### CATARRH OF STOMACH. A Pleasant, Simple, but Safe and Effectual THAT EMBALMED BEEF. Cure for It.

Catarrh of the stomach has long been cor sidered the next thing to incurable. The usual symptoms are a full or bloating seusation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing ; headaches, fickle spielite, nervousness and a general played out, languid feeling

trouble is found in a trea ment which causes the food to be readily, th roughly directed faced his statement by saying: before it has time to ferment and irritate the delicate mucous surfaces of the stormeh. To secure a prompt and healthy direction is the one necessary thing to do and when normal digestion is secured the entarrhal condition will have disappeared.

According to Dr. Harlanson the sufest and best treatment is to use after each meal a which had been issued to their men-tablet composed of Dist se, Aseptic Pepsin, At the time that I went before the a little Nux, Golden Scal and fruit acids, These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher of 2710 Dearborn St. Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but to-day I am the happlest of men after using only one box of Stuart's Dyspersia Tablets, 1 cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, billiousness, sour stomach, hearthurn and bloating after meals

He Declares, That Chemicals Were Used to Fressve the Meat Sent to the Soldlers-Soldlers Said the Canned Ronst Beef Was Nauseating.

New York, Feb. 1.-General Nelson A. The cure of this common and o'stinate. Miles gave out a statement last night after having denied several published interviews attributed to him. He pre-"I have been most freely quoted without authority from me or without

any utterance on my part. It has been arce of great annoyance to me." His statement is as follows: "On the 20th of last September I is

sued an order to regimental commanders to report to me concerning the beef war board investigating committee had only received reports from 14 of the commanders. Now I have 30 re-ports. They all tell the same story. The evidence proves the truth of the statements which I made. In addition to the reports of the regimental com-manders I have a great muss of evidence, consisting of communications, affidavits, etc., from officers, solders and civilians. Every part of the country has contributed to the mass of correspondence which I have received in reference to the beef served to our soldiers, and the evidence is all cor-roborative of what I have said.

"I have overwheiming evidence that the embaimed beef was treated with chemicals in order to preserve it. have affidavits from men who saw the beef undergoing the treatment, or embaiming process.

"Now, as to the canned roast beef, That was different from the embalmed The canned roast beef was the oof. beef after the extract had been boiled You have seen the adver out of it. tisements, 'Beef extract: one nound contains the substance of from to five pounds of prime beef." Well this is the beef after the extract has been taken from it. They put this beef pulp up in cans and label it 'Canned roast beef.' The soldiers report that the canned beef was nauseating. If swallowed it could not be kept on the stomach.'

It was pointed out to General Miles that he had been quoted as having said that if the men who supplied the peef would deposit \$1,000 in such a way that it could be made to pay the cost of the proceedings he would furnish absolute proof of his assertion. He was asked what tribunal he had mind, or to whom he would furnish this proof, and in reply said:

"I made that statement in response to the offer of the beef men to pay \$100,000 for evidence of the truth of my allegations against their product. ooked on their offer as a bluff, and ook that way of answering it. I have no particular tribunal in mind. I have the greatest abundance of evidence to support the charges I made, and do not think that any part of the thousand dollars need be spent in more investigation."

General Miles has received a tele-gram from Colonel A. A. Pope, of Boston, requesting General Miles to draw on him for \$1,000 to prove that chemicals were used to embalm beef fur-nished to soldiers, but this offer will not be accepted for the reasons already given.

THE ARMY BILL PASSED. MAY LOAN CUBANS MORE. Is Now Said That Our Government Goes Through the House by a Vote of 168 to 125.

PRESIDENT'S ABSOLUTE POWER.

The Bill Increases the Standing Army to About 100,000 Men, But the Chief Magistrate May, at His Discretion, Reduce the Number to 50,000.

Washington, Feb. L-The bill to reorganize and increase the standing army to about 100,000 men, but giving the president authority to reduce the size of infantry companies and cavalry troops to 80 men each, thus fixing a minimum of about 50,000 enlisted men. passed the house yesterday by a vote of 168 to 125. This was the result of a week of hard and often picturesque fighting on the floor, during the pro-gress of which the opposition compelled those in charge of the measure to give

this discretionary authority to president and to make other modificaions, among which were a reduction of 331 in the number of staff officers. In unsequence of these modifications the Republican opposition was practically vanquished, and on the final vote but six Republicans voted against the bill -Messrs Barber (Md.), Connelly (Ills.). Loud (Cal.), Johnson (Ind.), McEwen (N. J.) and Wadsworth (N. Y.). This Republican defection was, however, almost offset by five members of the political opposition who voted in favor of the bill. They were Mesars, Berry (Ky.), McCiellan (N. Y.), McAleet

(Pa.) and Taylor (Ala.), Democrats. and Skinner (N. C.), Populist. The galleries were crowded through-

out the day, and every member who could possibly be here was on the floor to record his vote on the final roll call. The day's program included provision for two hours of general debate. which was to be occupied by Messrs. Dalzell of Pennsylvania and Hopkins of Illinois in closing for the majority. and Mesara. Balley of Texas and Sel tle of Kentucky for the opposition. But this program was smashed, owing to the failure to complete the bill under the five minute rule before 3 o'clock, the hour set for the vote.

