OUR COUNTRY: First, Last and Forever.

A GIRL who wants to marry a Delaware legislator sent him the size of her ankle. Here's a tip for the Shenandoah maidens of questionable age.

A FRIEND at our elbow remarks that the Senatorial deadlocks in Pennsylvania, Delaware and one of two other states is one of the direct effects of Bryanism.

CARBON copy is to have the largest and best equipped zinc manufacturing in the world. This information, of course, is not to be found in the calamity-howling sheets.

As filibusters the "ants" at Harrisburg seem to be a howling success. It is now reported the friends of the McCarrell bill will withdraw that measure to save it from defeat.

The Citizens Ticket.

Those of our citizens who affiliate themselves with the Citizens party, on Thursday placed in nomination candidates for borough and ward offices, and the harmonious spirit evidenced in the selection of the various nominees, and the magnanimity displayed by the defeated candidates, is a harbinger of success at the polls in February. The men who have secured renomination have been tried and not found wanting, and we feel assured that the new men will prove themselves faithful guardians of the people's interests.

There are but two borough offices to be filled this year—that of High Constable and Borough Auditor. The Citizens nominees for these positions are in every way capable for the duties of the respective positions. The High Constable has too long been looked upon as a mere pensioner, drawing his pay and giving no equivalent therefor. Mr. Hopkins is in no way incapacitated for the duties of the position, and will faithfully perform them. Can as much be said of his Democratic opponent?

The people have come to look upon the position of Auditor as one of much importance. We violate no confidence in saying that the "young man" who has been nominated in opposition to Mr. Watkins will find that the people demand a person of mature years, who has at least some knowledge of the duties of the office to which he aspires, and thus avoid the necessity, as in the past, of securing some other man than the regularly elected Auditor to do the work. Mr. Watkins is fully conversant with the duties and is capable of performing them.

The Citizens nominees for Council and School Board, of whom we will speak at more length as the campaign progresses, are exceptionally strong candidates, and they will no doubt receive the undivided support of their party voters. Hundreds of Democrats this Spring will vote for the Citizens candidates, as a rebuke to one or two self-assumed leaders in their party, who have forced themselves upon the Democracy in the hope of pecuniary reward and whose support of the party is actuated solely from mercenary motives.

The Democracy of this town have any number of able and, we might add, brilliant leaders, under whose management the party has been invariably successful, but even these men revolt against the mercenary "interlopers" referred to above, and, as a consequence, are lukewarm in their support. For these and other reasons the opposition to the Citizens nominees is anything but a harmonious family, and the success of the Citizens ticket is practically assured.

PEACEFUL SANTIAGO.

Reports of Lawless Acts Have Been Greatly Exaggerated.
Santiago de Cuba, Jan. 28.—After a thorough investigation, including careful inquiries among the planters, merchants and business men of all classes in the entire district of Guanatanamo, it is safe to say that the reports of incendiaries, pillage, sugar cane burning and other lawlessness in this region have been greatly exaggerated. Probably the Guanatanamo district is as peaceful as any other portion of the province of Santiago. There is a large Spanish element in Guanatanamo city, and these people seem to have endeavored to give all unfavorable reports a malicious tinge.

For instance, a single horse is stolen. Immediately the Guanatanamo Spaniards represent that a body of bandits is at work. Such cases could easily be multiplied. The Cubans believe that the man who was arrested on the 26th morning and later lawlessly in this region have been greatly exaggerated. Probably the Guanatanamo district is as peaceful as any other portion of the province of Santiago. There is a large Spanish element in Guanatanamo city, and these people seem to have endeavored to give all unfavorable reports a malicious tinge.

Spanish Bank Cannot Collect Taxes.
Washington, Jan. 28.—The war department ordered this day that, pending the Spanish bank of Havana shall collect the taxes in Cuba for the fiscal year ending June 30 next, was yesterday revoked by the secretary of war. General Brooks was called to establish a system for the collection of taxes, introducing such machinery as in his judgment may be necessary for the purpose.

