They Filled Themselves With Liquor and Then Advanced on Juneau to Avenge the Killing of a Comrade Who Had Been Shot by a Marshal.

Vancouver, B. C., Feb. 3.-Indiana are on the warpath in Alaska. One battle has taken place, and more fighting is imminent. Four Indiana were killed and several injured in the fight which has already taken place. Four Ameri can deputy marshals were wounded The Indians are drunk, and there may

be a general uprising. The steamer Cutch brings the new of the battle at Juneau. An Indian was killed by United States Marshal McGuire in self defense. Fearing the man's death would be avenged by his friends a vigilance committee was formed, who acted promptly, captured the malcontents and took them to prison. On promising good behavior they were liberated next day. But the revengeful nature of the

savages demanded blood for blood. The pretended acquiescence was a ruse. Plying themselves with liquor the Alaskans deliberately planned the mur der of every member of the vigilance mmittee. The attack was made at night. A friendly Indian warned the whites of the contemplated treachery. and as the Siwashes advanced on the town with drunken yells the officers warned them back. They still came orward, opening fire, which the whites promptly returned.

The United States marshal and his followers, having the advantage of position, were able to pour in a deadly fire. After the first fusillade the say ages stampeded hurriedly into the darkness, leaving their dead and wounded comrades on the ground.

GEN. GOMEZ OUR ALLY. He Agrees to the Disbandment of the Cuban Army.

WILL ACCEPT THREE MILLIONS.

This Money Will lie Distributed in Each Province by American and Cuban Officers-General Gomez to Join General Brooke in Havana.

Remedios, Cuba, Feb. 1.-General, Maximo Gomez, the commander-inchief of the Cuban army, placed him-self squarely in position yesterday as an active ally of the United States government in the work of the reconstruction of Cuba. As a result of the con-ference with Robert P. Porter, the special commissioner of President Mc-Kinley, has had with General Gomes. the latter cabled to President McKinley assuring him of his co-operation in disbanding the Cuban army and in distrib-uting among the Cuban soldiers the \$3,000,000 appropriated for the purpose of enabling them to return to their homes. General Gomez also telegraphed to Major General Brooke, saying he

would accept the latter's invitation to go to Havana. The success of Mr. Porter's mission greatly simplifies the returning of the military Cubans to the pursuits of pence. In view of General Gomez's supposed

prior attitude of hostility towards the United States Mr. Porter came here clothed with absolute authority, and the tender of the \$3,000,000 was practically a vertial ultimatum. Had it pot been accepted no more ultimatums would have been made. Mr. Porter made plain the purposes of the government and was gratified at the ready response of General Gomez. The conference took place at the house here occupied by the Cuban general as his headquarters since coming to town. When Mr. Porter arrived here last week he was accompanied by Senor lonzates Quesada, commissioner of the Cuban junta at Washington; Captein Campbell, of General Brooke's staff. Lieutenant Hanna, of General Wood's staff, and a press correspondent. General Gomez was seen by Senor Quesada yesterday afternoon, and after an hour's conference Mr. Porter, accom-panied by Senor Quesada, Captain Campbell and Lieutenant Hanna, was received by General Gomez in his par-

for and in the presence of his staff. The Cuban commander was cordial in greeting Mr. Porter, and opened the nterview by referring to the change for the better which had taken place in Cuba since he was last here in September. He also laid stress on the fact that some people were asking

where was Cuba's promised liberty. "The answer to this," said Mr. Porter, "Is that Cubs now has commercial and industrial liberty and that President McKinley has directed me, in framing the Cuban tariff, to make no Nona. discriminations in favor of the United States, in the manner that Spain favored herself. Cuba is free today to buy in the cheapest market. People are returning to the pursuits of peace, and our military government will give way to civil government as fast as possible." Mr. Porter also said that the purpose of the American government is to lay a firm foundation of noble government for Cuba, to give the Cubans all the liberties they had fought for, and that General Gomez must remem-ber that and more still. For instance there are 25,000 or 30,000 Spanish sol

diers at Cienfuegos who have not left Cuba, that we have only been a month on the Island, and that President Mc-Kinley needed and was entitled to the co-operation of all interested in the welfare and future of Cuba, and that he needed the co-operation of General Gomez above all others. The first problem, Mr. Porter then

pointed out, was the disbandment of the Cuban army and the return of the Cuban soldiers to work. This was the specific mission which had brought Mr. Porter to Remedios, and in which President McKinley expected General

Gomez's ald.

The Cuban commender-in-chief replied that he was ready and willing to give the aid required, but asked how he could do so

To this Mr. Porter replied that President McKinley would be glad to have him go to Havana and co-operate with General Brooke in disbanding the Cu-bans and in paying over the \$3,000,000 appropriated for that purpose. General Gomez said the amount was

too small, but that it was not his fault, and he would make it go as far as possible, while likening it to the miracle of the loaves and fishes.

"No man in aistory," said Mr. Por-ter, "has done so much with so small resources as you have done. Hence your co-operation with General Brooke will bring good results." General Gomes specially requested

that the money, for which Mr. Porter had orders in his pocket, should be paid over to General Brooke, and not to himself, as he did not want the persoual responsibility of keeping it. The formal compact agreed to pro-

vides that the Cuban officers in each province shall assist the American officers in distributing the funds. The sum paid to each man shall not be regarded as part payment of salary or wages due for service rendered, but to facilitate the disbandment of the army and as an aid in getting the peo ple to work. The Cubans shall surrender their arms to the Cuban assembly or to its representatives.

Immediately after the conference with Mr. Porter General Gomes wrote the following letter to President Mc-Kinley in Spanish: "It has been a great pleasure to me

to confer with your commissioner, Mr. Porter, introduced by my friend Que sada, and I am now aware of and pleased with your wishes. In a short time I shall go to Hayana and confer with General Brooke, so that every-thing will go well. Following your advice, I willingly co-operate in the work of reconstructing Cuba."

The money to be paid the Cubans will be sent on Commissioner Porter's order to General Brooks. The amount will be in Spanish silver.

At the ratio of 60 it will amount to \$4,200,000, or nearly \$100 for each man in the Cuban army, as estimated by the This is the trade delegation from the Cuban military assembly which went to Washington in December and has recently returned to
