**THE WAR IN BOLIVIA.**  
An Incident That May Precipitate a Conflict With Peru.

Lima, via Galveston, Feb. 10.—According to advices just received here from the seat of hostilities in Bolivia, President Almonzo, during the recent siege of La Paz, the nominal capital, shot five of the leading federalists, or insurgents. On his return to Oruro, south of La Paz, which has been his headquarters during the war, he had only 1,500 troops, not half the number with which he laid siege to the capital, many having deserted to the revolutionary movement.

XXII authorized reports have been received of the horrible deeds committed by the Indians in the country between Coroico, north of Oruro, and the latter city. A thousand Indians recently surrounded the Coroico mining works, which is the property of Chileans, and sacked all the houses. The manager of the works, his wife and an official tried to make their escape. On the refusal of the Indians to accept their offer of \$5,000 to spare their lives the official and then committed suicide. The incident is likely to cause difficulty between the Bolivian and Chilean governments.

**POTTSVILLE POSTMASTER.**  
Hon. G. C. Schriek, the Defeated Legislator, Named For the Position.

Word was received in Pottsville yesterday afternoon, from Congressman Brumm, to the effect that he had sent in the name of Hon. G. C. Schriek as postmaster of Pottsville, to succeed Louis Stoffregen, the present incumbent. It had been generally known for the past two weeks that Brumm would name Schriek, notwithstanding the promise made to another applicant and the protests entered in the Postoffice Department at Washington against the ex-Legislator's appointment.

There was but one other active candidate outside of the successful one, and that was William H. Cole, formerly editor of the Mine's Journal, and who has many friends in answer for during the recent campaign in his candidacy of the defeated Republican candidate for Congress. We believe, however, Cole has reported.

It is openly stated in Pottsville that Brumm's attorney, Mr. Cole, has been directed to make the fight, but later told him he was compelled to appoint Schriek. The Journal this morning says Schriek's name has been handed to Postmaster General Smith and that the appointment will be made at once, unless there is an unexpected hitch.

From what we can learn the appointment will be held up until certain investigations are made, and the appointee's political record inquired into.

Pottsville's new postmaster isn't yet appointed by the President—only the Congressional committee has named him. The latter's only basis, if current rumor is to be relied upon.

**FUTURE OF THE FARMER.**  
Ex-Governor Bookwiler, of Ohio, Says His Will be Elevated Above Other Occupations.

"The future of the farmer" is a big and interesting question. Ex-Governor Bookwiler, of Ohio, in an article yesterday in the near Sunday Philadelphia Press, says agriculture will be elevated above other occupations. He has just returned from Russia and Central Asia, and tells some very striking things about the world's food supply.

Next Sunday's Press will also contain a couple of puzzles which will test your wits to the utmost, with prizes to the winners. There will be an article on a family which made a living posing for advertisements; another of "Karl's" delightful series of pastels in prose; Frank G. Carver tells all about pretty girls of Pennsylvania in an article on "The Girl of the Year" which will make you laugh until you can hardly step. There will also be a complete story by Justin McCarthy, M. P., which in itself will be a great treat. Be sure to get next Sunday's Philadelphia Press.

**Dr. Bull's Cough Syrup** will make a permanent cure in all cases of cough, or cold on chest or lungs. It will cure when other remedies have failed. Physicians recommend it.

**A Murder and Two Snicides.**  
Denver, Colo., Feb. 10.—Henry P. Rhodes, ex-assistant United States district attorney, died yesterday from wounds inflicted by himself with a razor. He was 31 years old. His reason for committing suicide is unknown. Last night Mrs. Lavinia, a young Russian widow, said to have been the fiancée of Rhodes, killed her little son and herself at the Arno hotel, where Rhodes took his life.

**Students Danced While Hall Burned.**  
Providence, R. I., Feb. 10.—Maxey Hall, at Brown university, was gutted by fire last night. Loss, \$25,000. Fifty-three students in the building during the fire, and were accommodated in the other dormitories. The temperature was at zero. In the adjoining hall the sophomores were holding their annual ball while Maxey burned.

