OUR COUNTRY: First, Last and Forever.

THE HERALD'S subscription list took a healthy jump on Friday and Saturday. Ninety-six names were added to the list. The people's favorite paper never goes backward.

MR. BUSINESS MAN, you who have property, are interested in the chemical engine. Then give the Rescue boys a portion at least of your hauling. You will thus be helping along a good cause.

No better indication, says the Pittsburg Despatch, of the pressure of traffic could be afforded than the statement that passenger crews were taken from the local branches of the Pennsylvania Railroad last Sunday, with their engines, to assist in moving the freight accumulating upon the main line. Traffic of this sort means intense activity of general business and the general prosperity of all interests.

THERE is abundant evidence throughout the various wards of a purpose on the part of Citizens generally to give the ticket recently nominated by their party a loyal support. There is no reason why they should not do so. The nominees are good men, who have the welfare of the town at heart, and who will, if elected, perform their duties intelligently, faithfully and honestly. More than that cannot be required, more cannot be expected from any candidate for a public trust.

THE Philadelphia Inquirer very pertently remarks: "Isn't the Pottsville Chronicle just a trifle illogical in insisting that the judges of the Schuylkill county courts shall make public the contents of the letters sent to them opposing the granting of liquor licenses and the names of the writers? The Inquirer opposes star chamber proceedings as strongly as any newspaper in the world, but it still believes in the secrets of the confessional, the secrets of the physician's office, the secrets of legal counsel and also in the secrets of the editorial sanctum. Would the Chronicle divulge its sources of information in important cases?"

THERE can be no question that public sentiment earnestly demands the abolition of the existing system of handling the public money in this state. There is no sense or justice in requiring prompt payment from the county treasurers while the state treasurer can be a law unto himself, so far as paying back what belongs to the communities where the funds are raised. The people pay the taxes without complaining, and their local treasuries should receive the benefit and not be subjected to unfair regulations, especially so as regards the school appropriations. The legislature should take this matter up at the present session and amend the law, as demanded by enlightened public opinion.

THE appeal of the Rescue Hook and Ladder Company, published in our edition of Saturday, should meet with a hearty response at the hands of the people of this town, especially the business men. The members have entailed upon themselves considerable expense in the equipment of the company, purchasing the chemical engine without cost to the taxpayers and property owners of the town, and it is but just to the Rescue boys that they be given proper encouragement. Few companies in the state are better equipped, and none are more efficient and active fire fighters. They give their services gratuitously; endangering life and limb in the protection of others' property. It would be a sad commentary upon the people of Shenandoah to allow the chemical engine to be withdrawn from active service for the reasons indicated. The company in its appeal truthfully and well says: "We have the apparatus for fire defense, but we have not the encouragement for its use." Surely there are a number of business men here with sufficient pride in the town's welfare to circulate a petition among the business houses pledging themselves to support the company by guaranteeing the latter sufficient hauling to keep the chemical team of horses steadily at work. Who will take the initiative?

BATTLE WITH A BIG BEAR.

Bruin Decidedly Objected to Having an Ulcerated Tooth Pulled.

Omaha, Neb., Jan. 30.—An enormous silver tip bear, frenzied with an ulcerated tooth which its master was trying to extract, escaped from its cage in the Creighton theater yesterday and created a panic before being captured. In addition to frightening a number of persons, the big bear seriously hurt its master, Paul Batty, badly lacerated Stagehand McDonald, and tore the clothes off Jake Rosenthal, manager of the theater.

McDonald was assisting Batty to extract the tooth and a crowd of men and boys surrounded the cage of the enraged animal, witnessing the operation. The brute was fastened down with chains and leather bands, but when the trainer touched the ulcerated tooth the bear gave a roar and burst his bonds like paper. With a sweep of his paw he threw Batty and McDonald to the floor and turned upon the crowd around the iron cage.

They flew in every direction, but the cage was demolished in a moment. Manager Rosenthal was climbing into the flies as the enraged beast passed his hiding place. He made one pass at the manager, and catching his frock coat carried it completely away with him. He tore the shoe from one of Rosenthal's feet, and then passed on in pursuit of the crowd.

