We are of the opinion, however, chat Lieutenant Hobson is making himself ridiculous in the eyes of his fellow officers of the navy. In fact, despatches from Washington indicate that such is the case. Inasmuch as Hobson is regarded as a wonderful here is connection with the sinking of the Merrimac, it may seem harsh to say it, but the plain, unvarnished opinion of many of his admirers is that he is possessed of what is known as the "swelled head." These kissing incidents have certainly made him ridiculous in the eyes of the people.
