OUR COUNTRY: First, Last and Forever

SENATOR PENROSE denies the rumor that he contemplates resigning his seat in the Senate. This will be welcome news to his hundreds of personal and political friends in this section.

A CANVASS of leading newspapers throughout the country gives 95% for expansion and 10% against it. Every section of the country is for it except the South, and that is nearly a tie in newspaper sentiment.

STILL the news comes of industrial activity. The Southern Pacific Railroad has just placed orders aggregating two million dollars, for rolling stock, with Eastern manufacturers. The order consists of fifty largest size freight engines and three thousand freight cars.

THE town of Bath, England, is suffering from an epidemic which is not quite so contagious as the grip. The epidemic in question is that of twins, no less than six pairs having recently been contributed by the wives of miners at one colliery, and two others adding triplets to the record.

GROVER CLEVELAND is throwing his whole weight against the doctrine of expansion. Since he got stuck in the mud a few days ago he has made up his mind that the United States ought to stay at home and fix the local roads rather than be yearning for foreign turpikes that we know not of.

THE Baldwin Locomotive Works, at Philadelphia, have "flush" orders for fifty-six locomotives, sixteen of which are for China, the second order from that far-off land. Ordinarily at this season it has been found necessary to reduce the working force, but in order to get their work out on contract time the force has recently been increased to over 5,000 men. The capacity of the works is 1,000 locomotives per annum.

THE passing of the general pension bill in the House, carrying an appropriation of \$145,000,000, without any opposition from the Democrats, South or North, is significant. It means that the sectional line has dropped out. Allen, of Mississippi, remarked that when he entered the House fourteen years ago pension bills always precipitated a bloody-shirt discussion. There was nothing of that sort in the House in this case, however, and there will not be in the Senate.

THE demoralization of the market for anthracite coal last summer and fall was attributed to the action of the Delaware, Lackawanna and Western railroad in cutting rates. Shortly afterward it was announced that this action might result in a change in the management of that corporation. Now the rumors of the resignation of President Sam. Sloan and Vice President Holden, who is in immediate charge of coal traffic, are revived in such a manner that considerable credence is given them by men in the trade.

Now that the grip is again epidemic it behooves every one to keep the body warm and especially the feet. While the present attack is reported not as virulent as that of eight years ago, it leaves the system notably susceptible to pneumonia. Its most pronounced symptom is said to be extreme weakness, and physicians advise against fighting it off but to stay at home and get under treatment as quickly as possible. It is so widespread that its advent here may be looked for at any time. The Health Board of New York has ordered the street cars all to be thoroughly cleaned and fumigated at once and the street department is putting forth extra efforts to clean the streets thoroughly in an effort to check the spread of the disease.

EXCITING RUNAWAY.

Long Dash, Several Narrow Escapes, But No Serious Injury.

A team of horses, owned by John J. Lohr, of Coal Run, was away this morning and occasioned no little excitement in the west part of the town. The horse, a valuable and handsome pair of black and bay, but no serious damage resulted. The driver of the team, Lohr, was riding on the seat of the horse, and the team was being driven by the driver's wife. Lohr left the team at a post office, and immediately after the horses commenced plunging and one of them slipped its bridle. Lohr caught it, and the team plunged to the middle of the street, but, after being pulled about twenty feet, the teamster was obliged to release his hold and jump aside for safety. The runaway barely missed striking a team at White street and plunging down the heavy grade towards the bridge at the foot of the street. Just before the team was reached, a farmer's team was struck. The pole of the farmer's wagon was shattered, but his horses escaped. Lohr's team continued along Centre street. There were several teams along the course but all escaped the runaway. The horses ran all the way to Indian Ridge colliery, went close to the breaker, and then made a loop and returned to Centre street. When near the bridge at Bradley's row a farmer's team was struck, but only slightly injured. The colliery driver, who was on the seat, was drawn by the runaway, and it was left near the bridge. On returning to Bridge street the team turned south and gained the dirt bank leading to the colliery. The horse, which was the leader, struck the bank and the team was thrown over the embankment as the team dashed on. The runaway continued on to the Shenandoah City colliery timber land. Several narrow turns around small buildings and houses were made with no damage resulting, but several men working on the bank had narrow escapes. As the team made one of the turns it caught a male which was returning to its post after having a slumber. His mischief was done between the two runaway horses, and forced ahead by them. The start was too sudden and the pace too hot for the male and he was thrown aside against an empty dumping car. The latter was thrown from the track and the male was crippled. He had a lump the size of a twenty pound turkey on his left haunch. Oward the runaway horses continued, but their race was soon ended. They went about thirty yards when another male on the timber bank crossed their path. The second male got tangled up with the runaway and the three animals went down in a heap, but none was badly injured. One of Lohr's horses was rendered lame. The wagon was reduced to kindling wood by the time the team was stopped.

