SOLDIERS DO NOT WANT CHARITY

Leading Officers of the Cuban Army Declare That the Cubau Assembly and Gomez's Colleagues Should Be Consulted Before Agreement.

Havana, Few 4 .- Among the Cuban leaders who have given expression to their views on the subject it is asserted that General Gomez was not authorized to agree to the disbandment of the army without consulting the Cuban assembly and obtaining its permission. Indeed, when the report ar-rived that General Gomez had accepted Mr. Porter's proposition on behalf of the president many doubted it, refusing to believe that he would act

A number of interviews obtained with prominent Cuban generals will go to show the feeling in the higher military mander of the Cuban forces in the provinces of Pinar del Rio, Havana, Matanzas and Santa Clara and second in command in the Cuban army, sald:

"I think the Cuban army should continue to aid in preserving order in the island until certain important matters have been clearly decided, such as, for instance, who is to pay the cost of the numerous and unnecessary American army of occupation-Cuba or the United States. General Gomez does not hold the power to dishand the army without the authorization of the Cuban assembly and until after consultation with the generals."

Porter must have assured General
Gomes most convincingly of our approaching independence before he
would have been willing to express himself as is reported. At the proper time General Gomez will express his ideas of the people of Cuba."

General Mario Menocal, formerly Cuban commander in Havana province and now chief of police in Havana city, said: "I doubt the truth of the statements attributed to General Gomez. If they be true I can simply say that General Gomez is not authorized to solve this problem unaided. The Cuban army does not ask and cannot accept charity from the American gov-ernment. The country has asked a loan to facilitate the payment of money rightly due to the army."

All the generals interviewed were in clined to be guarded in their statements, pending the receipt of word from General Gomez. The general feeling in Cuban military circles is that the commander-in-chief will have an explanation, upon his arrival here, of conduct which to many is remark-

able, and even incomprehensible.

While there promises to be trouble with the assembly some declare that General Gomez will be able to sway the deputies to his will, and to secure the disbandment of the army. It is significant, however, that the Cubans who have already been engaged as members of the Havana police force had to de-posit their arms and ammunition with to which they belonged, inform him as to their new residence and give a pledge to return to the army when called upon to do so by the Cuban as-

Mothers whose daughters grow debilitated as they pass from girlhood into womanhood should not neglect the pill best adapted for this particular ill.

Frank B. Trout, of ma Griswold Ave., Detroit, Mich., says: "At the age of fourteen we had to take our daughter from school on account of ill health. She weighed only so pounds, was pale and sallow and the doctors said she had anemia. Finally we gave her Dr. Williams' Pink Pills for Pule People. When she had taken two boxes she was strong enough to leave her bed, and in less than six months was something like herself. To-day she is entirely cured, and is a big, strong, healthy girl, weighing 130 pounds, and has never had a sick day since." - Detroit Evening News.

"Why not take up at once and dis-pose of this matter? Things must be kept moving in Cuba or summer will overtake us with too many troops here. Our soldiers themselves fully realize the situation. They frankly say that their chief occupation is to guard each other, while their chiefs in Washington, Havana and Remedies are exchanging confidences. The younger officers on both sides should come together and evolve preliminary policing plans and get these into working order without delay. Fight Against Addicks May Result in

Senator Gray's Re-election. Dover, Del., Feb. 4,-The regular Republicans, who have been voting for Colonel Henry A. Dupont to succeed Senator George Gray in the fight against J. Edward Addicks, went into a conference last evening with State Chairman Browne, State Secretary Heald and other Dupont representatives. The conference was adjourned until this afternoon, when a proposition to take up some Republican upon whom the regulars can bend their entire strength will be considered.

The claims of Addicks' chairman, Allee, that Addicks would positively be elected at this session have unquestionably agitated the regulars. One rumor is that they will take up some independent Republican and give the Addicks men ten days in which to desert their man, at the expiration of which time enough regulars will vote with the Democrats to re-elect George Gray. Nearly all the conferees deny this story. Representative Hitchens, however, when besieged by an Ad-dicks adherent, declared: "You fel-lows will drive us to vote for Gray." Another assemblyman said after the conference: "I am opposed to dealing with Democrats, but we are sent here to beat this man Addicks."