In the maze of scenery back of the stage the bear vented his fury by demolishing everything in sight. By this time the trainer recovered sufficiently to direct the beating of irons to subdue the animal. His roars could be heard for several blocks. He was finally driven into the cellar of the theater, where, surrounded by a row of redhot irons, he submitted to being bound.

Part of the deckload fell in, killing three mules, and the remainder of the deck cargo, of the value of nearly $10,000, was lost overboard. The deck cargo included 127 hospital tents, 180 hospital cots and a large quantity of lumber and other supplies.

WEALTHY WIDOW MURDERED.

Body Chopped Almost to Pieces and Her Home Robbed.

Pana, Ills., Jan. 30.—Mrs. Mary McIntyre, a wealthy widow, 60 years old, was found murdered in her home yesterday. The body had been frightfully mutilated with an ax. Mrs. McIntyre is supposed to have kept considerable money about her. She lived alone in a small house in the Flatham district, near the scene of several fights recently between the striking union miners and negroes working in the mines. It is supposed the crime was committed two or three days ago. Everything about the place showed that a desperate struggle had occurred. Mrs. McIntyre's body was found chopped almost to pieces and thrown under a bed. Everything of value had been carried off by the murderers. Mrs. McIntyre is said to have sympathized with the union miners in their struggle against negro labor.

TUMOR EXPELLED.

Unqualified Success of Lydia E. Pinkham's Vegetable Compound.

MRS. ELIZABETH WHERLOCK, Magnolia, Iowa, in the following letter describes her recovery from a very critical condition:

"DEAR MRS. PINKHAM:—I have been taking your Vegetable Compound, and am now ready to sound its praises. It has done wonders for me in relieving me of a tumor.

"My health has been poor for three years. Change of life was working upon me. I was very much bloated and was a burden to myself. Was troubled with smothering spells, also palpitation of the heart and that bearing-down feeling, and could not be on my feet much.

"I was growing worse all the time, until I took your medicine.

"After taking three boxes of Lydia E. Pinkham's Vegetable Compound Lozenges, the tumor passed from me.

"My health has been better ever since, can now walk quite a distance and am troubled no more with palpitation of the heart or bloating. I recommend your medicine to all sufferers from female troubles."

It is hardly reasonable to suppose that any one can doubt the efficiency of Mrs Pinkham's methods and medicine in the face of the tremendous volume of testimony.

PROPOSED LABOR LEGISLATION.

Measures That Will Be Presented to New Jersey Lawmakers.

Newark, Jan. 30.—The New Jersey State Federation of Trades executive committee, at a meeting in this city yesterday, decided on a number of local measures, which will be presented at once to the legislature. They include the abolishing of the fine system in factories and stores; the fining of any employe who may remove a safety guard from machinery; making eight hours a legal day's work for all persons who are obliged to attend night school and for all persons engaged on public works; raising the working age of boys from 12 to 14 years; making it compulsory for employers to call in the state board of arbitration when strikes occur, and giving the board considerable power in the way of subpoenaing witnesses and ordering the producing of books; the appointment of two female labor inspectors in addition to the six males; making eight full hours a day's work for the inspectors, and prohibiting them from engaging in any other business.

PARSNIP COMPLEXION.

It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the dark, puffy circles under the eyes, the sallow parsnip-colored complexion indicates it.

A physician would ask if you had rheumatism, a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it; if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick dust deposit or strong odor.

When these symptoms are present, no time should be lost in removing the cause.

Delay may lead to gravel, catarrh of the bladder, inflammation, causing stoppage, and sometimes requiring the drawing of the urine with instruments, or may run into Bright's Disease, the most dangerous stage of kidney trouble.

Dr. Kilmer's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so easy to get at any drug store that no one need suffer any length of time for want of it.

However, if you prefer to first test its wonderful merits, mention EVENING HERALD and write to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle and book telling all about it, both sent absolutely free by mail.

COLORADO'S HEAVY SNOW.

In Some Places It Breaks the Record For Fifteen Years.

