Mr. Gonman will have to think out another, plan for defeating the defented Colonel Bryan.

THE Philippine question is now safely in President McKinley's bands once more, and out of the reach of the political malcontents:

The people will look to President McKinley to restore peace in the islands before outlining any policy. The Filipinos must cease resisting our authority as a condition precedent to future negotiations. When peace has been restored, and not until then, can the question of their future government be taken up. So let no effort be spared to reduce the Filipinos to submission.

Lodge Benefits.

The beneficial societies of this town have often had occasion to discuss the question as to whether a member. in arrears was entitled to the benefits allowed those in good standing under certain circumstances. The Supreme Court has settled the ques tion by deciding that societies are liable to pay benefits either in part or whole as long as a member is carried on the membership rolls even If he has been declared out of benefits. Also that the members of a defunct society are individually liable society disbanded

The decision has prompted several locallodges to make a special proare in arrears over 15 weeks. It will be stipulated that five dollars be paid in such cases and this will prevent the relatives or friends of the delinquent from claiming the full amount to which he would be entitled if he

were in good standing. By having this matter thoroughly understood, the lodge will not be called upon to provide for those who really have no claim and take an unfair advantage over members who are prompt in their payments.
