and common carelessness can make a combination strong enough to defy all the healing skill of the physician. Common carelessness lets the cold root and grow. Common carelessness says, between paroxysms of coughing, "It will be all right in a day or two," and the common end is confirmed lung trouble, perhaps consumption. The common-sense treatment of a common cold is a prompt dose of Ayer's Cherry Pectoral. It is the most efficient and reliable cure for colds and coughs, and is constantly prescribed by physicians.

R. HAYNES, M. D., Saranac, N. Y., says:—
"I have used Ayer's Cherry Pectoral in my practice since 1858, and have always found it reliable for the cure of colds, coughs, and all lung diseases."

His Name is Legion.
You have met him, so have we. Who? The man who is dissatisfied with his calling. He learns that a publisher gets 10 cent a line for borough and county printing. That legal and election notices pay a good price. He learns that people sometimes pay considerable money to have an unfavorable story buried; that candidates for office pay for articles in their favor; and that others pay the editor for keeping quiet. Lastly he learns that a printer can be secured for \$10 a week to do all the mechanical work, leaving for himself but the worry as to what to do with all the expected revenues. He publishes a newspaper, accordingly, and becomes one of the number of men who have become responsible for the depraved journalism in this county. He buys, sells and traffics with virtue and honor, using the newspaper as a means for his diabolical work.

GRAND JURY REPORT.
They Recommend the Suppression of the
Shot Machines.

The report of the grand jury shows that they acted upon 97 bills of indictment, 75 of which were returned as true bills and 18 as no true bills. The costs were placed on the prosecutor is twelve of the ignored bills, and four on the state. They visited the county and elsewhere and found everything in good order, and endorsed the improvements at the latter institution as recommended by previous grand juries as to water supply, slaughter house and enlargement of the insane department.
"We fully agree with former grand juries that some remedy should be provided to prevent the return to court of so many petty cases that should never have been entertained by the Justices of the Peace. We would gladly visit them with the costs were we empowered to do so. We recommend that our members of the Legislature from this county make a strong effort to secure legislation enlarging the powers of grand juries, in the disposition of costs or some other remedy that will check this evil. Very many of the cases returned are so trifling that a warrant should never have been issued in them."
"A great evil in this county at present is the abominable nuisance known as shot machines, and other games of chance in almost every saloon and hotel in the county. In the case returned to this term of court, and acted upon by us, we believe the defendant is one of the strictest observers of the law in the county, and it is unfortunate for him that he is the only one to suffer, where the nuisance is so widespread and general. This evil should be suppressed."
"From our examinations of the cases before us, we wish to call the attention of the court to the following saloon-keepers and liquor dealers who, in our opinion, have been guilty of violating the liquor laws by selling on Sunday; in fact, some of the cases returned grew out of this breach of the law. The names are as follows: John Kutsch, Middleport Borough; Stani Aniloski, McAdoo Borough; Andrew Boklar, Mahanoy City; Elias Lewis, of Tamaqua."

Judge Hecht directed the Clerk of the County to mark the applications of the above mentioned saloon-keepers, who are reported as violating the law, and also the application of John Glover, of Tamaqua.
Two million Americans suffer the torturing pangs of dyspepsia. No need to Barlock Blood Bitters cures. At any drug store.
Engagements from Tamaqua.
The town of Tamaqua is stirred up over two engagements from that place. One occurred Saturday afternoon and the other yesterday morning. The first couple to leave were Benjamin Treasure, aged 35 years, whose return with his bride from Kansas, was recently given considerable publicity in the county papers, and Miss Florence Willingsale, aged 17 years. The father of the latter declares he will have his daughter back. The principals in the second engagement were William Mengle, formerly of the schoolship "Saratoga," and now employed as a stationary engineer at Philadelphia, and Miss Mary Mills, daughter of Rev. William J. Mills, pastor of the Methodist Episcopal church at Tamaqua. The destination of neither couple is known. The parents in both cases were opposed to the unions.

