Comrades, Attention.

I served from '61 to '64, and was wounded on May 10, 1864, in the Battle of the Wilderness. I would like to have my old comrades know what Celery King has done for me. In 1830 my old complaint, chronic diarrhees, came back. The doctors could not stop it, but Celery King has cared me, and I am once more enjoying life.—Frank Rechler, Owosso, Mich. (Co. F. 49th N. Y. THE CUBANS PEACEFUL.

They Yield Gracefully to General Ludlow's Decision.

WILL CELEBRATE LATER ON.

In the Evacuation Ceremonies the Son of General Wade Will Holst Our Flag Over Morro Castle, and Fitzhugh Lee, Jr., Over Cabanas Fortress.

Havana, Dec. 3L-In the evacuation ceremonies tomorrow Lieutenant Wade, the son of Major General Wade, will raise the American flag over Morro Castle and Fitzhugh Lee, Jr., Cabanas fortress. It appears that the Spanish naval authorities have offered to sell privately the signal flags, staffs and other nids to navigation at Morro Castle. When the United States military commissioners heard of it Briga-fler General Clous protested to Captain General Castellanos. The latter, who said he was quite unaware of any such attempt, promptly issued orders to the contrary.

The address of the Cuban Junta Patriotica, regarding the abandonment of the proposed evacuation demonstrations has been widely circulated. It Is no follows:

"To the people of Havana: In accordance with the wishes of the American authorities, the directory of the Junta Patriotica, after consultation with the main committee, has agreed to suspend the festivities planned to celebrate the independence of the isl-and. In a reasonable letter to the commission charged with presenting the festival program General Ludlow has indicated the desirability of suspending for the present public demonstrations owing to a rumor that at the present moment, when the Cuban police ar not yet organized, there might be sominterruption of public order, in the preservation of which all citizens, and especially all Cubins, are deeply in-

"At the same time General Ludlow declares that the American authorities are in full sympathy with the joyous feeling of the Cubans, and that, when the situati they will take pleasure in promoting such festivals as have been proposed, and will even participate in them. But the American authorities are convinced that the present moment is not opportune for celebrations.

In view of the fact that the considerations thus urged are quite in accord with obvious good judgment, the representatives of the directory have determined to suspend the festivals arranged for the coming week, which will be carried out as soon as circumstances permit. The directory regrets the existence of such doubts and misgivings as prevent the carrying out of the program as projected, but they have agreed to recommend to the Cubans to co-operate in maintaining order during the change of flags and in the days following, because they are coned that the moderation and orderly behavior of the Cuban people at these moments will powerfully influence the future destiny of our country."

I believe army chaplains can do great good if provided with proper equipment in the way of tents, music, lights and lumber for seats etc. I have no complaint my-self, because the officers and men in our regiment have voluntarily helped provide these things. But chaplains generally are not so fortunate, and it was for them I spoke, and I repeat that unless they are better outfitted for work they had better be omitted from the army scheme altogether."