**Inquests are Expensive.**  
Dr. C. A. Bieller, Schuylkill's Coroner, made his return for January to the Commissioners yesterday. He held 29 inquests, which aggregated fees in his favor amounting to \$363. The fees allowed on each inquest are: Viewers, \$2.50; coroner, \$2.50; jury, \$2.75; 25 cents for each witness examined, and 10 cents per mile to the scene of inquest. An inquest was held this week in this district over the remains of a Lost Creek resident which was entirely unnecessary, and has caused considerably unfavorable comment. "But, then, the law must be enforced" and fees collected.

**A Sure Cure for Coughs and Colds.**  
That's what Pan-Tin is, 25c. At Grubler Bros., drug store.

**Homesick to Klondike.**  
An interesting letter has been received from Henry J. Metzger, who left town a few weeks ago to secure employment at Pottsville. He is at Homestead, a suburb of the smoky city, and the impressions he receives from his standpoint of view will interest those of our townsmen who may contemplate seeking their fortunes in that vicinity. His family is still in this town. Mr. Metzger does not dooing and other work about buildings. He says the weather is retarding progress in his line of business, but a busy spring and summer is looked for. "But," says he, "in regard to wages, they are very low in proportion to the prices asked for houses and the commodities of life. There is a great scarcity of cheap tenements and rents are enormous. You must pay \$14 to \$18 a month for an eight-room house and I should think a man with the means and opportunity to erect tenements would have a good investment. It is impossible to get board in private families and the hotel charge is a week which amounts to about \$24 per month. All work on the rivers are at a stand still. There is plenty laboring work at the mills and men are badly needed, but the wages are very low—\$1 32 a day. Advice is given here that men seeking work go to Cleveland, O. It is said work is plentiful in that city, wages better and living cheaper."

**PITHY POINTS.**  
Appointments Throughout the Country Chronoled for Hasty Personal.

Valentine day next Tuesday. The plumber is happy, and so is the coal man. Railroaders are having a rough time these days. Shamokin has 3516 school children enrolled.

The first of April—moving day—falls on Saturday this year. Fire was discovered in the East colliery in time to do little damage. The Elk's Minstrel, of Ashland, will give another performance in that town after the Lenten season.

The following deeds were filed for record: William H. Eady et ux, to Charles H. Schimpf, premises in New Ringgold; Daniel E. Messer et ux, to E. J. Pidler, premises in Tower City.

Consternation has been created at Weatherly by a Lehigh Valley Railroad order which is thought to be the first of a series that may depopulate that town. The annual Hebrew ball in aid of the Obek Zedeck congregation, was held last night in Pottsville. There was a large attendance.

The retail license granted Patrick Tierney, in the East ward of Girardville, was revoked, the applicant not having been in town Wednesday when the fifteen day limit expired. The Lehigh Valley Coal Company is purchasing new mines for their collieries where-ever needed and are endeavoring to have only the best stock in service.

James G. Quirk, county jailer, Smith fell in Kaiser's dam yesterday, but was none the worse for their cold bath. Soldiers' pensions are issued to Peter Garis, Orwigburg, Pa.; Peter G. Malley, Mahanoy City, Pa.

The Columbia Brewing Company purchased three horses from Waldron, the horse dealer, to-day. Mayor Lewis, of Allentown, has just secured a big triumph in securing the passage by City Council of an ordinance compelling the Allentown Traction Company to provide vehicles on their cars for the motormen.

Northern county paid to the state over \$8,000 inheritance tax last year. C. B. Noetting was yesterday appointed fourth-class postmaster at Beaver Valley. A company has been formed to erect a factory at Bellefonte for the manufacture of springless beds.

After being assaulted and robbed, John Witt, of Eckley, was found unconscious and almost frozen to death Wednesday night at Hasleton. Grip's Ravages Decried.

So much misery and so many deaths have been caused by the Grip, that every one should know what a wonderful remedy for this malady is found in Dr. King's New Discovery. Quicks and distressing, stubborn cough, that inflames your throat, robs you of sleep, weakens your system and paves the way for consumption is quickly stopped by this marvelous cure. If you have chills and fever, pain in the back of the head, soreness in bones and muscles, sore throat and that cough that grips your throat like a vice, you should get this remedy at once. It will cure Grip, and prevent Pneumonia or Consumption. Price 50 cts. and \$1.00. Money back if not cured. A trial bottle free at A. Waseley's drug store.

