OUR COUNTRY: First, Last and Forever.

An exchange says there is no hilarity in the Quaker camp. They may be tired, but they are not tired. The "old man" has a rump and up his sleeve.

The legislature reassembled yesterday, counted the official vote for Governor and other state officers, and then adjourned until Tuesday. They are earning their salaries.

It really makes no particular difference whether trade follows the flag, or the flag follows trade, so long as both trade and the flag are continually growing bigger, broader and better.

An Empty Honor.

It is evident that some of the Democratic leaders of this state have a painful misconception of the present political situation hereabouts. Pennsylvania has so emphatically demonstrated the fact that it is not a Democratic state, it might have been supposed that no one in his right senses would dream it possible to elect a member of that party to the United States Senate to succeed Mr. Quay.

The Kidney Complexion.

The pale, sallow, sunken-cheeked, distressed-looking people you so often meet are afflicted with "Kidney Complexion." Their kidneys are trying to do a persipit color so is their complexion. They may also have indigestion, or suffer from sleeplessness, rheumatism, neuralgia, brain trouble, nervous exhaustion and sometimes the heart acts badly. The cause is weak, unhealthy kidneys. Usually the sufferer from kidney disease does not find out what the trouble is until it is almost too late, because the first symptoms are like mild sickness that they do not think they need a medicine or a doctor until they find themselves sick in bed. Dr. Kilmor's Swamp-Root will build up and strengthen their weak and diseased kidneys, purify their complexion and soon they will enjoy the best health. You can get the regular size at the drug store at fifty cents and one dollar, or you may first prove for yourself the wonderful virtues of this great discovery, Swamp-Root, by sending your address to Dr. Kilmor & Co., Binghamton, N. Y., for a sample bottle and a book that tells all about it, both sent to you absolutely free by mail. When writing kindly mention that you read this liberal offer in the Shenandoah Herald.

The Spring Election.

There is much indifference noticeable on the part of the taxpayers as to the Spring election, which will be held on the third Tuesday of February. The Democrats will hold their primary elections next Thursday, and one week from that date the Citizens party will make their nominations. It will thus be seen that the time is none too soon to draw attention to the apparent indifference on the part of the voters. This applies alike to both political parties.

DEPEW FOR SENATOR.

The Famous Orator Will Represent New York in Congress. Albany, Jan. 12.—Governor M. Depew was unanimously chosen as the candidate of the Republican party, as represented in senate and assembly, for United States senator at a joint caucus held in the assembly chamber last night. The election will be held in both houses next Tuesday, and on Wednesday both houses will meet in joint session to declare the result. Chanancy Mitchell Depew, chairman of the board of directors of the Vanderbilt systems of railroads, was born in Peekskill, N. Y., April 23, 1854. In 1876 he graduated from Yale college, and in 1877 from the degree of L.L.D. was conferred on him by that institution. In 1880 he took the stump for Abraham Lincoln, and has ever since been known as a "splitter," and his services as an orator have always been in demand. In 1881 he was elected secretary of state of New York, having previously served in the state assembly. During the Johnson administration he declined the Japanese mission. In 1872 Mr. Depew was the unsuccessful candidate for lieutenant governor on the Federal Republican, or Greenback ticket. In 1881 he was within ten votes of being elected United States senator, and in 1885, when his election was assured, he declined the honor. He has been a delegate to several national conventions of the Republican party, and in 1888 was himself a candidate for the presidential nomination, securing 59 votes on one ballot.

THE PEACE TREATY.

Comments of the Treaty Professors to be Reported by the Herald. The supporters of the peace treaty in the senate had their first contest over that document yesterday in executive session. While the debate technically was upon Senator Berry's motion providing for the consideration of the resolution of ratification in open session, the entire question at issue was gone over in a considerable extent. The discussion continued from a few minutes past 1 o'clock until about 5, when the senate adjourned for the day with all remaining a vote upon the Berry motion.

There were no set speeches in the usual assembly of that phrase. It was a running debate in which Senators Berry, Vardis Hale, Vest, Hoar and others, in opposition to the treaty, met Senators Davis, Frye, Teller, Gray and others in advocacy of it. Probably the most interesting feature of the debate was the fact that many of them did little more than ask questions. There were many animated colloquies between senators and for a time an exceptional degree of feeling was shown.

The discussion lingered entirely upon the contention on the one hand that the public was entitled to know what was being taken place in the disposition of so important a question as the ratification of the peace treaty, and on the other that the debate was sure to develop facts and call forth utterances which should not be given to other nations.

Senator Hoar, for the first time in his life, advocated open sessions, declaring that no fact could be developed in connection with the treaty too important for the American people to know.

