Comrades, Attention.

I served from '8I to '84, and was wounded on May 19, 1864, in the Battle of the Wilderness, I would like to have my old comrades know what Oslery King has done for me. AGONCILLO IN CANADA

Declares His Intention to Again Visit Washington.

WENT TO MONTREAL FOR NEWS.

The Censorship at Manila, He Says, Prevented Illm From Communicating With Aguinatdo-He Thinks the Americans Provoked Recent Fight

Montreal, Feb. 7.-Agoncillo, the Philippine agent, is having an extremely busy time of it. Newspaper men and people drawn by curiosity throng his room all day long, and the Filipino envoy has been kept busy answering questions. The interviews in the papers amused him greatly. 'They have come here and asked me all sorts of questions," he said, "and they have gone away and printed what they liked. or what they thought I should have

Agoncillo was shown the press dispatches concerning the ratification of the peace trenty. He read them with interest. The final vote interested him in particular.

"That is not a very big majority, is it?" he said, but when pressed to express an opinion on the senate's action he declined. "I cannot say anything just now. I am not yet aware of the direumstances. I really cannot say anything about the matter until I have had an opportunity to fully consider the situation."

Then Agoncillo began asking questions about the Canadian constitution. He inquired of all his visitors as to whether they prefer to have Canada a colony or not. "You have not got freedom," he declared, "and you don't want it. You are not like us."

The Filipino envoy apparently does not recognize the action of the United States senate as a negative reply to his mission. He has not yet received the news he professed to have come to

news he professed to have come to Canada to get, but hopes to soon.
"I heard about Saturday's affair af-ter leaving New York," said Agoncillo, "and it surprised me greatly. I had no idea that affairs at Manila had reached such a critical stage. In fact, I considered that they were perhaps get-ting a trifle better. But I had no news from the Philippines." "And you expect to receive it here?"

he was asked. "I do; the Washington authorities would not allow me to receive any cable messages. There is a censor at Manila and the use of code is for-bidden. I was completely in the dark save for the advices I received by mail and what I learned from the newspa-pers. And the Philippines is a long way off, you know, so that the mails are almost useless. Therefore, I have ne to Montreal, where we will be en abled to receive the news we desire by When I receive it I expect to return to Washington and continue my efforts to fulfill my mission to the Uni

ted States. "As to the affair of Saturday and Sunday, I do not regard it as ending the usefulness of my mission. From in Washington and from the press dis-patches I gather that the fighting began suddenly and unexpectedly. I think that the Filipinos were goaded to come into it by some act of the Ameriing their best to drive the Filipinos into revolt. General Otis has sent men to search private residences and the prop-erty of our people has been turned inside and out in the search instituted by his orders. Acts like this have kept the spirit of the Philippines at fever heat and made such affairs as that of

Saturday and Sunday possible."

Agoncilio and his secretary are being watched by two strangers supposed to be United States secret service men. One of them shaddowed Marti, the secretary, who went out for a drive, and the other remained in the hotel to watch Agoncillo, who busied himself with tearing up a number of docu-

of the remaining members of the Philippine junta is still under close watch, and while the treatment to be accorded them has not been determined, it is recognized that they are in a precarious position legally, and can secure immunity only by the exercise of the greatest discretion.

Secretary Alger was at the White House with the president when the SERT THREE DAY PERSONALLY-CONDUCTED dispatch was received from General Otis giving a list of casualties at the Manila engagements Sunday. The secretary said that he did not interpret Admiral Dewey's dispatch, received in the morning, as showing that the fighting is now in progress. He thought it was filed early in the engagement and had been delayed in transmission. If the hattle had been in progress when General Otis filed his casualty dispatches he felt sure he would have mentioned the fact. Mr. Alger said further that, contrary to the statements made in some of the newspapers, he had not sent General Otis a word of instruction as to what he should do. He is on the ground," said the secretary, "and it would be folly for us here to undertake to direct his movements. Many battles have been lost by such unwise interference, and we shall leave the matter to his and Admiral Dewey's judgment."

Junta at Hong Kong Says Our Soldiers Precipitated the Fighting.

Hong Kong, Feb. 7.-The Filipino unta here has issued a statement setting forth that the fighting at Manila was only an outpost skirmish designed to influence the vote in the United States senate on the peace treaty. Another statement asserts that, despite the fact of he American control of the cable, the junta's version proves that the fighting was only an outpost brush, due to American aggression.

This second statement says: "General Aguinaldo has given special orders to the commanders to prevent hostilities unless the Americans violated their agreement by forcing the Filipino

The following dispatch was received here from Manila before the outbreak there occurred:

Rear Admiral Dewey, in an interview, said the Monadnock is guarding one end of the city, the Monterey the other and the army protects the rear. He added that he had sent word to Aguinaldo that if, accidentally, the insurgents entered Manila he would reduce it to mortar and stone.

The admiral, the correspondent says, is not favorable to annexation, but he believes in the gradual withdrawal of the United States troops. He also says the United States is morally bound to establish a stable government in the Philippines.

ANOTHER SPANISH REPORT.

It Is Alleged That Aguinaldo Threatened to Attack Our Troops.

Madrid, Feb. 7.-Yesterday's cabinet ession was chiefly devoted to a long discussion of Philippine matters. General Correa, minister for war, express-ed his pleasure at the "good relations existing between General Rios and General Otis."

Dispatches from Manila describe a conference between General Otis and Aguinaido, some days back, at which when Aguinaldo learned of the tention of the Americans to attack and capture Hollo and other ports," he declared that he would begin hostilities if the United States sent any reinforcements to the Philippines. The confer-ence "failed to arrive at any understanding."

According to the same dispatches it would seem that the insurgents lack ammunition, as they have been seeking to purchase it everywhere, and have been offering high prices. They recently gave it out that General Rios had delivered to them 5,000 mauser rifles and 3,000,000 cartridges in