NO HUMBAG HERE.

Shenandoah Endorsement is What Counts With the Shenandoah Public.

You can't fool the public all the time. Every time a man is fooled. Another skeptic is made. Many the remedy that makes the skeptic. I fail to keep its promises. Don't's Kidney Pills bring renewed faith. They cure the skeptic. Plenty of proof of this at home. Shenandoah proof for Shenandoah people. Our citizens say they cure backache, Catarrh, urinary disorders, Cure sick kidneys. Experience has taught them this is so. Conviction for every sufferer. In the testimony of friends and neighbors. Read this case:

Mr. J. J. Kelly, of 20 South Main street, merchant, reading about the remarkable success of Don's Kidney Pills, presented them from Krill's pharmacy and the following is what he says of his experience: "I am an endorser of Don's Kidney Pills. I was afflicted with pains in my back which were both annoying and inconvenient when attending to my business, and if on my feet any length of time there was a dull steady aching across my loins. I had a feeling of languor, a lack of energy and listlessness which inhibited me for work. I saw statements made by people who had been cured by using Don's Kidney Pills, and I got them and after taking the treatment I am an enthusiastic in saying that valuable preparation as others are. I would not be without them for they are positive in their effects, and cause no disagreeable sensations when taking them."

Don's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Don's and take no substitute.

HOW TO FIND OUT.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. At druggists fifty cents or one dollar.

You may have a sample bottle and a book that tells more about it, both sent absolutely free by mail, if you send your address to Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure and mention that you read this generous offer in the Shenandoah Herald.

Philadelphia's Grip Victim. Philadelphia, Dec. 22.—It is estimated that between 25,000 and 30,000 persons in this city are suffering from grip, and doctors report the epidemic on the increase. At the board of health office yesterday six deaths were reported to have occurred within the past 24 hours directly due to grip, and 12 other deaths were traced indirectly to the same cause. All the hospitals have an unusually large number of grip patients, and in several instances the sufferers have lost their reason and have to be strapped to their beds. Of 140,000 school children nearly 10,000 are sick at home. Reports received from eastern Pennsylvania and south New Jersey points to an epidemic of disease in those sections.

ROOSEVELT TO THE BOYS.

New York's Governor-Elect Talks to Little Boy Scouts. New York, Dec. 22.—Colonel Roosevelt talked to nearly 400 little Italian children yesterday in the Children's Aid society's school in Sullivan street, where he went by special invitation, in company with Jacob A. Riis. Only nine of the 35 children in this school were born in America, but they all knew about Colonel Roosevelt, and wanted to see him. So one of the little boys wrote the colonel a letter and asked him to come to the school. No name was signed to the letter, but Colonel Roosevelt accepted at once.

The children sang for Colonel Roosevelt, and went through the flag drill, and then the colonel told them about his regiment. The bugler, he said, was an Italian, and was so brave that after he had the fingers of his hand shot away, so that he could not handle any more, he had spent the rest of the day carrying the wounded from the field. The brave, Colonel Roosevelt said, were always good and tender. In conclusion the colonel exhorted them to be good, clean and ready to fight if need be; to be able to give a good account of themselves; to be tender and kind to their mothers and sisters, and some day he might take them into his regiment.

The children gave the colonel three rousing cheers when he ceased talking, and a crowd of boys followed him down to the elevated station, cheering all the way.

Suspected 4 Female Murderers. San Francisco, Dec. 22.—Isadore Lober, a dry goods clerk, surrendered himself to the police yesterday, stating that the New York authorities wanted him on a charge of having murdered his young wife in New York on Oct. 22. Mrs. Lober, who had been married less than three months, was discovered by neighbors dying from asphyxiation. The husband disappeared and was suspected of his wife's murder. Lober's explanation is that, having discovered that his bride had been a mother, he decided to leave her, and went to Philadelphia, thence to Savannah, Ga., finally locating in this city. He says he only learned of his wife's murder several days ago. Since then the detectives have been on the lookout for him. Last night he was about to take a train for Harrisburg when he was arrested. The attempted suicide followed.

Dr. Bull's Cough Syrup is sure to cure incipient consumption. This remarkable remedy will stop the wasting away of the patient, and in a short time effect a cure.

Disorderly Negro Soldier Killed. Mason, Ga., Dec. 22.—Private Turner, of the Sixth Virginia regiment, was shot and almost instantly killed by O. A. Thrower, a street car conductor, yesterday afternoon. Turner, very drunk, boarded Thrower's car and used vile language in the presence of ladies. Thrower pulled him out of the car to the rear platform. While Thrower was assisting a lady off the car the negro kicked him several times and applied more vile epithets. Turner went back on the trailer, but soon returned with a knife in his hand and swore he would cut Thrower's head off. As he stepped on the platform Thrower fired, the bullet striking the negro in the mouth. He died in 15 minutes. Thrower was arrested.
