A Cure for Constipation.

I have been troubled with constipation for years. It was ruining my health, my comfort and my complexion, and I am glad to say that Celery King has restored all three, and this after trying many other medicines that were supposed to be good, but which were of no value whatever. I would like to tell every suffering woman what Celery King has done for me.—Nellie Gould, Medina, Ohio.

Celery King curass diseases of the Nerves, Homach, Liver and Kidneys. Soid by druggists, 25 and 50c.

Disinterring Montauk Post's Dead New York, Dec. 27,—Arrangements were completed yesterday for disinterring the bodies of the soldiers who were buried in the improvised cemetery at Camp Wikoff, Long Island. Lieutenant William F. Chase, of the Sixth ar-tillery, will supervise the work. Forty coffins were shipped yesterday to Mon-tauk. The bodies will be buried in the military grounds in Cypress Hill cem-etery, in East New York. At the head of each grave at Montauk Point was placed a bottle, in which was sealed a slip of paper with all particulars ob-tainable concerning the dead. By this means there will be no trouble in iden-tifying the bodies. There are about 200 dead buried in the cemetery at

TANDEM BEATS MOTOR.

Harry Elkes' Performance at Madison Square Garden.

THE "LOCOMOTIVE" COLLAPSED.

But Before the Accident to the French man's Petroleum Motor the Human Pacemakers and Their Follower Had Demonstrated Their Superiority.

New York, Dec. 27.-The question of supremacy between human and ma chine pacemaking for bleycle racers has yet to be determined. Last night, at Madison Square Garden, the Ameri can Cycling Racing association held one of its tournaments, where amateurs and professionals struggled hard for honors, and the night's program was to have been wound up with a 20 mile race between H. D. Elkes, the world's hour champion, of Glens Falls, N. Y., paced by regular pacemakers, and Jay Eaton and Teddy Goodman, paced by the French machine.

two lengths, with Caldwell and Kreamer separated by half a wheel for second honors, F. L. Kramer, of East Orange, N. J.,

won the half mile race for amateurs by a liberal margin, and during the final heat he always held his competitors safely. Kreamer, of Chleago, wrested the professional laurels from Hedstrom in

the one mile race, defeating the Brooklynite in the final heat by a length and a half, after a very pretty contest in the last lap.

The tussle between human pacemak-

ers and the petroleum motor cycle, which was the event of the night, began shortly after 11 o'clock. Fournier, the French expert, made more than a dozen laps of the track to get his ma-chine up to racing pace before the pistol cracked for the start, and then Jay Eaton jumped in schind the "loco-motive," which was on the pole, while Elkes got in behind his tandem soon took a commanding lead. In the first lap Elkes passed the machine, and up to the end of the first mile gained constantly. In the second mile the human pacemakers gained a very decided advantage and had a lap to their credit when the two mile mark was passed. During the third mile the driving strap on the motor cycle snapped with a loud crack, and Fournier had to pull up. Then Eaton, who saw that the task of overtaking Elkes unpaced was hopeless, got behind the latter and Elkes slowed down a bit. All interest in the race was lost, as Elken had a lap to the good and there was no chance of his opponents catching him. Eaton was chosen to ride the first ten miles behind the motor, and after the break he finished his ten miles behind Elkes, Then Teddy Goodman tackled separate pacemakers. Goodman soon found his pacers too slow, and tacked on behind the Glens Falls rider, who was flying around the track. At the end of the 18th mile Elkes had a lead of one mile, but he did not relinquish his fast pace, while Goodman was taken up by several fresh tandems. In the last iap of the 17th mile Elkes rode ahead of his pacemakers, and finished the distane in 41 minutes, 41 2-5 seconds, with Goodman almost a mile behind. Jimmy Michael's time for this dis-

tance over the same track was 40 min-utes, 39 seconds. Harry Gibson, of Cincinnati, a lad of 16, rode an exhibition half mile paced by a tandem in 59 4-5 seconds. performance stamps the young Ohioan a crackajack, as the time made beats that of Tom Cooper over the same

track by one-fifth of a second, The final of the one mile amateur handicap was a rattling good race, and Schrieber won by half a wheel from C. M. Ertz after an exciting struggle. Both men started from scratch, but Schrieber always showed in front, and not a few of the spectators thought that Frank, whom the indges placed third, had beaten Ertz by a narrow margin for second place.

insufficiently nourished. Improperly or ficient nourishment is starvation.

When a man's head aches it is because the tissues of the brain do not recrive sufficient nourishment from the blood, or receive impure and unhealthy nourishment. When a man gets nervous and sieepless, it means that the blood is not properly nourishing the nerves. When his skin breaks out with blotches and pimples and eruptions, it means that the skin is being fed upon the impurities of the blood. Almost every known disease is primarily due to improper nourishment through the blood, which is the life-stream. Dr. Pierce's Golden Medical Discovery is the greatest of all blood makers and purifiers. It gives edge to the appetite, corrects all disorders of the digestion, makes the assimilation of the life giving elements of the food perfect, invigorates the liver, promotes secretion and excretion, and vitalizes the whole body. It makes firm, muscular flesh, but does not make corpulent people more corpulation. does not make corpulent people more cor-pulent. It cures of per cent. of all cases of lingering coughs, brouchial, throat and kindred affectious, which if neglected, lead up to consumption. It is the best of all nerve tonics and restoratives.
