**A LEGAL QUESTION.**

Raised by Damages Sustained on an Abandoned Road.

A nice question of responsibility has been raised before the Borough Council of Mahanoy City by a claim for damages made by one John Hall, whose carriage was upset on a bad road.  
The Borough condemned and abandoned the road a couple of years ago, but it was never fenced in. One of the questions raised is as to whether the borough was compelled to put the fence up. It is claimed that an abandonment of two years is sufficient notice to the public.

**MRS. DURKIN TESTIFIES**

Additional Evidence Taken in the Tax Bond Suits.

**MR. SCANLAN CONTRADICTED!**

The Witness Says He Was in Her House But Once, and Only to Collect—That Scanlan and Mrs. Mellet Were Never There Together.

There was another hearing yesterday in the proceedings of Mrs. Mary Mellet, who seeks to be relieved from Tax Collector Scanlan's bonds for 1895 and 1896, on the ground that her name was forged to them. The session was a brief one, and the evidence taken was in rebuttal of that given at Pottsville on the 2d inst. by Mr. Scanlan. John F. Whalen, Esq., as representative of the Taxpayers' Association, was in attendance.  
Mrs. Bridget Durkin was called and examined by J. J. Moran, Esq., who represents Mrs. Mellet. At the Pottsville session Mr. Scanlan swore that Mrs. Mellet signed the tax bond of 1895 by making her mark; that he wrote her name and she touched the pen. This was done, he said, either in his store, or at the house of Mrs. Durkin.  
He was asked, "How do you fix that she made her mark in the store?"  
Mr. Scanlan replied, "I don't fix it. I said either there, or in Mrs. Durkin's house. I know she signed one there and one in the store, but I ain't prepared to say which one—the 1895 or 1896."  
In addition to this Mr. Scanlan testified that he did not think anybody was present at Mrs. Durkin's house when Mrs. Mellet signed the bond.  
While on the stand yesterday Mrs. Durkin swore that Mrs. Scanlan was never at her home, except once; and the occasion was when she called him into the house to pay him taxes she owed. Mrs. Durkin also swore that Mrs. Mellet was never at her house at the same time that Mr. Scanlan was there; that they were never there together.

J. J. Calkley, secretary of the Borough Council, was called by Mr. Moran to identify a communication sent to the Borough Council a few months ago, in which Mrs. Mellet gave notice that she never signed the 1895 or 1896 bond, and declaring her signature thereto a forgery. This closed the session.

It is not known what the next step in the case will be. It is probable that Mr. Whalen may put in some testimony with a view to holding Mrs. Mellet on the bond, but nothing definite in that connection has been announced. The case will be submitted at the January term of court.

**Taxpayers' Object.**

The Taxpayers' Association have addressed a communication to the Director of the Poor, in which a number of recommendations are made with a view to reducing the force and curtailing the expense of running that institution. By comparison with other counties in the state it is shown that Schuylkill is exceeded by only two other counties, Philadelphia and Allegheny. The total annual expenditure for this county is \$112,997.18. They recommend the lopping off of several positions, and a reduction in the salaries of others. The total amount for outdoor relief last year was \$38,979.94, which represents relief to over 12000 people. The association says this number should be reduced to 750, and even then there are many doubtful cases. The communication closes as follows: "The people desire a careful administration; they little care for the political complexion of such administration. If capable people can be secured in all positions they should feel that they have some chance of being retained and their term not limited to one year. The taxpayers of the county are willing to support liberally the poor, but they do not desire to have their care made the object of political rewards or scandals."

**SUIT AGAINST THE COUNTY**

The Missing Ten Thousand Dollars Again to the Front.

Pottsville, Dec. 10.—The most important case during the present term of civil court, so far as the taxpayers of the county are concerned, was that in which the Safe Deposit Bank sought to recover \$20,000 said to have been loaned the county. This is a suit growing out of the mysterious disappearance of \$10,000. The bank claims \$20,000 as having been loaned and never paid back during the terms of Commissioners Rentz, Martin, Allen and Meyers, who were held responsible for the loss; subsequently Philip J. Connel, their chief clerk, was indicted on the charge of taking the \$10,000, but never tried. After these prosecutions the bank instituted the present suit against the county to recover the \$20,000.

The case was called before Judge Endlich yesterday morning. Chief Clerk John F. Zerby submitted the minutes of the Commissioners' meetings. Horace F. Reber, former chief clerk; Frank Rentz, former County Controller, and R. P. Severn, former County Controller, were called to testify as to certain notes and receipts which bore their signatures.

Controller Snyder said the original note for \$10,000 could not be found in his office, but subsequently it was produced in evidence, having been found by Deputy Treasurer Delbert identified certain papers showing that the money had been received by the County Treasurer and later deposited in the Union Safe Deposit bank. The treasurer of the latter bank corroborated this testimony.

