OUR COUNTRY: First, Last and Forever.

If this cold weather continues the anthracite trade should experience a healthy boom. It cannot come too soon.

The Ashtabula Telegram denies the rumor that Representative Constable will vote for Quay, and says "there will be no betrayal."

The appeal for assistance by the Hook and Ladder Company should not be met with silent contempt on the part of business men and others.

A HAZLETON exchange says Representative McAndrews has been asked to introduce a bill for the repeal of the act creating the Taxpayers' Association. It falls to give any good reason therefor, however.

It is stated that Senators Flinn and Martin will at once begin a fight against Quay throughout the state for control of the party organization. Their first play will be for delegates to the state convention this year. These two statesmen will find that they will have a bigger job on their hands than the one they encountered at Harrisburg.

According to a statement compiled by Collector of the Port Thomas, the total number of immigrants who arrived at Philadelphia during 1898 was 9532, of which number 5546 were males and 3986 females. This is nearly 1000 less than the total for 1897. Great Britain and Ireland headed the list with 3907, Ireland leading with 1838, Russia came next, with 2444; then Austria, with 1328, Portugal and Spain each sent only one man.

Desirable Legislation. It is very unfortunate that the pending Senatorial contest at Harrisburg almost completely blocks legislation, and for an indefinite period, apparently, as no one can tell when the deadlock will be broken, and a normal condition of things restored. Meanwhile, bills are being introduced and these may be discussed in an informal way and through the press the public can be acquainted with the measures proposed in the interest of reform.

One of these is the bill for the reconstruction of the ballot law, which has many good features and which, when perfected, should be passed. It is intended to make radical changes, and one of the most important is the doing away with the circle at the top of each column and the substitution of a system for grouping candidates, under which the voter will have no excuse for getting muddled or nullifying his own work through voting for two candidates for the same office.

This is a long needed step in the right direction, and in other respects the new bill commends itself to the good citizenship of the state. But there is one important matter left out entirely and which should be provided for as part of the new law, and this is personal registration.

The precautionary rule of the manager of a colored function in the South on one occasion, that no gentleman should be admitted "unless he came himself," was a wise one, and this is pre-eminently the idea which needs to be applied to the registry system in this state, as it long has been in others. Under such a rule impersonation and repeating at the polls is practically impossible. It imposes no needless hardships upon voters. In New York the registry board sits three days and nights, so that those engaged in ordinary occupation can attend to this matter without loss of time or interference with their daily duties.

In some parts of this state the assessment of voters has been a long standing scandal, for which there seemed to be no adequate remedy. The lists have been fearfully padded, and through perjury and defiance of decency, elections in some divisions have been the veriest mockery. Something must be done to put an end to this infamous work, and personal registration is the direct remedy.

It is to be hoped the Legislature will not fail in its duty in this respect. Such an amendment to the ballot

THE SECRET OF A FAVORABLE DISPOSITION.

Mrs. Pinkham Says a Careful Regard for Bodily Health Makes Women Sweet and Attractive to All.

The world is filled with sweet women who are held back from usefulness by some trouble of the female organs. Frequentness and nervousness rapidly destroy sweet dispositions.

Sickly all-worn-out women cannot live happy lives. Nearly every woman may be well and happy if she will follow Mrs. Pinkham's advice. See what Mrs. Craig says: "DEAR MRS. PINKHAM:—I have taken Lydia E. Pinkham's Vegetable Compound and think it is the best medicine for women in the world. I was so weak and nervous that I thought I could not live from one day to the next. I had weakness, uteri and leucorrhoea, and thought that I would die. I had dragging pains in my back, burning sensations down to my feet, and so many miserable feelings. People said that I looked like a dead woman. Doctors tried to cure me, but failed. I had given up when I heard of the Pinkham medicine. I got a bottle. I did not have much faith in it, but thought I would try it, and it made a new woman of me. I wish I could get every lady in the land to try it, for it did for me what doctors could not do."

—Mrs. SALLIE CRAIG, Baker's Landing, Pa. That Lydia E. Pinkham's Vegetable Compound is a safeguard of woman's health is clearly proven by the thousands of letters constantly being received. Here is one from Mrs. W. P. VALENTINE, 306 Furdy Ave., Camden, N. J. "DEAR MRS. PINKHAM:—Before writing to you I felt very bad, had terrible sick headaches, no appetite, gnawing pain in stomach, pain in my back and right side was tired and nervous, and so weak I could scarcely stand. I was not able to do anything, had sharp pains all through my body. Before I had taken half a bottle of Lydia E. Pinkham's Vegetable Compound, I found myself improving. I continued its use until I had taken four bottles, and felt so well that I did not need to take any more. I am like a new person."

form bill should be unanimously agreed to in the interest of all parties. It will work no deprivation of any just right and no harm to any good citizen.