THE SOUVENIR ANNUAL PILGRIMAGE.
Constantinople, Jan. 28.—Sultan Abdul Hamid made his annual visit to Stamboul by water yesterday to kiss the mantle of the prophet. The usual elaborate ceremonies were observed. Throughout the week the police have been taking extraordinary precautions to secure his majesty's safety, and many arrests have been made. On Thursday they visited all the drug stores and hermetically sealed all deposits of chlorate of potash. This was done to alleviate the military fear of being attacked by explosives. A plot to assassinate the sultan has been denounced by a conspirator, but the police, by too precipitately arranging for the plot, enabled several others to escape.

ARMY REORGANIZATION BILL.

Military Committee Makes a Concession to Its Opponents.
Washington, Jan. 28.—The opposition to the army reorganization bill on the Republican side of the house has become so strong that yesterday Chairman Hall of the military affairs committee, decided it would be wise to abandon the idea of providing directly for a regular army of 100,000 men. He announced that the committee would offer amendments to reduce the number of enlisted men to about 60,000, but lodge in the president's discretion the authority to increase the army to a maximum of 100,000.

Mr. Johnson of Indiana, who took a prominent part in the fight, after the general debate closed declared that he would support the bill as amended.

CHAIRMAN JOHN A. T. HULL.
The purpose of the bill was to have an army of 100,000 either by direct authority or by the exercise of the president's discretion, and he declared his purpose to fight to the bitter end the machinery which was being forged for a colonial system.

Particular interest was manifested in the senate yesterday in the brief speech delivered by Senator T. C. Platt of New York, on the general subject of expansion. He took strong ground for the ratification of the pending treaty of peace, and a resolution was offered by Mr. Sullivan of Mississippi, declaring that the ratification of the treaty should not commit the government to a colonial policy. The motion appropriation bill was passed after some debate.

Agontolio's (General Dental).
Washington, Jan. 28.—Agontolio, the representative of Agontolio, authorized the following statement concerning a published report that the government had intercepted dispatches from him to Agutaldio in which he advised that the Philippines would have to fight for their independence, and that now was the time to act: "The statement is absolutely false and is calculated to excite feeling and animosity in this country and to prejudice the Philippine cause. No such telegram has ever been sent by me, and for that reason no such telegram could have been intercepted."

PARSNIP COMPLEXION.

It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the dark, puilty circles under the eyes, the sallow parsnip-colored complexion indicates it. A physician would ask if you had rheumatism, a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing if, after passing or eating an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick dust deposit or strong odor. When these symptoms are present, no time should be lost in removing the cause.

Delay may lead to gravel, catarrh of the bladder, inflammation, causing stoppage, and sometimes requiring the drawing of the urine with instruments, or may run into Bright's Disease, the most dangerous stage of kidney trouble.

Dr. Kilmer's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so easy to get at any drug store that no one need suffer any length of time for want of it.

However, if you prefer to first test its wonderful merits, mention EVENING HERALD and write to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle and book telling all about it, both sent absolutely free by mail.

Earthquakes in Greece Continue.
Athens, Jan. 28.—The seismic disturbances which began in the Peloponnesus, or southern part of the kingdom of Greece, last Sunday morning and which have continued intermittently in the southwestern departments of the peninsula, were very violent again yesterday. In the district of Kyparistia, on the Gulf of Arcadia, a number of houses fell yesterday afternoon. The inhabitants of the region are panic-stricken.

DREADFUL ST. VITUS DANCE.

Mrs. Lewis' Daughter Was Most Terribly Afflicted.

Parents Should Study This Case and Wonderful Cure.

Dr. Greene's Nervura the Remedy Which Made This Marvelous Cure.

Mrs. Jacob W. Lewis, Lisbon Falls, Me., says: "I feel it my duty to write of the great benefit Dr. Greene's Nervura blood and nerve remedy has been to my daughter, Amy. She was taken down with that dreadful disease, St. Vitus Dance. It affected one half of her body and her right side, and she was so bad she could not dress herself, nor comb her hair; in fact, she could not use her hands nor feet and her feet were in constant motion all the time. There was a drawing of the mouth

and half the tongue was affected. I sent and got a bottle of Dr. Greene's Nervura blood and nerve remedy, and she began to get better, and in one week's time she was quite a lot better, and she continued gaining and now she has just finished the fourth bottle, and I am happy to say so much improved she can help me about my work, can wash the dishes as well as before she had it, and her hands and feet are quiet and she is almost entirely cured.

