OUR COUNTRY: First, Last and Forever

UNCLE SAM has not yet made the acquaintance of the real Filipinos.

THE "crime of '73" may have lowered prices, as charged by the 19 to 1 advocates.

ANOTHER week and no break at Harrisburg. Senator Quay was unfortunate in one thing.

STOCK-JOBBERs and trust-builders are not in very good repute at present, but the man who puts his trust in the American army and navy may begin to count his profits.

PARIS feels no alarm over the grippe, but is very much concerned about the Dreyfus case, which is filling her hospitals with insane patients.

"How shall we govern the Philippines?" some of the contractionists ask. The question is not of immediate importance.

NEXT Tuesday is election. The Citizens party has nominated exceptionally strong candidates.

OUR Hazleton contemporary is mistaken when it says "Mahanoy City and Shenandoah residents are opposed to Senator Losh's measure."

WHEN a man intends to spend money in advertising he should see to it that he invests it where he will get his own back and with interest.

THE report of the condition of the two national banks in this town, made to the Secretary of the Currency on the 4th inst., shows that about half a million dollars of idle money is in the vaults of these institutions.

THE Citizens borough ticket is one that invites the support of every honest voter. The candidates for school director down to the nominee for the smallest ward office, are worthy of the votes of the people who desire to see the best men occupy the positions of trust and responsibility in this town.

HOOD'S PILLS are much in little always ready, efficient, satisfactory, prevent a cold or fever, cure all liver, sick head, ache, jaundice, constipation, etc.

own party nominees, for the opponents of the Citizens ticket cannot advance a single plausible reason why a Citizen should vote for the ticket headed by Democrats.

What Shall We Do.

A serious and dangerous disease prevails in this country, dangerous because so deceptive. It comes on so slowly yet surely that it is often finally fatal before we are aware of it.

The name of this disease which may be divided into three distinct stages is, First, Kidney trouble, indicated by pain in the back, dizziness, headache, frequent desire to urinate often with a burning sensation, the flow of urine being copious or scant with strong color.

If allowed to advance, this reaches the second stage, or Bladder trouble, with heavy pain in the abdomen low down between the navel and the water passage, increasing desire to urinate, with scalding sensation in passing, small quantities being passed with difficulty, sometimes necessary to draw it out with instruments. If uric acid or gravel has formed, it will prove dangerous if neglected.

The third stage is Bright's Disease. There is comfort in knowing that Dr. Klinger, the great kidney and bladder specialist, has discovered a Remedy known for its marvelous cures of the most distressing cases and known as Dr. Klinger's Swamp-Root.

It is sold by all druggists. As a proof of the wonderful virtues of this great discovery, Swamp-Root, a simple bottle and book of valuable information will be sent absolutely free by mail on application to Dr. Klinger & Co., Binghamton, N. Y.

IMPORTANT LEGISLATION.

Several Measures Side-Track by the Senatorial Deadlock.

Harrisburg, Pa., February 17, 1909.—There have been a number of important measures introduced in the legislature, but which are side tracked by the McCarrill bill fight and the senatorial deadlock.

Citizens in central Pennsylvania will be interested in a bill which would permit the Pennsylvania Canal company to abandon the canal along the line of the Pennsylvania railroad in Dauphin county. This bill meets with popular opposition for several reasons.

"How shall we govern the Philippines?" some of the contractionists ask. The question is not of immediate importance. The first sort of a government which the islands will have is that which will be set up by Admiral Dewey and Gen. Otis.

NEXT Tuesday is election. The Citizens party has nominated exceptionally strong candidates, and the administration of the borough affairs by that party in the past is so far superior to the acknowledged incompetency of the Democracy, that the voters generally would be delighted in their duties were they to vote to continue that state of affairs.

OUR Hazleton contemporary is mistaken when it says "Mahanoy City and Shenandoah residents are opposed to Senator Losh's measure providing for the creation of Justices of the Peace in every ward."

WHEN a man intends to spend money in advertising he should see to it that he invests it where he will get his own back and with interest. Advertisers who think for themselves, who have studied advertising up to date will not throw away money on so-called cheap advertising.

THE report of the condition of the two national banks in this town, made to the Secretary of the Currency on the 4th inst., shows that about half a million dollars of idle money is in the vaults of these institutions. The banks are not responsible for this; in fact, they would profit more were the money invested in several paying industries.

THE Citizens borough ticket is one that invites the support of every honest voter. The candidates for school director down to the nominee for the smallest ward office, are worthy of the votes of the people who desire to see the best men occupy the positions of trust and responsibility in this town.

HOOD'S PILLS are much in little always ready, efficient, satisfactory, prevent a cold or fever, cure all liver, sick head, ache, jaundice, constipation, etc.

NICARAGUA CANAL BILL.

No Prospect of the Measure Passing This Session of Congress.

Washington, Feb. 16.—The house yesterday settled the fate of the Nicaragua canal bill in this congress by refusing to override the decision of the chair in conference of the whole when the chair held that the canal bill offered as an amendment by Mr. Hepburn was out of order.

In the senate yesterday Mr. McKinley, of Louisiana, as a question of personal privilege, made emphatic denial of the statement that his resolution adopted by the senate on Tuesday was introduced in the interest of sugar growers of Louisiana.

The McKinley resolution declares that it is not intended to incorporate the inhabitants of the Philippine islands into citizenship of the United States, nor is it intended to permanently annex the islands, but it is the intention of the United States to establish on the said islands a government suitable to the wants and conditions of the inhabitants and to aid them to prepare them for local self government.

A bill extending the "cordial" appreciation of congress to Miss Helen Miller Gould for her patriotic services during the recent war, and providing that the president should present to her a gold medal, was passed.