The defense claimed that the county had paid notes on the Safe Deposit bank for money which the county never received, and also paid accounts on the same. Therefore, the county claimed a set-off against the \$20,000 involved in the suit, of \$1,542.45, with interest from December 7th, 1896.

Deputy controller Payne and the former Commissioners were called and testified to notes having been cancelled for money which the county had not received.

The case went to the jury about four o'clock yesterday afternoon and this morning a sealed verdict was rendered in favor of the bank for the full amount, \$20,000 and interest at 4 per cent from June 29th, 1897.

**COAL DIET CASES.**

Judge Endlich granted a permanent injunction to restrain John F. Quinn, his successors, and Tyler, McKork & Co., from discharging into Mill Creek from the coal washeries at Darkwater, coal dirt and polluting the waters of that stream. The bill against the company was dismissed, but in appeal to the Supreme Court a permanent injunction was ordered in favor of the plaintiff. The suit was brought by Christian Fricke, of Port Carbon.

**TWO FATAL ACCIDENTS**

Three Men Killed and a Bereft Mother Dying of Shock.

**TWO WRECKS ON THE RAILROAD!**

When the Young Man's Death Became Known to His Mother She Lapsed into Unconsciousness, and May Die at Any Moment.

Dubois, Pa., Dec. 10.—Three persons killed, three wounded and the mother of one victim dying of the shock caused by her son's death. All this resulted from two wrecks on the Clarion River railroad, near Portland Mills, in Elk county, Wednesday. A train loaded with pulp wood was being hauled down the steep grade near Portland Mills, and the rear end was left on the top of the hill, owing to the slippery tracks. While the front end was descending the rear of the train became unmanageable and dashed down the hill, crashing into the front section. Both sections were wrecked and brakeman Thomas Breshman, on the front section, was instantly killed. A dinky engine, with a crew of five men, was ordered back to clear up the wreck and bring back Breshman's remains. While the train was returning the engine jumped the track and rolled over an embankment. Of the crew on board at the time the engineer, Harry Carman, was fatally injured and died a few minutes after being extricated. Foreman Daniel Myers was rescued, and has since died, and three brakemen, Sowers, Cassidy and McKnight, were all badly injured. McKnight's arm being crushed. When young Carman's invalid mother was acquainted of her son's death she lapsed into unconsciousness, and her death is momentarily expected.

**Wanamaker and Gordon Subpoenaed.**

Philadelphia, Dec. 10.—Counsel for Senator Quay in the conspiracy charges for which he is to be tried next week yesterday subpoenaed ex-Common Pleas Judge James Gay Gordon and ex-Fostmaster of General John Wanamaker as witnesses for the defense. This news is interesting in view of the known opposition of both of these men, to Senator Quay politically, and in view of the charges recently made by Senator Penrose, in which he stated that the charges against Senator Quay were the result of a conspiracy to defeat him for re-election to the United States senate and in his place name a person favorable to Messrs. Wanamaker and Gordon.

**A BUNGLING EXECUTION.**

The Rope Broke and Anderson Was Hanged a Second Time.

Norfolk, Va., Dec. 10.—John Anderson, the condemned murderer of Mate Saunders, of the schooner Olive Denker, was executed in the city jail yesterday. He marched from his cell to the scaffold unsupported, and with firm step ascended the steps without assistance. After prayer Anderson made a short speech, saying he had forgiven his murderers who swore his life away, and would die at peace with the world and God.

At 2:06 the trap was sprung, and Anderson's body shot downward. The rope parted just inside the knot, and his body fell to the cobble stones. A thrill of horror ran through the crowd. Officers and witnesses rushed to the body and snatched the cap from his head to find blood oozing from mouth, nose and eyes. A doctor was called, and soon Anderson opened his eyes, and, it was said, began to breathe. He was carried, feet foremost, up the stairs to the platform and laid down until a chair was obtained. He was then placed in this, but never spoke. Preparations for re-hanging him were hurriedly made. The other end of the rope was adjusted around his neck. He was raised to a standing position and the straps again placed on his limbs. While being supported by the officers the rope was again sprung. In 32 minutes life was pronounced extinct. Nine minutes elapsed between the first and second drops. Anderson's neck was broken, supposedly by the last drop.

**Bedford Citizens' Indignation.**

Bedford, Pa., Dec. 10.—Indignation was never greater than at the present moment in Bedford. The indignation is caused by the reports that have been given the press concerning the prevalence of smallpox in Bedford. Stories have gone abroad that the whole town was afflicted. Two hundred cases reported have dwindled down to seven, two in the borough and five outside, within a radius of ten miles. At a town meeting a resolution was passed severely denouncing the reports and criticizing Dr. Atkinson, of Philadelphia, who was sent here by the state board of health.
