

NERVOUS DYSPEPSIA

To Gain Flesh, to Sleep Well, to Know What Appetite and Good Digestion Mean.

MAKE A TEST OF STUART'S DYSPEPSIA TABLETS.

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think their nerves are to blame and are surprised that they are not cured by nerve medicines.

Nervous dyspepsia often does not have any special whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every organ.

In some cases the heart palpitates and is irregular; in others the kidneys are affected; in others the bowels are constipated, with headaches, still others are troubled with

loss of flesh and appetite with accumulations of gas, sour risings and heartburn.

It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of the stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation and headache.

"Some weeks ago my brother heard me say something about indigestion, and taking a box from his pocket said 'Try Stuart's Tablets.' I did, and was promptly relieved. Then I investigated the nature of the tablets and became satisfied that they were made of just the right things and in just the right proportions to aid in the assimilation of food. I heartily endorse them in all respects, and I keep them constantly on hand."

EAGAN'S COURT MARTIAL

Fully Decided on by the President and Cabinet.

DISMISSAL FROM THE SERVICE

Faces the Traducer of the General of the Army - The Personnel of the Court Has Not Yet Been Decided Upon.

Washington, Jan. 15.-The president yesterday announced to the cabinet that he had decided to order a court martial to try Commissary General Eagan for the abusive and violent language he had used respecting Major General Nelson A. Miles, while on the witness stand before the war investigating commission last Thursday. The decision, which was reached only yesterday morning, notwithstanding reports that a court martial had been decided on Monday, met the unanimous approval of the members of the cabinet. The personnel of the court was not taken up, that phase of the action being held to be a cabinet matter, but one that rested between the president and the secretary of war, General Wesley R. Merritt has been mentioned as likely to preside over the court, and a cabinet official said he would not be surprised at General Merritt's designation.

Contrary to general expectation, no announcement of the personnel of the Eagan court martial was made at the war department up to the close of business yesterday afternoon. Adjutant General Corbin, at the last moment, in reply to a question, said that he had nothing whatever to make public touching the Eagan case. Secretary Alger was absent from the war department all of the afternoon, and just before the close telephoned that he would not return to his office during the day. The fact that Secretary Alger was not present at the cabinet meeting was seized on at once as a sign of trouble in the cabinet, and soon the usual rumor of dissensions and an intention to resign were afloat. There was no foundation for these in fact, and Secretary Alger's colleagues promptly and cordially denied them as soon as their attention was drawn to them.

In the absence of the announcement of the details of the court martial there was a good deal of speculation as to its composition. General practice is for a majority of the court to consist of the peers or superiors in rank of the defendant. No officer shall, when it can be avoided, be tried by officers inferior in rank. It will be noticed that the phrase "if it can be avoided" leaves opportunity for the appointment of junior officers.

The mention of General Merritt's name as president of the court was due to the fact that he is the only available major general of the regular army, the others being General Brooke in Cuba and General Miles here, neither regarded as available. The friends of General Merritt are hoping that he will not be selected, fearing that he will be accused of prejudice by one or perhaps both sides.

Secretary Alger last night confirmed the announcement that a court martial for the trial of Commissary General Eagan would be ordered. He made this statement as he was leaving the White House with Adjutant General Corbin after a conference of half an hour with the president. As to the charges to be preferred against the commissary general the secretary declined to say anything, nor would he talk respecting the personnel of the court, adding that this would be announced tonight. General Eagan has not yet been relieved of his duties in Cuba, and the prospect of a trial, but it is understood that the order for his arrest preparatory to trial will of itself carry with it his relief from official duties.

The penalty for the offense with which General Eagan probably will be tried, is confinement in an office, the most severe known in the army, being dismissal. If the court shall find General Eagan guilty, even with extenuating circumstances, they must attach this sentence, and then the only hope for the officer would be in the exercise of clemency by the president, based perhaps upon the court's recommendation.

HORRORS OF HAVANA

As Pointed Out by General Ludlow, the Military Governor.

CITY TWO CENTURIES BEHIND.

Standards Left Havana With Scarcely an Attribute of Modern Civilization.

Havana, Jan. 15.-Some idea of the condition here in Havana and of the real magnitude of the work before the military administration can be gathered from a letter sent recently by Major General Ludlow, military governor of the department of Havana, to the late mayor, Marquis d'Estaban. In reply to a letter complaining that certain United States staff officers had been operating in the majority sphere without consulting him. After an expression of regret that the marquis had been inconvenienced in any way and an assurance that, whatever had been done, no discourtesy was intended, General Ludlow says:

"You must admit, however, that the city of Havana is in a deplorable condition. The Spaniards have left it bankrupt, unable to pay its employees, who have lacked their salaries for many months. The prisons, asylums and homes for the destitute are out of supplies, food or medicine. The sanitary condition is frightful. Almost inconceivable abuses exist which are a continuing menace to the health of the city.

"The Spaniards have left Havana with scarcely an attribute of modern civilization, and practically in the san-

MAJOR GENERAL LUDLOW.

itary condition of a city two centuries ago. For this time being Havana, as well as the island, is in a helpless and destitute condition. The United States is provisionally in charge of the administration of affairs, military and civil. The American government has expended large sums of money for the regeneration of the island, and is ready to spend more. The money which at this moment for the United States military authorities is being used to maintain the charitable institutions of the city is money allotted by the United States as a free gift for this purpose. We have given food rations by the millions and employment to thousands of men who needed it.