HOW TO FIND OUT.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO. There is comfort in the knowledge so often expressed, that Dr. Kline's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. At druggists fifty cents or one dollar.

You may have a sample bottle and a book that tells more about it, both sent absolutely free by mail, if you send your address to Dr. Kline & Co., Birmingham, N. Y. When writing be sure and mention that you read this generous offer in the Shenandoah HERALD.

Death of Bulgarian Princess. Sofia, Bulgaria, Feb. 1.—Princess Ferdinand of Bulgaria died yesterday of pneumonia. She gave birth to a daughter Monday evening. She was Marie Louise, eldest daughter of Duke Robert of Parma. She was married on April 30, 1885, to Prince Ferdinand, the reigning prince of Bulgaria. She leaves four children.

Hall's Family Pills are the best. Receipts and Expenditures. Washington, Feb. 1.—The report of the government receipts and expenditures for January shows the receipts to have been about \$41,775,000 and the expenditures about \$31,567,000, leaving a deficit for the month of about \$10,208,000. The customs receipts were nearly \$18,000,000, the largest for the month of January since 1893, and an increase of about \$1,200,000 over December. The internal revenue receipts for January will be approximately \$21,000,000, a slight decrease from December, but an increase over January, 1898, of \$2,500,000. The war and navy expenditures in January were about \$23,850,000, an increase over December of about \$1,200,000.

Alarming News From Congo State. Brussels, Feb. 1.—The independence of the Congo State has been a long standing scandal, for which there seemed to be no adequate remedy. The lists have been fearfully padded, and through perjury and defiance of decency, elections in some divisions have been the veriest mockery. Something must be done to put an end to this infamous work, and personal registration is the direct remedy.

OPPOSING THE BOUNTIES. WAS NOT ABLE TO SIT UP.

Minority Report on the Hanna-Payva Shipping Bill. Washington, Feb. 1.—The minority reports on the Hanna-Payva shipping bill was filed in the house of representatives yesterday. It was prepared by Representative Handy, of Delaware, and is a severe and somewhat political arraignment of the measure and those who would receive bounties under it. The report says: "This bill is one that was prepared and brought to congress by a voluntary committee of ship owners and shipbuilders, representing the gentlemen who will receive the bounty which the bill proposes to give from the public treasury. The bill as it is reported to the house is in almost the exact form and grants to a penny the bounties demanded by the gentlemen who are to receive them. The bill is, therefore, naturally and entirely satisfactory to the interests of those who have organized this movement to secure the vast sums carried in the bill as a gratuity to be used in carrying on their private business and enlarging the profits thereof. This bill, however, is a simply for bounties, but for bounties which, once granted, can not thereafter be taken away. If this bill passes the contracts will be quickly made, and once entered into no future congress can in honor break them or refuse to make them. This is the effect of the bill. To do so would look like repudiating a national obligation.

"These bounties will probably soon cost the government \$400,000,000 annually. Of this enormous bounty the lion's share will go to the International Navigation Company. This company will receive in the aggregate more than \$75,000,000. In this bill it is provided that a man who builds a great and speedy ocean steamer shall be paid bounties in 20 years amounting to twice the whole cost of the boat.

"This bill is the offering of more bounty beggars, and should be repudiated by representatives of both political parties. It is vicious in principle and wholly unjustifiable."

A Blizzard in the South. Holly Springs, Miss., Feb. 1.—This section was visited by a severe blizzard Monday night, accompanied by rain, sleet and snow, which froze as it fell. The thermometer fell to five degrees below zero. Yesterday a snow storm arrived, lasting several hours. It is the coldest weather since 1895. Similar reports came from Oxford, Miss., and Richmond, Va.

The Ravages of Grip. That modern scourge, the Grip, poisons the air with its fatal germs, so that no home is safe from its ravages, but multitudes have found a sure protection against this dangerous enemy in Dr. Cassell's Discovery. When you feel a soreness in your bones and muscles, have chills and fever, with sore throat, pain in the back of the head, catarrhal symptoms and a stubborn cough you may know you have the Grip, and that you need Dr. Cassell's Discovery. It will promptly cure the worst cough, heal the inflamed membranes, kill the disease germs and prevent the dreaded after effects of the malady. Price 50c and \$1.00. Money back if not cured. A trial bottle free at A. Waseley's drug store.