Senator Teller's speech was a pronounced declaration for American sovereignty in the islands and was a zealous plea for the recognition of our right as a nation to make conquest and to hold the country taken. He, too, would award the natives fair treatment, but he would have no doubt in his mind that the natives of any one of the United States, and that they were such by right of conquest.

Senators Hale and Hoar announced themselves openly during the session as adherents to vote against the treaty, while the session was in progress a number of Democratic senators held a conference for the purpose of deciding upon a course of antagonism calculated to secure its defeat. They profess to be very hopeful.

Washington, Jan. 12.—The senate yesterday confirmed the nomination of Charles D. Tower, of Indiana, as minister to Austria-Hungary, and Charlemagne Tower, of Pennsylvania, as ambassador to Russia, also Colonel William M. Wherry, Seventeenth infantry, to brigadier general.

Jenks the Democratic Nominee.

Harrisburg, Jan. 12.—George A. Jenks, Democrat, has been chosen to succeed Mr. Vardis Hale as Democratic nominee for United States senator. He was nominated by acclamation at yesterday's caucus in the supreme court chamber. Ex-Lieutenant Governor Chanancy B. Black, of York, was named by his friends and polled 14 votes to 85 for Jenks. Before the result was announced Mr. Black's friends withdrew his name and moved that Mr. Jenks be named the nominee by acclamation.

Disastrous Fire in Nova Scotia.

Halifax, N. S., Jan. 12.—Fire yesterday destroyed half of Bridgewater, a prosperous shipping and mill town on the Bay of Fundy, entailing a loss of \$250,000. Of 25 stores on Main street were destroyed. At 10 o'clock trains began to arrive with the fighting apparatus and help, but by this time Main street was a mass of blackened ruins from end to end, 70 buildings in all being reduced to ashes. Ultimately the exhausted firemen won and saved 200 homes from destruction.

Burned to Death in a Barn.

Bradford, Pa., Jan. 12.—A special fire that took place Tuesday night at a small oil hamlet known as Corduroy. A large barn was destroyed, and in it asleep at the time was H. B. Rice, a young man who carried the mail between Corduroy and Kane. He was burned to a crisp in a bed that he occupied in the building. Six horses were also burned to death. Nothing was saved from the structure. A gas stove in the room occupied by Rice is supposed to have caused the fire.

Foul-Smelling Catarrh.

Catarrh is one of the most obstinate diseases and hence the most difficult to get rid of. There is but one way to cure it. The disease is in the blood, and all the sprays, washes and inhalant mixtures in the world can have no permanent effect whatever upon it. Swift's Specific cures Catarrh permanently, for it is the only remedy which can reach the disease and force it from the blood.

Mr. B. P. McAllister, of Harrodsburg, Ky., had Catarrh for years. He writes: "I could see no improvement whatever though I was constantly treated with sprays and washes, and different inhalant remedies. In fact, I could feel that each winter I was worse than the year previous."

"I saw the advertisement for Swift's Specific, and after thinking over the matter, I saw it was reasonable to expect to be cured by a remedy which only reached the source of the trouble. I decided to try it, and after a few bottles were used, I noticed a perceptible improvement. I bought the remedy, the disease was forced out of my system, and a complete cure was the result. I advise all who have this dreadful disease to abandon their local treatment, which has never done them any good, and take S. S. S., a remedy that can reach the disease and cure it."

To continue the wrong treatment for Catarrh is to continue to suffer. Swift's Specific is a real blood remedy, and cures obstinate, deep-seated diseases, which other remedies have no effect whatever upon. It promptly reaches Catarrh, and never fails to cure even the most aggravated cases.

VON KOTZE REINSTATED.

Emperor William Satisfied of the Ex-Court Chamberlain's Innocence. Berlin, Jan. 12.—The latest development in the fortunes of Count Leobrecht von Kotze, former court chamberlain, who not long ago was released from the Fortezza, where he had been sentenced to imprisonment for persistent dueling, is an apparent reconciliation between the count and Emperor William. It appears that the Kaiser, having been convinced of the innocence of von Kotze, gave him an hour's audience, and listened to his explanations and begged to reinstate him in all his former honors.

The further fact that Emperor William has just ignominiously retired Count von Hohenau from the army seems definitely to fix the main goal in the court scandal, which in the early part of 1907, or perhaps the early part of 1908, was the cause of a number of anonymous letters in court and military circles here, whose authorship was charged upon von Kotze, the accusation provoking him to challenge upward a dozen of his traiteurs to mortal combat.