"The military authorities have been pillaged almost every building destined for public use, stripping off of everything of value with a few exceptions and leaving behind only the accumulated filth of generations. Within three months will come the wet season, with deplorable possibilities as to the outbreak of epidemics, particularly yellow fever, from which Havana suffers the year round owing to the gross neglect of all sanitary precautions.

"In these circumstances, faced by the gravest emergency, with immediate measure of relief necessary in every direction, with all public institutions to be reorganized and re-equipped, with the streets to clean and pave, the sewers to be built, untold abominations by the thousand to be obliterated and the common people to be educated in the elementary principles of modern civilization, it is simply impossible at this moment for the United States military authorities in every step they take to go through the tedious processes imposed by Spanish methods upon local administration."

In concluding his letter General Ludlow invited the marquis to join him in measures tending to ameliorate the deplorable conditions under which Havana suffers.

LABOR GAINS IN IRELAND

Wanting Power of Parliament Shown in Dublin's Election.

Dublin, Jan. 15.-Judging from the results already known, the Irish elections yesterday were remarkable for the success of the laborites and the waning power of Parnellism. The new feature in that women were allowed to vote for the first time.

In Dublin the representation of labor has been quadrupled, while the Parnellites have secured little more than half their former strength, although, owing to internal dissension in John Redmond's party, it is rather difficult to give an accurate estimate. Mr. Redmond himself has been elected for one ward, but he did not stand for the poll, and therefore missed the opportunity. Timothy Harrigan (member of parliament for the harbor division of Dublin) is in the same boat, having been topped by a new laborite.

In Cork the Parnellites have done better, but they have failed to retain their former ascendancy, having only a majority of one over Parnellites, while the laborites have secured nine seats.

However, whenever the issue was between a Parnellite and an anti-Parnellite and the question was squarely fought the Parnellites were victorious. Speaking generally, there is an increase of nationalist voters, but nothing like a rigorous extension of Unionsism.

Governor Voorhees Inauguration. Trenton, Jan. 15.-Taylor Opera House was filled yesterday when Foster M. Voorhees was inaugurated governor of New Jersey. The oath of office was administered by Chief Justice Magie, who was Governor Voorhees' preceptor when he was a law student. On the stage of the Opera House were seated the members of the state legislature, all officials of the state, occupying a prominent seat was ex-Governor William A. Newell, who was inaugurated governor 42 years ago. In the afternoon and evening Governor Voorhees held a public reception.

Cure the cough and save the life. Dr. Wood's Norway Pine Syrup cures cough and cold, down to the very verge of consumption. Philippines Commissioners Chosen. Washington, Jan. 15.-Advises received from Manila state that the situation on the island is very quiet. The dispatch was to the war department, and proved the most gratifying official news from that quarter received since the state of affairs in the archipelago recently assumed a serious phase. President McKinley announced yesterday that he had finally passed the bill for the reorganization of the Philippine Islands, as follows: Messrs. Schurman, Desver, Clegg, Dwyer and Worcester.

The next step below bronchitis is consumption, the most horrible of all diseases. It is a down-grade hill of disease. The symptoms of bronchitis are tightness in the chest, difficult breathing, soreness, darting, sharp, dull and heavy pain, or a prickly, distressing sensation, accompanied usually by a nagging cough and expectoration. There is no cure for bronchitis unless the pure blood stream and weak and bleeding lungs, unless the blood is purified. Those ailments will last as long as the blood remains thin and weak until the stomach is put in proper shape to make good blood. Dr. Pierce's Golden Medical Discovery is the safest and surest remedy for all the persistent, aggravating, wasting diseases of the throat, lungs and chest, which come in advance of consumption. With it the sufferer can face about the other way, and mount upward on the steps of health. It is an aid to digestion, and helps the weak stomach to do its work properly. It brings about the proper assimilation of food, and thus makes the blood pure as the pure blood courses through the veins, all the microbes and impurities disappear, and with them the diseases which they cause. Don't take substitutes which the doctor offers them. Substitutes for Dr. Pierce's Golden Medical Discovery are not to be depended upon. They may contain alcohol or morphine, "Golden Medical Discovery" contains neither. It is a temperance remedy, and creates no desire for strong drink or narcotics.

I had long been a sufferer from chronic catarrh of the head," says Chas. T. Stone, Esq., of Whitford, Chester Co., Pa. It finally developed into a very distressing and disabling condition, with soreness and fullness of the chest. Doctors here pronounced it bronchitis. I tried several Dr. Pierce's Golden Medical Discoveries, and to my surprise, after using any benefit whatever. I then wrote Dr. P. V. Pierce in reference to my case. He advised me to buy Golden Medical Discovery, which I did. It cured my cough, and I am now free from all symptoms of a return of the trouble.

Nearly everybody is more or less constipated, and thus subject to the evils that attend this trouble, such as headache, dizziness, and general debility. Dr. Pierce's Pleasant Pellets cure constipation and biliousness quickly, without griping.

TEN YEARS AGONY FROM ECZEMA

CURED BY CUTICURA

For ten years I suffered untold agonies from Eczema. My face, limbs, hands, feet, neck and back were all covered with it. I had tried every medicine, but it was of no avail. I became almost disheartened, and had lost all hope, when a friend told me to give CUTICURA a trial. I used two boxes of CUTICURA and in two weeks of CUTICURA treatment, and it resulted in an absolute and permanent cure.
