ESTERHAZY'S DEPARTURE.

Comte Quits Paris to Avoid Arrest on Criminal Charge.

ANOTHER ANTI-DREYFUS VICTIM.

Grand Rabbi Zadok Kahn Denounced as "The Leader of the Infamous Jewish Conspiracy Against France."

Paris, Feb. 2.—Major Count Esterhazy was officially informed Tuesday that his testimony before the court of cassation being completed, the proceedings against him would be resumed in 24 hours. He thereupon left by the Northern railroad.

Comte Esterhazy's flight, which was to evade arrest on the charges brought against him by his counts, Christian Esterhazy, of obtaining money under fraudulent pretenses, has been the sensation of the day. On reading the warning letter, which was brought to him by a detective officer, Esterhazy swore and called the letter a "canaille," a "trick worthy of the bores I have had to deal with."

It is understood that the hasty withdrawal of the safe deposit granted him was the outcome of his cavalier treatment of M. Fortin, the magistrate, and of his refusal to give further testimony.

The latest victim of the anti-Dreyfus party is the Grand Rabbi Zadok Kahn, who is being denounced as "the ring-leader of the infamous Jewish conspiracy against France," on the strength of the story just published to the effect that, after Dreyfus was sentenced, the rabbi, at the request of Mathieu Dreyfus, tried to get through a friendly Jewish officer in Esterhazy's regiment some particulars as to the count's movements.

Le Saur demands the resignation of the rabbi, and as the latter is virtually a state official it is not unlikely that the agitation will become a serious matter for him. Curiously enough, the editor of Le Saur, which is one of the most violent of the anti-Dreyfus organs, is himself a Jew named Gaston Polonsky.

According to a dispatch to La Presse from Cayenne, capital of French Guiana, Dreyfus was so angry on learning that Captain Lebrun Renaud had asserted that he confessed at the time of his trial and degradation that he declined to answer any more of the questions put to him by the court of cassation unless taken back to France.

The Echo de Paris this morning contains a communication from Queney De Beaupreire asserting that the new inquiry has revealed that the court of cassation, before it had even examined the dossier, had already decided to declare Dreyfus innocent, and a decree quashing the sentence, and that the court has purposely ignored passages in the secret dossier implicating Dreyfus.

Death of the "Bogie Man." Chicago, Feb. 2.—George Rogers, who was known in the vicinity in which he lived as the "Bogie Man," died yesterday in the county hospital of a rare disease, which the physicians have called acromiopathy, swelling of the hands, and feet were greatly swollen, and his jaw was over four times the normal length. The distance from the frontal bone to the chin in the ordinary man is eight to ten inches, and in Rogers this had grown to 29 inches. A refined and educated man, he was so sensitive over his appearance that he withdrew from his friends and family and lived in a barn in an obscure part of the city. He was taken from the barn to the hospital in a starving condition.

What do the Children Drink? Don't give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about 1-4 as much. All grocers sell it 15c. and 25c.

Disastrous Fire in Columbus, O. Columbus, O., Feb. 2.—The most serious conflagration which has visited Columbus since the million dollar Chittenden hotel fire of 1897, visited the city last night. Half a block of fine buildings in the heart of the business portion of the town have been destroyed, and the loss is \$750,000. Eight firemen were injured by falling walls and Miss Carrie Johnson was run over by a horse reel. Her leg was broken and she received internal injuries which may prove fatal.

SALOONISTS' OBJECT LESSON. To Close Akron's Barrooms by Way of Experiment. Akron, O., Feb. 2.—A representative of the National Liquor League was in the city last week, and local men were very reticent as to the object of his visit. Now that he has left a strange story is told of the movement which will be initiated on the afternoon of Feb. 3, no more than the closing up of every saloon in the city for a period of two years. Members of the Akron Liquor League made this statement today in all seriousness and claim that the project is entirely feasible. The manner of doing this is by the following method: The National League, covering 34 states, is strong enough to pay the proprietors of the local saloons revenue enough to keep them out of the business, and will do so in order to give the people of Akron, and of all other cities, a lesson on the suffering which will be entailed on municipalities by the closing of those places. The Dow tax, paid by the saloons, amounts in Akron to a very large sum, the most of which goes to the police and poor funds, and the loss of this, the liquor dealers figure, will seriously embarrass the finances of the city. Akron has been selected as the city for this object lesson because of the recent agitation here against the saloons conducted by the ministers of the city.

IN SENATE AND HOUSE.

Mr. Hepburn's Death Fight Against the River and Harbor Bill.

