Prevent Preumonia

Prevention is always better than cure, even when cure is possible. But so many times pneumonia is not cured that prevention becomes the natural act of that instinct of selfpreservation which is "the first law of nature." Pneumonia can be prevented and is often cured by the use of Ayer's Cherry Pectoral.

POLITICAL PARAGRAPHS.

The Local Democrats Preparing for the February Election.

The Democrats of town yesterday issued an official notice, through the standing committee, designating the time and place for holding the party primaries which are fixed for the 10th inst. So far there has been very tittle interest manifested in the Spring elections and caudidates are slow in as both parties are concerned. In the First ward Councilman Lally has been induced to seek a re-election. His friends point to his record on Council as one that deserves en-dorsement at the hands of his constituents. Like all men in public position he has his political enemies and will meet with opposion in the person of Thomas Tracy. The lications are it will be a friendly and ineresting contest. Richard McHale, the chool teacher, will be a candidate for Council n the Fitth ward against the present mem ber, Councilman Murphy. The latter is a tower of strength in that balliwick and has he workers with him. In the Fourth ward t is said ex-Councilman Kerns will again seek to regain his seat in the muncipal body. No candidates are so far announced in the second and Third wards on the Democratic side, but a number of them will likely bob

Speaking of Democratic politics, and the successful local leaders, brings to mind our friend P. J. Mutholland. His promisence in the party's councils, in the borough, county and state, has naturally caused the enmity some ambitions party men who aspire to leaders, but that doesn't worry the genial P J He is not looking for personal gain, Shenandeah has many Democratic leaders who have won their spurs in many hard fights, but among them all none deserve more at the bands of the party than genial P. J. Mul-bolland. He has always contributed liberally to his party's success, while those who bark at his heels are generally found sucking the party teat. In the recent distribution of the loaves and fishes. Mulholland is given a large amount of the credit for landing several nice plams for Shenandeah, notably those of Dr. Monaghan, Patrick Graham and Mrs. Lambert as employes at the Almsbot P. J. is all right, as a successful politician and his advice is generally sought by members of his party.

The Democratic Senators at Harrisburg amused themselves, and did no harm thereby, in selecting a "slate" on the Senate appointments. Senator Higgins drew the chief clerk and a folder, and named Frank Hanna, of town, for the former place, and George Cunningham, of Mahanoy City, for folder. Mr. Hanna is naturally pleased with the "honor," but will hardly resign the secretaryship on the School Board to go to Harrisburg. He doesn't like the climate at the state espitol.

It is again reported that ouster proceedings will be instituted against Coroner Bleiler and Poor Director Horgan, because of alleged ante-election promises. Charles A. Snyder, Esq., is said to be preparing the necessary papers. Judging from recent events the Democrats are great promisers.
