USE AND ABUSE OF GLASSES.
It is wonderful what a little piece of glass placed before an eye will do if it is right. When right it will relieve headache, nervous strain and numerous ills; when wrong it produces them. If you have any trouble with your eyes you can come to me with the assurance that after a careful examination I will be able to fit the right kind of glasses.

La Grippe Cured
This modern malady has become dreaded not more for its direct fatality than for the weakness of body and mind it leaves behind it. Prolonged debility, permanent prostration, melancholy and sinews follow La Grippe. For this disease there is no remedy superior to Ayer's Cherry Pectoral.

"The best remedy for La Grippe that I know of is Ayer's Cherry Pectoral."
Rev. JOHN K. CHASE,
South Hampton, N. H.
"My wife and five children were taken down with La Grippe, while the disease was so widely prevalent. I doctored them with Ayer's Cherry Pectoral, and before using quite two bottles my family was restored to health. I know of several obstinate cases of this remedy which were also cured by this remedy."

BOOMING HARD COAL.
The Anthracite Coal Operators' Association held a meeting in New York on Wednesday, and plans were adopted in the interest of hard coal. It was the regular quarterly meeting of the Association and two important matters were brought up. One was the proposed independent railroad from Scranton to New York, and the other was the shipment of anthracite to cities of France, Germany and Great Britain.
Secretary Fleming has just returned from Europe, where he had been sent by the association several months ago with a view to securing markets for anthracite coal. Mr. Fleming found that the people on the other side of the Atlantic are ready to use our coal, if it can be delivered in their respective countries at the same price now paid for Welsh coal. It is now known that anthracite can be shipped to Europe and sold at a reasonable price. Mr. Fleming says that the market is there for our coal and the association decided to make the effort to build up a trade. In order to do this vessels may be chartered to take the first consignments to France and Germany. After the market is opened there will be no trouble in securing vessels to carry the coal.
The necessity for the establishment of an independent railroad was discussed, but no definite action was taken, and the matter was deferred until the annual meeting in April.

Senate Cannot Have the Instructions.
Washington, Jan. 12.—The president has decided it is incompatible with public interest to comply with the request contained in the House resolution to supply the senate with the instructions given the American peace commissioners. If any reasons are given for the declination the leading one will be the fact that, as the treaty is subject to action in Spain even after ratification by the senate, its consummation might be jeopardized by the publication at this stage of the confidential instructions.

Minor Accidents.
Jacob Bannan, a junk dealer of Mahanoy City, broke his right arm this morning by falling from a ladder in his storage house.
A team belonging to Adam Winkle, a farmer of Catawissa, ran away at Mahanoy City this morning. Winkle was thrown from his sleigh and received severe cuts on the face and hands.
John Anthony, a miner at Morca colliery, had three ribs broken yesterday. He returned after firing a shot and a lump of coal fell upon him. He was taken to the Miners' hospital.
James Hall, of Mahanoy City, had two fingers of his right hand mashed between a prop and the side of a breast in the Tunnel Ridge colliery yesterday.
Robert Long, of Jackson, leader boss at the Kulekbocker colliery, had his right knee badly injured yesterday by having it caught between the bumpers of cars.
Martin Kolbach, a laborer at Maple Hill colliery, had his right hand mashed yesterday by a falling piece of rock.
James Finnanigan, a miner at the Primrose colliery, was slightly burned by gas yesterday. He was drilling a hole when he broke a feeder of gas and it was ignited by his naked lamp.

A Criminal Greenhorn.
Peter Poland, who came to this country from Poland six months ago, was committed by Justice May at Mahanoy City last night in default of \$900 bail. On the 24th night, Tithmann stole \$170 from trunks in a Mahanoy City boarding house. He was traced to Kingston and arrested there yesterday. He admitted his guilt and said a haw stole the money from him. Just before becoming a resident of Mahanoy City Tithmann completed a three month sentence in the Luzerne county jail on a similar charge.

Wheel Broke.
As a Lehigh Valley coal train bound from Packer No. 3 colliery to Delano was rounding one of the curves on the "southern" outskirts of town last night, drawn by engine No. 59, the axle of the rear car broke. Engine No. 37, pushing the train, forced the disabled car some distance ahead before the train was stopped, but no serious damage resulted. The train was considerably delayed.

We Lead; Others Follow!
Our Great Sale Commences To-day at 10:30 a. m., and will continue for THIRTY DAYS ONLY.
We wish to announce to the public that our annual sale of Men's, Boys' and Children's Clothing and Overcoats is now going on and will last for 30 days only, and after that date our entire stock will be positively sold regardless of cost. In January, 1898, we had a sale that people will remember for years, and we are sure that the coming sale will be even greater, because the mild winter has left a surplus with an immense stock of Heavy Winter Suits and Overcoats. We have everything in the line of stylish Clothing and Overcoats, and as we are compelled to have room for our spring stock we will, after this sale commences, refuse no reasonable offer.

Now we want you to read our list of Overcoat bargains that we are offering for this great sale.

The Overcoat stock embraces the latest styles in light, brown, steel, gray, black, blue, green, tan and mouse colors. They are all trimmed with Skinner satin and the best Italian lining and velvet collars in short and long styles. These are the greatest bargains ever offered before on the same goods and no dealer looking for a good thing will benefit himself considerably by looking them over.
We will not attempt to put any more prices before you, but will prove that this is the greatest Clothing and Overcoat sale ever offered to the people of this community. In order to successfully meet the demands of the people we will have extra clerks to wait on you at once. Stiff and soft hats, worth \$1.50, for this sale only 65 cents.

THE CAUSE REVEALED
The Real Source of Rheumatism is Finally Found by Scientific Discovery.
For years the medical profession and people generally have been inquiring "what is the cause of rheumatism?" Millions have suffered from its strange attacks, have endured in silence and still wondered what could have caused it. Like all great things in this world, the cause is very simple when clearly understood.
Uric acid in the blood is the one great cause of all this trouble, all this pain, all this annoyance, which so often wrecks the life.
But how does this uric acid get into the blood? That is the great question.
Uric acid gets into the blood, poisons the blood, and often ruins the life, because it is not expelled from the system.
But how can it be thrown out of the system?
In one way and one way only—through the kidneys. Is this not simple, is it not reasonable—is it true?
It is because the kidneys are not doing their duty that the uric acid remains in the body, gets into the blood, causes those terrible pains in the joints and muscles and frequently brings on more serious troubles.
There has never been but one way by which the kidneys could be kept in perfect condition and good working order, and that is by the use of that great modern discovery—Warner's Safe Cure. This has been proven conclusively by the millions of people who have used it, by the millions who are in perfect health to-day.
You know this, reader, if you will only stop and think. Recall how many times you have read the grateful words of men and women who have been in the depths of bitterness and who have been restored by using Warner's Safe Cure. There are no un-sold number of people to-day who would be in an exhausted condition from rheumatism if it were not for a constant use of this great discovery.