Denver, Colo., Jan. 30.—The snow storm which had been raging on the mountains since early last week has subsided. In some places the fall of snow has been the heaviest in 15 years. In and about Leadville serious results are threatened. The supply of coal and provisions in the smaller mountain towns have become exhausted, and suffering must result unless the railroads can be opened. Snowslides are reported from several places, but only from Apex, where three were killed, has come information of casualties. Information from Kokomo is to the effect that great masses of hard packed snow overhangs the town, threatening it with serious damage should they give way. Kokomo was carried away by an avalanche in the early '80's, and the residents are fearful lest this should be repeated now. The South Park road has been tied up between Como and Leadville. Several days ago an attempt was made to run a train with provisions westward through the snow. The train stuck near the Dickey, where it has remained since. A snowslide near Hagerman tunnel, on the Colorado Midland, has blocked that road west of Leadville, and trains to Glenwood have gone over the Denver and Rio Grande tracks. Between Como and Leadville the snow has drifted in the cuts to the depth of 30 and 40 feet. The only road running west and east from Leadville that has been clear is the Denver and Rio Grande.

Three Killed by an Avalanche.

Apex, Colo., Jan. 30.—Three lives were lost in a snowslide here yesterday. The dead are Mrs. W. H. Rudolph and her two children, aged 2 and 4 years. Snow has falling almost continuously during the past week and had reached a depth of 15 feet on the mountain sides. The pack gave away yesterday, swept down on the Rudolph home and carried it away. Rudolph escaped, but his wife and three children were swept away in the avalanche of snow. A searching party rescued the 6-year-old son alive. The other three have not been found.

McMillan Vetoed Gold Bond Bill.

Nashville, Tenn., Jan. 30.—Governor McMillin has vetoed a bill authorizing Memphis to issue bonds for park purposes because the bill allowed the municipal government of Memphis to issue for park purposes gold bonds, with interest payable in gold. He says in his veto that he will not sanction legislation discriminating against United States legal tender coins.

Catarrh is Not Incurable

But it can not be cured by sprays, washes and inhaling mixtures which reach only the surface. The disease is in the blood, and can only be reached through the blood. S. S. S. is the only remedy which can have any effect upon Catarrh; it cures the disease permanently and forever rids the system of every trace of the vile complaint.

Miss Josie Owen, of Montpelier, Ohio, writes: "I was afflicted from infancy with Catarrh, and no one can know the suffering it produces better than I. The sprays and washes prescribed by the doctors relieved me only temporarily, and though I used them constantly for ten years, the disease had a firmer hold than ever. I tried a number of blood remedies, but their mineral ingredients settled in my bones and gave me rheumatism. I was in a lamentable condition, and after exhausting all treatment, was declared incurable. Seeing S. S. S. advertised as a cure for blood diseases, I decided to try it. As soon as my system was under the effect of the medicine, I began to improve, and after taking it for two months I was cured completely, the dreadful disease was eradicated from my system, and I have had no return of it."

Many have been taking local treatment for years, and find themselves worse now than ever. A trial of

S.S.S. For The Blood

will prove it to be the right remedy for Catarrh. It will cure the most obstinate case.

HAD OVER TWENTY DOCTORS.

Stomach and Liver Troubles and No Strength to Work.

Discouraged and Terribly Run Down, Weak and Prostrated.

Dr. Greene's Nervura Took Me Out of My Troubles and Made Me Well.

Mr. George E. Learned, Orford, N. H., Deputy Sheriff of the county says: "I have been troubled with chills and malaria, with stomach and liver trouble, and I have had over twenty doctors at work at my case without receiving any help. I was terribly run down, weak and prostrated, and without strength or ambition to attend to my work. I was pretty well

discouraged, but finally hearing how much good Dr. Greene's Nervura blood and nerve remedy was doing, I began to use it. I tell you Nervura is a great medicine. It took me out of my troubles and made me well."

It cures others, why not you? You can consult about your case without charge with Dr. Greene, 35 West 14th St., New York City, either by writing or calling.

Probably Fatal Boiler Explosion.

Chicago, Jan. 30.—Four men were badly burned, one perhaps fatally, by the explosion of a boiler yesterday in the basement of the Chicago Tribune building. The injured are: Bud Miller, fireman, injuries probably fatal; Charles Ludin, Peter Biege and William Murphy. The men, who had just completed putting in new grates in the furnace of the boiler, were standing directly in front of the furnace when the explosion occurred, and were covered first with live coals, then with scalding water.

Six Prisoners Escape.

