PARSNIP COMPLEXION.

It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the dark, puffy circles under the eyes, the sallow pearly-colored complexion indicates it.

A physician would ask if you had rheumatism, a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it; if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick-dust deposit or strong odor.

When these symptoms are present, no time should be lost in removing the cause.

Delay may lead to gravel, catarrh of the bladder, inflammation, causing stoppage, and sometimes requiring the drawing of the urine with instruments, or may run into Bright's Disease, the most dangerous stage of kidney trouble.

Dr. Kilmer's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so easy to get at any drug store that no one need suffer any length of time for want of it.

However, if you prefer to first test its wonderful merits, mention EVENING HERALD and write to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle and book telling all about it, both sent absolutely free by mail.

NEW YORK SERVICE.

Additional Fast Trains Inaugurated by the Philadelphia & Reading Railway.

The Philadelphia and Reading Route, noted for its splendid two-hour trains to New York, has, to accommodate numbers of its patrons, made several changes in its schedule.

The most important is the addition of the "Royal Limited," composed exclusively of Pullman cars leaving 24th and Chestnut streets only at 5:36 p. m. daily, running through without stop to Jersey City, and landing its passengers at Liberty street ferry, New York, at 8 p. m. On its westward trip the train leaves New York at 8 p. m., arriving at 24th and Chestnut streets 5:03 p. m.

The train is composed of observation, parlor, cafe, smoking and dining cars; (the entire equipment being especially made for this service by the Pullman Company) and while giving passengers all the accommodations of an extra-rapid limited train, there is no additional fare except the regular Pullman charge.

The train leaving Reading Terminal 5:55 p. m. weekdays, and 8:49 p. m. Sundays, is discontinued and replaced by fast trains leaving 6:00 p. m. weekdays and 3:10 p. m. Sundays. Passengers on all trains, except the 12:05 midnight, on arriving at Jersey City have choice of two ferries to New York, to foot of Liberty street or to Whitehall Terminal (South Ferry), where under the same roof as the ferry, connection is made with any of the elevated roads or the cable cars, reaching quickly any part of New York, and with ferries to Staten Island, Brooklyn, Bay Ridge, etc.

IN SENATE AND HOUSE.

Lower Body Passes the District of Columbia Appropriation Bill.

Washington, Dec. 14.—Yesterday's session of the senate was largely consumed in the discussion of the Nicaragua canal bill. Mr. Turpie made the principal speech in opposition to the bill, attacking it on the ground that it is in the interest of a maritime company which is characterized as a fraud and a bankrupt. He moved a postponement of the matter until after the holiday recess. Mr. Morgan defended the bill and the maritime company and opposed the motion to postpone. Messrs. Eberly and Hovins, both offered amendments materially affecting the bill. Previous to the proceedings upon the canal bill Mr. Morrill made an address in support of the bill authorizing the purchase of a site for a supreme court building, and this and several other bills were passed.

The house yesterday passed the District of Columbia appropriation bill without a single amendment. The bill carries \$6,375,950, which is \$76,600 less than was carried by the last bill and \$2,571,857 less than the estimate. The house also passed the senate bill to amend the laws relating to seamen. All the amendments were rejected.

San Francisco, Dec. 14.—The Manila correspondent of the Hong Kong Press gives details of the shocking treatment of friars and other prisoners captured by insurgents in the northern part of the island of Luzon. The friars were beaten with sticks, kicked and hung by their wrists from the rafters for several hours. The natives were forbidden to render the friars any assistance. Chinese and natives furtively supplied them with food and water. One aged friar was placed upon a saddle and jumped upon until blood poured from his mouth and nose.