Those "Expert" Auditors.
From Ashland Record.
The auditors of the Girard Saving Fund and Loan Association should not carelessly associate the names of innocent persons with any crookedness shown to exist in that fund. A case in point is E. C. Wagner, whom they charge with having received money on free shares at a time when he had no stock on the roll book. Had they examined the order stubs more carefully or seen Mr. Wagner personally the matter could have been presented in a clear light and in a perfectly satisfactory manner. In 1891 Mr. Wagner received an order for \$100, as administrator for the surrender of one share of stock held by the Natess estate. We learn the auditors have since discovered their own error as "expert accountants" and set Mr. Wagner right before the public.

Dewey is a Republican.
Admiral George Dewey is a Republican. His brother, Charles, of Montpelier, Vt., said so on Saturday. Rumor has often had it that Dewey was a Democrat, but this puts to rest all such stories. Said his brother: "The statement is frequently made that George is a Democrat. Nothing could be farther from the truth. He is a Republican from birth and conviction, as all the Deweys are."

Finney Gets no Increase.
Some time ago Assistant United States Treasurer John F. Finney, at Philadelphia, made application for an increase in his salary. On Saturday he was notified that his application for an increase of salary had been refused by the Treasury Department. His present salary is \$4,500 per year, and his many friends here were in hopes that it would be increased.

Cutting Off Free Passes.
The cutting off of hundreds of passes on the Lehigh Valley may seem like a hardship to many who in the past have been favored with these desirable passes, but it simply means that the Valley is being conducted on a business principle just the same as the dry goods or grocery merchant conduct his store.
Deaths and Funerals.
Frank Mullin, of Ashland, died at his home at that place on Saturday, aged 43 years. He had long been in failing health. The deceased was supervisor of that town at the time of his death. He leaves a wife and six children and the funeral will take place tomorrow morning.
James Gormley, aged 25 years, formerly of Buck Mountain, near Mahanoy City, died at the home of his sister, Mrs. H. L. Burkett, in Philadelphia, on Thursday. His mother, Mrs. Margaret Gormley resides at Mahanoy City.
The funeral of Theodore Kimmel took place this morning from his late home in Pottsville.
May, 24 year old daughter of Thomas and Marguerite Lowrey, of 310 West Lloyd street, died last evening from scarlet fever. Another child in the same family, Marguerite, aged 5 years, has been suffering from diphtheria, but is now convalescent.
Several people of town went to Port Carbon to-day to attend the funeral of the nineteen-year-old daughter of Robert Roberts, of that place.

CITY TREASURER SLAIN.
Found Dying in His Office, Which Had
Been Robbed.

New Castle, Pa., Jan. 8.—John Blevins, city treasurer of New Castle, was found Saturday midnight in his office unconscious and dying. His head had been beaten to a jelly, the safe broken open and perhaps \$200 in money taken. Saturday evening Blevins went to the tailor for a new suit of clothes. The garments were not ready, and he went to his office, which is over the jail, to wait until the tailor had finished. When at midnight he had not returned home his son went to his office. He found his father lying on the floor, unconscious in a pool of blood. He died soon afterwards. Three robbers and murderers left no clear to their identity. The prisoners in the jail said they heard a sound as of something falling about 9 o'clock, and that was about the time Blevins went to his office.

The city council and county commissioners each offer a reward of \$2,000, making a total of \$4,000, for the arrest and conviction of Mr. Blevins' murderers. It is now certain that the crime was committed by some one who was well acquainted with the office, and with the dead man also was well acquainted.
Dr. Bissel Buried.
The funeral of Dr. A. P. Bissel, took place from his late residence at Mahanoy City, yesterday morning. Services were conducted in the Presbyterian church by the pastor, Rev. T. M. Morrison. Interment was made at Tankhannock.

Explosion of Gas.
William Kosonick, a miner at the Beck mountain colliery, was burned about the head and face by an explosion of gas on Saturday. He had fired a shot and returned to the breast with a naked lamp when the gas ignited.