Canton, O., Jan. 30.—Six prisoners escaped from the county jail yesterday. They were James Sullivan, charged with highway robbery, and W. H. Cummings, Ralph Carnahan, Charles Reed, Frank Saitor and James Campbell, charged with burglary and larceny. Campbell was a "trusty," and on Saturday night pretended to lock the cell doors. Instead he turned the keys with the bolts outside the grooves, allowing the men the liberty of the corridor. The bars of a rear window were sawed and the prisoners escaped.

'Tisn't safe to be a day without Dr. Thomas' Eclectric Oil in the house. Never can tell what moment an accident is going to happen.

A New Anti-Scalping Bill.

Albany, Jan. 30.—It has been decided to introduce a bill prohibiting the scalping of transportation tickets in this state which will meet the objections raised to the statute enacted last year by the court of appeals. That act was declared to be unconstitutional because it violated the personal rights clause of both the state and nation. It is likely that the ticket brokers of the state will put up a determined fight against the passage of the new measure, and that the contests of last year will be repeated.

ALLIANCE WITH ENGLAND.

British Government Official Publicly Makes the Suggestion.

London, Jan. 30.—Right Hon. Walter Hume Long, president of the board of agriculture, addressing the Farmers' club at Newcastle used the word "alliance" in referring to the future relations between Great Britain and the United States. The frank employement of this term by a member of the government is likely to evoke much discussion, not all of which will be of the friendliest character, inasmuch as seeking an alliance to fight England's battles is not regarded as the best policy to promote an Anglo-American entente.

Mr. Long, who had been discussing the proposals to establish national granaries, and had said "that after all, and in last resort, England's safety depended upon having a navy strong enough to meet any possible combination the nations could bring against her," proceeded as follows:

"I am glad of our improved relations with our American cousins, because they have the true meaning of friendliness. The Americans realize our blood relationship, and have firmly resolved that if Great Britain is called upon to face difficulties she shall not face them alone, but will form an alliance with her wealthy and vastly populous sister country, the republic of the United States."

A PROTEST FROM CUBA.

An Intimation That American Monopolists Would Ruin the Island.

Santiago de Cuba, Jan. 30.—The Cubano Libre publishes a long article setting forth its objections to the projects of foreign capitalists for working "Cuba's virgin soil," constructing railroads, establishing electric light plants and carrying on similar enterprises. "We do not want any one to invest capital in Cuba except the natives," says the paper. "America is proof of what monopolists can do in ruining a country."

The health of Santiago was never better than it is now. Only one death has occurred within the city limits during the last five days. Nothing approaching this immunity is recorded in the history of the city. The vultures, which were formerly the city scavengers, are starving, and now pounce on cats and small dogs—a circumstance very significant as illustrating the changed sanitary conditions.

Miss Sadie Wertheim, age 14, of Toledo, O, was the winner of the *first* prize for execution on the violin at the Brussels Conservatory of music. German critics say she is a wonderful player. It is the greatest distinction to be *first* in anything. For this is statemenship literature, athletics, science and art, men and women put forth their greatest efforts. Washington was said to be "first in war, first in peace and first in the hearts of his countrymen." It is a great thing to be first. Nothing is of more value to mankind and brings greater happiness than a good remedy. Many things will *relieve* but the one that will *cure* is best. Brazilian Balm is such a remedy. Tens of thousands have found that it is the *only* thing that would cure Catarrh and Asthma. For 15 yrs. it has never failed in a single case to cure Asthma, and its record has been as wonderful in Catarrh. Cases that had, to all appearances, run into Consumption, or where the nostrils were entirely stopped up or where the poisonous pus had eaten holes into the throat an inch deep, or where the stomach had become ulcerated and raw from swallowing the germ-laden matter, were all permanently cured. Such a record, unknown to any other remedy, justly entitles the Brazilian Balm to the first place in the regard of the American people. There are 20,000,000 Catarrh victims and countless Asthma sufferers in this country, all of whom can be cured with Brazilian Balm. A $1.00 bottle of Brazilian Balm contains a month's treatment for catarrh or asthma, and for 6 months we will wrap with each $1.00 bottle a month's treatment of Toxicola Tablets, *free*. Toxicola is the best tonic and nerve and strength builder known to science. This is the greatest offer ever made. Ask your druggist and take no substitute. B. F. JACKSON & Co., Mfg.