If your child is sick, try this grand remedy, Dr. Greene's Nervura, the prescription of the famous Dr. Greene, 35 West 14th St., New York City, and remember that he can be consulted with regard to cure, personally or by writing.

DEVoured BY CANNIBALS.

Terrible Experience of Shipwrecked Sailors in New Guinea.
Vanuover, B. C., Jan. 28.—After escaping death by drowning 11 of the crew of the ship Mambare were captured and eaten by cannibals of New Guinea. The Mambare was bound for Sydney, Australia, when it was caught in the terrible gale of December. Near Cape Nelson it began to sink. The crew, its cargo, left the vessel in two boats and soon became separated. One boat containing 12 men was finally thrown ashore ten miles from the cape. The sailors were seized by natives from the interior and hurried off to the village of the chief. One man, James Greene, escaped.

The sailors were stripped and bound and killed, one each day. A wild orgie was participated in by at least a hundred savages, who had gathered for the feast. In several cases the sailors were tortured by the old women and children of the tribes. The eyes of one were gouged out. The doomed men stoically watched the elaborate preparations for their death.

In most cases the men were beheaded, their heads being stuck on poles and paraded before the men who were to suffer the same fate. Greene was rescued by a steamer after tramping without food a day and night to reach the coast. The scenes of horror he had witnessed turned his hair snowy white.

THE PEACE DOCUMENTS.

President Will Send Them to the Senate Next Week.

Washington, Jan. 28.—The senate continued the consideration of the peace treaty in executive session yesterday, the doors being closed for almost three hours. Senator Frye, a member of the Paris peace commission, and naturally a strong friend of the treaty, held the attention of the senate during the greater part of this time. Constructively he occupied the floor during the entire session, but he was frequently interrupted by other senators. Most of these interruptions came in the way of questions, but some of them took the form of speeches. This was notably the case with Senator Henry's interruptions. He spoke for some time, and in doing so denounced the treaty in severe terms. Senators Mason and Caffery asked many questions.

Senator Frye devoted himself largely to an explanation of the proceedings of the commission, reading liberally from the record as already printed, but stopping as he proceeded to explain the quotations which he made. He had not proceeded far when he was asked if the president had not originally instructed the commission to only insist upon a certain condition in the Philippine region. To this Mr. Frye replied that he did not feel at liberty to give his interpretation of the president's instructions, but it was not necessary that he should do so, as the president had, he said, determined to comply partially at least with the senate's request for the documents. He spoke of the negotiation of the treaty, and Mr. Frye said he felt justified in assuring the senate that the papers would be received not later than Monday.

One senator reminded him of the representation of Aguinaldo's American agent, Azonello, and asked if he meant to force the Philippine people to actual hostilities, to which Mr. Frye retorted that it was the opposition which was forcing a continuance of the state of war and which would be responsible for hostilities if they should occur.

The "Shim's Court Martials" in the court martial of General Jaundes, who surrendered the Spanish forces at Manila, and similar court martials, are arousing intense interest and heated controversies here. The publication of the proceedings in regard to the destruction of the Spanish fleet is expected to cause a sensation, owing to fresh particulars which are alleged to be forthcoming. Not only the Spanish officers, but all the sailors will be cited as witnesses.

THE CALIFORNIA SCANDAL.

How Wright Secured the Speakership.

Grant's Good Expenditures.
Sacramento, Cal., Jan. 28.—The special committee appointed to investigate the scandal connected with the election of a United States senator filed its report yesterday. The committee finds that Howard E. Wright, speaker of the assembly, received from U. S. Grant, Jr., through his political manager, Milton J. Green, \$300 as a gift and \$750 as a loan; that Wright prior to his election, deceived John D. Spreckles and W. S. Bull for United States senator; he secured Bull's support for the speakership; that by the acceptance of Grant's money and by the solicitation of Daniel M. Burns' influence to secure his election as speaker, Wright led each of those candidates to the United States senate to expect his vote.

The report further states that Milton J. Green, the duly appointed and accredited agent of U. S. Grant, Jr., expended large sums of money, exceeding in the aggregate \$30,000, but the exact amount of which is not ascertained, to secure the election of a Republican legislator. The committee finds that D. M. Burns, Robert Bull, W. H. Barnes and the other senator