Suicide in a Washington Hotel. Washington, Jan. 12.—Robert C. Porter, a jeweler of Woodbury, N. J., committed suicide Wednesday night at the St. James hotel in this city, by shooting himself in the head. His deed was not known until yesterday, when entrance to his room was forced by a bell boy and his dead body discovered. In his pockets were found \$56 in money, a railroad ticket from Philadelphia to San Diego, Cal., and a note to Representative Loudensacker asking that the money in his pocket be used to defray the expenses of burying his body at Woodbury. It is believed his mind had been affected for some little time. He leaves a widow and three children.

The Hong Kong correspondent of The Daily Mail says that 5,000 additional Americans who had embarked for Iloilo have returned to Manila."

STRONG STATEMENTS.

Three Women Relieved of Fearsful Troubles by Mrs. Pinkham.

From Mrs. A. W. SMITH, 59 Summer St., Hildesford, Me.: "For several years I suffered with various diseases peculiar to my sex. I was troubled with a burning sensation across the small of my back, that all-gone feeling, was despondent, fretful and discouraged; the least exertion tired me. I tried several doctors but received little benefit. At last I decided to give you Lydia E. Pinkham's Vegetable Compound a trial. The effect of the first bottle was magical. Those symptoms of weakness that I was afflicted with, vanished like vapor before the sun. I cannot speak too highly of your valuable remedy. It is truly a boon to woman."

From Mrs. MELISSA PHILLIPS, Lexington, Ind., to Mrs. Pinkham:

"Before I began taking your medicine I had suffered for two years with that tired feeling, headache, backache, nervousness, and a run-down condition of the system. I could not walk across the room. I have taken four bottles of the Vegetable Compound, one box of Liver Pills and used one package of Sanative Wash, and now feel like a new woman, and am able to do my work."

From Mrs. MOLLIE E. HERBER, Powell Station, Tenn.

"Three years ago I suffered with such a weakness of my back, I could not perform my household duties. I also had falling of the womb, terrible bearing-down pains and headache. I have taken two bottles of Lydia E. Pinkham's Vegetable Compound and feel like a new woman. I recommend your medicine to every woman I know."

SITUATION AT ILOILO.

The Filipinos Are Uncensuringly Active Day and Night.

AMERICAN SOLDIERS DRIVEN OFF

Their Boat Was Carried by the Tide to Quimaras Island—Filipinos Reported Willing to Accept a Limited American Protectorate.

Manila, Jan. 12.—The situation at Iloilo is unchanged. The Filipinos are uncensuringly active day and night. On Saturday they forced some lighters with rock and sank them at the entrance of the river, blocking the channel for all vessels with the exception of launches. All the lighters have been extinguished. Order, however, is maintained with severity, and offenders are promptly shot.

On Sunday one of the Arizona's boats, manned by soldiers, was carried by the tide to Quimaras Island, and while attempting to land there armed Filipinos opened fire on the boat and compelled the Americans to retire.

The Filipinos refuse to have any dealings with the Americans. Vegetables and fruit are not obtainable, business is suspended and the warehouses are full of rotting sugar.

At Manila the situation is critical, but peaceful in spite of the rebel attitude of the Filipinos. It is reported that the rebel government at Mololo is willing that the Americans should establish a protectorate on the condition that they promise to give the Filipinos absolute independence within a stated time. It is also said that the Filipinos will demand official recognition.

Efforts are being made to bring about another conference with the rebels. The educated Filipinos are anxious to avoid trouble, and it is hoped that the military authorities will see before they resort to force. In the meantime, the tension is extreme on both sides.

JUDGE FOR YOURSELF.

Which is Better, Try an Experiment or Profit by a Shenandoah Citizen's Experience.

Something new is an experiment. Must be proven to be as represented. Be successful at home or you doubt it. The statement of a manufacturer is not convincing proof of merit. But the endorsement of a friend is. Now, supposing you had a bad back, a lame, weak or aching one. Would you experiment on it? You will read of many so-called cures. But they come from far-away places. It's different when the endorsement comes from home.

Easy to prove that it is so. Home endorsement is the proof that backs every box of Doan's Kidney Pills. Read this case: Mr. E. Rouse, of the Ferguson House, says: "I was taken with a lame back about four months ago. There was a continuous pain across my loins and a great deal of headache. The kidney secretions were not normal and every movement I made, such as stooping, bending forward, or attempting to lift anything caused sharp twinges to pass through me which held me motionless for a second or two on account of their severity. I learned about Doan's Kidney Pills in some way and procured them at Kirlin's drug store. The first box did me so much good I got another, but I did not have to use half of the second box, before the whole trouble and annoyance were things of the past. Since I took Doan's Kidney Pills there have been no traces of my former troubles and I give them all the credit."