**Marriages.**  
A wedding of a fashionable character took place at Wm. Penn yesterday afternoon, the principals being Miss Laura A., daughter of Mr. and Mrs. Joshua Walker, and Mr. T. M. Evans, shipper at the Hammond colliery. The ceremony took place at the residence of the bride's parents, Rev. E. G. Zwyer, pastor of the English Baptist church of Girardville, officiating. The parlor in which the ceremony took place was decorated with potted plants and flowers. The bridesmaid was Miss Annie Evans, sister of the groom, and Alfred Walker, brother of the bride, was the groomsmen. The bride was beautifully attired in brown silk, trimmed with white silk, while the bridesmaid wore a brown cashmere. The wedding party were the conventional bride and groom, while the bride and groomsmen were the conventional bride and groom.

The ceremony was witnessed by many relatives and friends from all over the county. A wedding dinner was served, after which the bridal party went to Girardville and from that place the bride and bridegroom started on a tour. They will reside at Girardville.

Miss Bertha M. Van Sickle, of Ashland, and Edward Eisenger, of Philadelphia, were married at the latter place yesterday. They will reside in Philadelphia.

**THE MODERN WAY**  
Commends itself to the well-informed, to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches, and fevers without any work save that of using the delightful liquid laxative remedy, Syrup of Figs. Made by California Fig Syrup Co.

Ask your grocer for the "Royal Patent" brand, and take no other brand. It is the best for use.

**No Telephone Extension.**  
Senator Kline, president of the Hazleton Telephone Company, says his company does not now contemplate extending its lines to this county. He said: "You see it is this way, the Schuylkill company was to secure franchises and build lines to all the important towns in 1911 and had over \$95,000 worth of contracts. But for some reason or other they were never able to secure the Pottsville franchise. Whether the Bell Telephone people were too much for them I cannot say. Our agreement was to build the line from this end as far as Lofly." The local company work are to build the line, but the Pottsville Council refused to give an other company, outside of the Bell, a right of way.

**Dr. Bull's Cough Syrup** has cured whooping-cough when no other treatment would give relief. For cough this remarkable remedy has no equal. It conquers croup at once.

**Expenses of the Prison.**  
The county prison statement for January shows total expenses to be \$2324 67; receipts from knitting and weaving, \$235.80; cash receipts, \$277.91. Average daily number of prisoners in 1911, 100; average cost of maintenance, including warden's table, 62.5 cents. Goods manufactured: rag carpet, 1,064 yards; log carpet, 199 yards; ticking, 127 yards; half hose, 794 dozen pairs.

**Major-General Schuyler Hamilton** gives his unqualified endorsement to Dr. Humphreys' Specific "77" for Grip. All druggists, 25c.

**The Cold Wave Strikies Florida.**  
Jacksonville, Fla., Feb. 10.—The severest cold wave of the season covered Florida Wednesday night and yesterday. In the northern part of the orange belt the range of the mercury was from 26 to 34 degrees. Only the young spring growth on the orange trees was injured, and "drones," or useless bloom, made to fall. Truckers suffered some loss upon crops of beans, lettuce and tomatoes. Strawberries were partially hurt. Ample warning by the weather bureau enabled the truckers and orange growers generally to take precautions for protection. Pineapples were not hurt.

**Two Servant Girls Suffocated.**  
Newark, N. J., Feb. 10.—Pauline Handler and Julie Scribner, two domestics in the employ of Isadore Selgel, were suffocated by gas in their room during the night by gas escaping from a gas stove. The girls had apparently neglected to light some of the burners.

Washington, Feb. 10.—A coasting accident resulted in the death of John Sputhy here last night and the injury of several others. A heavy bob sled coming down Thirtieth street struck an electric car, and Sputhy, who was guiding the sled in front, was so badly injured that he died soon after. William Barth, of Providence, R. I., a student at the Georgetown Medical college, had his left leg fractured and was hurt internally.