Among the important amendments adopted before the vote was taken was one to exclude civilians to positions in the engineer corps, one to abolish canteens and the sale of liquor in camps, and one to strike out the provision for additional pay for commanders serving in the West Indies, the Philippines and Alaska. The amendment of Mr. Cummings, of New York, to prohibit the use of troops in the several states to suppress riots, stc., except upon the application of the states, was defeated by a large majority. The motion to re-commit, with instructions to report back the minority substitute, only commanded two Republican votes, and

was lost, 117 to 170. The bill as passed provides, in addition to the general officers and staff departments, for 12 regiments of cavdepartments, for 12 regiments of Cov alry of 12 troops each, 14 coast bat-teries, 24 field batteries, 30 regiments teries, 24 field batteries, 30 regiments fus party seems to show that the so-fus party seems to show that the so-fus party seems to show that the so-fus party seems to show that the soof engineers, an ordnance department and a signal corps, the latter with 625 enlisted men. It also gives the presi-dent discretion to recruit the organizations serving in Cuba. Forto Rico and the islands of the Pacific In whole

or in part from the inhabitants thereof. During almost the entire morning hour yesterday the senate had under discussion the policy of this country to be pursued in the Philippine islands, Mr. Berry, of Kentucky, in a speech upon the resolution offered by Mr. Vest, discussed the policy of expansion without reference to the constitutional point involved in the Vest resolution. He spoke from notes, stating with force and emphasis his objections to the pending treaty of peace. He de-clared that he would never vote to place upon any people a policy against which Lee fought and against which which Lee fought and against Jackson gave up his life. An attempt by Mr. Bacon, of Georgia, to accure a by mr. bis resolution, which in brief

May Advance Fifteen Millions, Havana, Feb. L.-The mission of Robert P. Porter to General Comez is of a twofold character-to discuss with him fully the position of the Cuban army and to invite him to Havana. The Washington administration desires an immediate and friendly settlement of the Cuban army question. As the milltary chiefs decisively refuse to accept \$3,000,000 in complete satisfaction of the claims of the soldiery. Washington has determined, it is understood, to offer

a much larger sum, even as high a sum as \$15,000,000, if less will not be accepted. Whatever is agreed upon is to be a charge upon the revenues of the Island until II is paid. The Cubans, civilians and military,

are aware that an engagement of this sort may prolong the American occupation, but, as it seems to be their earnest wish that the army be paid a great sum, the administration at Washington, will yield. It is understood, and open, negotiations with this ultimate

Mr. Porter is said to carry letters from President McKinley and Governor General Brooks. The scope of his in-structions is not disclosed, except that it is known that he has rather full preiminary powers.

The Cubans are in a state of expectation and excitement. The business classes are pleased at the prospect of a settlement. Shares on the local bourse rose from one to three points yesterday, which is generally attributed to the probability that the Cuban soldiery will be disbanded and will return to

Captains Who Charged Cowardice Are

Sentenced by Court Martlal, Albany, Feb. 1.-As a result of the sourt martial in the cases of Captain A. J. Bleeker, of the Seventy-first York regiment, charged with a violation of the regulations in discussing publicly the action of other officers and of conduct prejudicial to military upline, and of Capitaln W. F. Meeks, f the same regiment, on the same charges, the men were found guilty and sentenced each of them to be reprimanded in general orders and fined \$100 such. Major General Roe remitted th fines. The governor fully concurs in the opinion of the court as to the gravity of the offense and the conduct of the accused. The publication of this

order is deemed sufficient reprimand Gaptains Bleeker and Meeks charged Lieutenant Colonel Wallace A. Downs. Major C. H. Smith and Captain J. H. Whittle with cowardice at the battle of San Juan. Looks Bad For Dreyfus.

Paris, Feb. L-The Liberte, which is isually well informed, says: "The de-delon of the court of cassation in the Dreyfus affair will be that the evi-dence proves the existence of a traitor, but that neither Comte Esterhazy nor Lieutenant Colonel Henry could answer to the culpability revealed by the me-cret dossler." This statement is all the more significant in that it is made hution of the problem is as distant as ever."

Medical Discovery makes a man hun-gry, and really hun-gry men are usually healthy. But that isn't the whole bat-tle - you may fill a stove with fuel, and if the grate is clog-gred with clinkers and the chimney with soot, you will have no fire. The "Golden Medical Discovery" = ees

healthy tissues are built up in the breath ing organs. It prevents consumption by ouring all the abnormal conditions which, if neglected lead up to consumption.

If the process read up to consumption. Mrs. Josie E. Clark, of Enterprise, Shelby Co. Mo. writes 11 had despaired of ever getting well. I had been in had health for twelve years had aches all through me sumb hands, col-feet, and everything I ale distressed me, howed constiguted, was very nervous, depressed an despondent. I have taken six bottles of Dr Pierre's Golden Medical Discovery and my health is now good.

Constipation disappears while you sleep when you take Dr. Pierce's Pellets.