The Cuban's Weakness. Santiago de Cuba, Feb. 1.—Yesterday about four o'clock a quarter-master's department discovered, about seven miles from the city, a large quantity of Mauser cartridges. Major Knight sent a sergeant with a small force to secure them. While the cartridges were being taken up a number of the Cubans sprang out of the thicket nearby, said they were guarding the deposit under orders from Cuban officers, and declared that they would prevent its removal. The sergeant replied that the Cubans would have to kill all his men to succeed, as his orders were to take the cartridges, and he intended to obey. The Cubans then retired, protesting.

A Common Danger. If you have ever had a cold which you permitted to "wear away" it may interest you to know it was a dangerous proceeding. Every cold and cough which is neglected lays the way for consumption, bronchitis, asthma or catarrh. Otto's Cure, the famous German throat and lung remedy, will cure any cough or cold and save you from consumption. Sold by all druggists. Price 25c and 50c per bottle.

Five Froze to Death in St. Louis. St. Louis, Feb. 1.—Four deaths from freezing occurred in this city yesterday and one death in East St. Louis. The fatalities are: George A. Clark, aged 45 years, a candy maker; Charles Farler, aged 30 years, laborer; Mrs. Mary Ryan; August Benson, aged 35 years, colored laborer; Mrs. M. Jenkins, East St. Louis, colored. Mrs. Ryan slipped on the ice in her doorway and was stunned. Her husband, George A. Clark, later she was found almost dead from exposure and died soon after. Farler and Benson were both consumptives, and succumbed while searching for work. Clark was overcome by the cold while going to his place of employment.

Deserted Wife's Crime. Killed Her Husband's Young Housekeeper With a Borrowed Revolver. Rochester, N. Y., Feb. 1.—Annie Cox, 18 years old, of Calais, Me., was shot four times and killed yesterday by Mrs. Lexie Provenchia, for whose husband, Henry Provenchia, the girl was keeping house. The Provenchias separated two years ago. The husband, who had been vainly seeking a reconciliation with her, had threatened to kill the girl. Mrs. Provenchia went to her husband's house yesterday afternoon with a revolver borrowed from a policeman in Somersworth, N. H. What occurred is known only from what Mrs. Furse, mother of Mrs. Provenchia, gave to the police as the story told by her daughter. Mrs. Furse said that her daughter said that she ordered Miss Cox to leave the house and to stay out. Miss Cox replied that she would not. Mrs. Provenchia then drew out a revolver and fired four shots, all taking effect in Miss Cox's body. Mrs. Provenchia then returned to her mother's house and told what had happened. Mrs. Provenchia then left the house, going toward the railroad track and getting into a stock car containing horses attached to a freight train, which left soon after. On the way to the train Mrs. Provenchia met a young man whom she knew, to whom she told what she had done. He went to the house and found Miss Cox lying dead in a pool of blood.

Mariae Runs Amuck. Newark, N. J., Feb. 1.—Thomas Reardon, of Belleville, a small town near here, became a raving maniac yesterday and ran through the streets with a knife in his hand, striking at every one he met. Two were seriously injured. They are Mary Coyne, whose skull was fractured and who will probably die, and Miss Manning, a young girl, who was badly injured. Reardon smashed windows and ran into houses and stores, driving out the occupants. He was captured by a crowd of citizens and taken to jail.

GRAY ON THE TREATY.

Peace Commissioner Explains Why He Signed the Document. Washington, Feb. 1.—Senators Gray and Money occupied the entire executive session of the senate yesterday in speeches on the Hanna-Payva shipping bill favoring ratification and Senator Money opposing it.

Senator Gray was the third of the Paris commissioners to speak. He admitted that in the beginning of the negotiations he had been opposed to the acquisition of the Philippine Archipelago, and said that he had freely and frankly advised the president and his fellow commissioners of his belief that it would be unwise to attempt to shape its destiny. He had at last reached the conclusion that he would either have to join with the majority or see the treaty fall and the war continue. In the meantime he had been largely won over by the arguments of his colleagues and by the logic of the situation, and he had at last concluded to sign the convention.

Having taken his position he was here now to defend the treaty as a wise calculation of the when nation as an individual might have to choose between evil. Senator Gray did not advocate permanent occupancy of the eastern islands, but said that the duration of our exercise of sovereignty there should be settled in the future.

