked considerable discussion during which Mr. Hanna took issue with the Schaeffer Estate, and quoted the school laws to sustain his position. He contended that the parties objecting were in error, that the law actually fully informed themselves, and that it was no nonsense to assume a position of that kind. He said that thirteen mills would not meet the general expenses of the district.

Solicitor Burke was called upon for an opinion, and said that under the law you have a right to levy a tax of 13 mills for school purposes and 13 mills for building if necessary. Your committee has levied 14 mills, apportioning them as follows: Eleven mills for school, 4 mill for library and 2 for bonded indebtedness and interest. Whether or not the 8 per cent. of your bonded indebtedness, which the law says you must pay off annually, must be included in the general fund, or whether that can be covered by a special and separate levy, is the question before you. He was of the opinion, however, that the Board could not exceed thirteen mills.

The solicitor suggested that the matter be laid over until this evening, when he will submit a written opinion.

On the bills of Dove the Board, after passing upon them, adjourned to meet this evening for consideration of the tax levy and general business.