Washington, Feb. 2.—The house entered upon the consideration of the river and harbor bill yesterday, and made rapid progress. Fifty of the 88 pages of the bill had been completed when the house adjourned. The bill provides for the construction of \$12,000,000 and authorized contracts to the extent of \$18,000,000 additional. The general debate was unusually brief. Its feature was a speech in opposition to the bill by Mr. Hepburn, of Iowa, who has fought every river and harbor bill for the last six years. He said he knew his opposition would avail nothing, as the vote for its passage had been arranged for by the appropriators in the bill. He attacked particularly the Mississippi river improvement, which was ably defended by Mr. Catehings, of Mississippi.

For a few minutes in the senate yesterday afternoon it seemed likely that a vote might be taken on one or more of the resolutions relating to expansion. An unusually large attendance of Republican senators was present, all of them having been notified to be present in the event of a vote. The bill in the pending question, Mr. Bacon (Ga.) had called up his resolutions and Mr. Chandler (N. H.) had withdrawn his motion to refer them to the committee on foreign relations. Mr. Sullivan (Miss.) had entered a motion to substitute his resolutions for those of Mr. Bacon, which Mr. Bacon, chairman of the foreign relations committee, announced that he was willing that a vote should be taken immediately. As it was evident, however, that a vote on the resolutions and amendments could not be taken before 2 o'clock—the hour fixed by unanimous consent for the senate to go into executive session—Mr. Bacon asked for unanimous consent that a vote be taken today. To this request Mr. Carter (Mont.) objected, and the whole question was left suspended in the air.

Important 1897-1898 Debates. Milwaukee, Feb. 2.—A decision of the greatest importance in bankruptcy proceedings throughout the country was handed down by Judge Seaman in the United States court here today. The court holds that when a man files a petition in bankruptcy he waives his constitutional privilege of refusing to give testimony under the plea that it may tend to incriminate himself and give rise to criminal proceedings. The decision is rendered in the contempt proceedings against a bankrupt merchant, for failing to produce his books of account.

Speedy Work of War Orifices. Washington, Feb. 2.—The officials of the war department are proud of the splendid record made by them in handling and mustering out of the Sixty-ninth New York regiment. A pay-off board of the train at Huntville, Ala., has reported that the regiment, on route, and within 24 hours after the arrival of the organization in New York every man had been paid in full, \$75,000 being required for the purpose, and the regiment had been mustered out. This is something that has never been accomplished with so clean a record as in this case.

Interest in Liberia. London, Feb. 2.—An American missionary, Rev. W. M. Beck, has arrived here on his way to the United States, after spending two years in Liberia. He says there is considerable unrest and dissatisfaction with President Coleman, and that the neighboring tribes are encroaching and inciting to rebellion. It is reported the French have encroached over the frontier from the interior, and that the Germans are continually lending money to the Liberian government in return for concessions.

American Capital in China. Pekin, Feb. 2.—The final contract of the mining concession of Mr. William Pritchard Morgan, M. P., in the province of Szechuan, has been signed. It is understood that the contract secures for Mr. Morgan, in partnership with an American syndicate and the Chinese authorities, control of all the mines and oil fields in the province. Mr. Morgan intends to start with a capital of \$1,000,000, and proposes to administer Szechuan in the same manner followed by Cecil Rhodes in South Africa.

How to Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passages. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. At druggists fifty cents or one dollar.

You may have a sample bottle and a book that tells more about it, both sent absolutely free by mail, if you send your address to Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure and mention that you read this generous offer in the Shenandoah Herald.

Safe, Swift, Superior Traveling to New York by Philadelphia and Reading Route. The Philadelphia and Reading Route to New York has been noted since its inception for the special attention given by the management to insure the comfort and safety of its patrons and while sacrificing neither of these important points to speed, at the same time managing to keep in the front with swift traveling.

It is but a short time since a trip to New York was considered quite a journey, and on account of the time consumed and discomforts of traveling never attempted unless entirely necessary, but under the changed conditions, caused by modern improvements, it is but a short, pleasant trip and to no line are there improvements more in use than on the Philadelphia and Reading Route, neither time or money being spared in the effort to secure everything that will conduce to the comfort, safety and convenience of travelers.

The fast trains for New York leave Reading Terminal, Philadelphia, at convenient hours, connecting with the Pennsylvania and other stations with express trains from Potomac, Williamsport and other points in the coal and lumber regions.

For time of trains, rate of fare, and other information, apply to any Philadelphia and Reading ticket agent, or address Edson J. Weeks, Gen'l Passenger Agent, Philadelphia.