The Big Whisky Combine. Louisville, Feb. 1.—Word has been received here that the deal combining all the important distilleries in Kentucky into one great corporation had been successfully completed in New York city. The company is capitalized at \$32,000,000, of which \$12,000,000 is to be preferred stock and \$20,000,000 common stock. The combination includes some 60 distilleries in the various portions of the state.

More Vessels For Dewey's Fleet. Fortress Monroe, Feb. 1.—The Badger has sailed to join Dewey, clearing yesterday for Bahia, Brazil. She is going by way of the Straits of Magellan and carries a full supply of naval stores. The Castine, bound for Manila, also out by the eastern route, is reported sailing from Punta del Gorda. The Helena, another of our gunboats, bound out for Manila, arrived yesterday at Colombia, Cayman.

I Do Think Dr. Greene's Nerveura Does Wonderful Cures. I Was Confined To My Bed With Nervous Prostration. I Had Kidney and Heart Trouble, but Dr. Greene's Nerveura Cured Me.

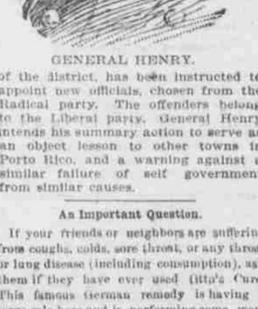

Mrs. Elmira J. Haskins, Essex, N. Y., says: "I do think Dr. Greene's Nerveura blood and nerve remedy does wonderful cures, and the simple truth about it is sufficient to recommend it to all. I was entirely prostrated and confined to my bed by nervous prostration. I was not able to sit up or to do anything for about four weeks. I also had inflammation of the kidneys and some heart trouble, all brought on by overwork. My daughter, who had been taking Dr. Greene's Nerveura and urged me to try it. I procured a bottle and took it, and received so much benefit from it that I got more, until I had used

six bottles. I can truly say that it has done me great good, so that I am now able to do my usual work, and that, too, without pain or suffering. The kidney trouble has been entirely cured, the nervousness has left me."

Another great advantage in using Dr. Greene's Nerveura is the fact that you can consult about your case without charge with the famous Dr. Greene, 35 West 14th St., New York City, either by calling at the office or writing to him.

PORTO RICO OFFICIALS DEPOSED. Military Governor Henry Sternly Re-bukes Official Corruption. San Juan De Porto Rico, Feb. 1.—Major General Guy V. Henry, military governor of Porto Rico, has deposed the mayors and councilmen of Aguadilla and Moca, in the province of Aguadilla, and has temporarily suspended the civil authority in both towns, owing to the incessant political quarrels and the gross official corruption.

Captain Mansfield, Eleventh United States infantry, who is now in charge

GENERAL HENRY. Of the district, has been instructed to appoint new officials, chosen from the Radical party. The offenders belong to the Liberal party. General Henry intends his summary action to serve as an object lesson to other towns in Porto Rico, and a warning against a similar failure of self government from similar causes.

An Important Question. If your friends or neighbors are suffering from coughs, colds, sore throat, or any throat or lung disease (including consumption), ask them if they have ever used Otto's Cure. This famous German remedy is having a large sale here and is performing some wonderful cures of throat and lung diseases. No matter what other medicines have failed to try Otto's Cure. Large sizes 25c and 50c. Sold by all druggists.

say she is a wonderful player. It is the greatest distinction to be first in anything. For this in statesmanship literature, athletics, science were all permanently cured. Such a record women put forth their greatest efforts. Washington was said to be "in a war, first in peace and first in the hearts of his countrymen." It is a great thing to be first. Nothing is more valuable to mankind and brings greater happiness than a good remedy. Many things will relieve but the one that will cure is best. Brazilian Balm is such a remedy. Tens of thousands have found that it is the best thing that would cure Catarrh and Asthma. For 15 years, it has never failed in a single case to cure Asthma, and its record has been wonderful in Catarrh. Cases that had to all appearances, run into Consumption, or where the nostrils were entirely stopped up where the poisonous pus had eaten holes into the throat as an inch deep, or where the stomach had become ulcerated and raw from swallowing the germ-laden matter, were all permanently cured. Such a record, unknown to any other remedy, justly entitles the Brazilian Balm to the first place in the regard of the American people. There are 20,000,000 Catarrh victims and countless Asthma sufferers in this country, all of whom can be cured with Catarrh Cases that had to all appearances, run into Consumption, or where the nostrils were entirely stopped up where the poisonous pus had eaten holes into the throat as an inch deep, or where the stomach had become ulcerated and raw from swallowing the germ-laden matter, were all permanently cured.