The President in Boston, Boston, Feb. 16.—President McKinley and party left Washington for Boston last evening over the Pennsylvania road, and arrived in Boston this morning. The party consists of the president, Secretaries Alger, Long and Bliss, Postmaster General Smith, Representative Grosvenor, Mr. Forster and Mr. Cortelyou, secretary to the president; Major Hopkins and Mr. Thorin, one of the White House doorkeepers.

To Settle a Claim Against Spain. Washington, Feb. 16.—Representative Cummings of New York, yesterday introduced a bill to pay \$10,000 each to August Bolton, of New York, and Gustav Richfield, of Boston, American seamen. These are somewhat famous claims, originally against Spain, for which congress authorized the president to use such means as might be necessary to secure payment.

Declares Filipinos Will Not Yield. Montreal, Feb. 16.—Senator Agoncello, of the Philippines, said yesterday that there would be no let up in the efforts of the Filipinos to force the Americans from their country. He said he was not at all surprised that Lolo had fallen, as the Americans had the advantage of a fleet. "But what will they get in the interior," he asked, "and they will have more than their work cut out." He announced that the purpose of Senator Lunn's departure was to interview the different courts of Europe and ask for their assistance for the Filipinos.

Little Pimples Turn to Cancer.

Cancer often results from an impurity in the blood, inherited from generations back. Few people are entirely free from impurities in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a mere pimple or scratch has developed into the most malignant Cancer.

It is dangerous to experiment with Cancer. The disease is beyond the skill of physicians. S. S. S. is the only cure, because it is the only remedy which goes deep enough to reach Cancer. S. S. S. For Blood (Swift's Specific) is the only blood remedy guaranteed Purely Vegetable. All others contain potash and mercury, the most dangerous of minerals. Books on Cancer and blood diseases mailed free by Swift Specific Company, Atlanta, Georgia.

NERVOUS DEPRESSION.

[A TALK WITH MRS. PINKHAM.]

A woman with the blues is a very uncomfortable person. She is illogical, unhappy and frequently hysterical. The condition of the mind known as "the blues," nearly always, with women, results from diseased organs of generation.

It is a source of wonder that in this age of advanced medical science, any person should still believe that mere force of will and determination will overcome depressed spirits and nervous indications of disease.

Every woman who doesn't understand her condition should write to Lynn, Mass., to Mrs. Pinkham for her advice. Her advice is thorough common sense, and is the counsel of a learned woman of great experience. Read the story of Mrs. F. S. HENKERT, Westphalia, Kansas, as told in the following letter:

"DEAR MRS. PINKHAM—I have suffered over two years with falling, enlargement and ulceration of the womb, and this spring, being in such a weakened condition, caused me to flow for nearly six months. Some time ago, urged by friends, I wrote to you for advice. After using the treatment which you advised for a short time, that terrible flow stopped.

"I am now gaining strength and flesh, and have better health than I have had for the past ten years. I wish to say to all distressed, suffering women, do not suffer longer, when there is one so kind and willing to aid you."

Lidia E. Pinkham's Vegetable Compound is a woman's remedy for woman's ills. More than a million women have been benefited by it.

NEW JERSEY OFFICIALS.

Charles J. Baxter Reappointed State Superintendent of Schools. Trenton, Feb. 16.—The two houses of the legislature adjourned to secure a quorum yesterday afternoon and held short sessions. At the end of the session an adjournment was had for the week, but the house met again this morning. Governor Voorhees sent to the senate these nominations: For professor of Essex county, Chandler W. Ricketts, state school superintendent, Charles J. Baxter (reappointed), major general and commander of the national guard, Brigadier General William J. Sewell; brevet major general, Brigadier General Richard A. Donnelly; General Sewell is an ex-member of the state senate, and his nomination was confirmed without reference to the judiciary committee. The senate passed the senate bill providing for a councilman-at-large in all second class cities. The house passed the bill making eight hours a legal day's work on all public works.

An Important Question. If your friends or neighbors are suffering from coughs, colds, sore throat, or any throat or lung disease (including consumption), ask them if they have ever used Otto's Cure. This famous German remedy is having a large sale here and is performing some wonderful cures of throat and lung diseases. No matter what other medicines have failed to do, try Otto's Cure. Washington, Feb. 16.—A statement prepared by the auditor for the navy department yesterday (the anniversary of the destruction of the United States battleship Maine) shows that the total number of claims filed to date on account of that disaster, under the act of March 29, 1878, is 225, amounting to \$12,352. Of these 92 are claims for indemnity by survivors, amounting to \$55,028. Two hundred and four are gratuity claims, aggregating \$57,760. Twenty-nine claims are now on hand awaiting evidence, and 20 cases are yet to be heard from. The records show that the total number of persons on board the Maine at the time of the explosion was 355, of whom 261 were killed and 94 survived.

THE ADMIRAL DEWEY IN PERIL.

Her Passengers Taken Off After a Government Vessel Refused Aid.

Boston, Feb. 16.—The Boston Fruit company's new steamer Admiral Dewey, Captain McGrath, bound from Port Antonio, Jamaica, to this port, ran on the rocks at Cuttyhunk at 4:20 o'clock yesterday morning, and is in great danger of being a total wreck. The 18 passengers on board were safely transferred to the steamer John J. Hill, which came up yesterday afternoon, and with their baggage and the mail were taken to Newport, R. I., from which point they were brought to this city by a special train.

Capital McGrath and the officers and crew of the vessel still remain on board, and every effort will be made to save the vessel, but as she lies in a very exposed position and with a large hole in her bottom, any severe blow from the southwest will undoubtedly cause her to go to pieces.

The cause of the wreck has not as yet been fully determined, although all the passengers agree that there was a mist on the water at the time the vessel struck.

The Dewey left Port Antonio on Feb. 10, having on board, besides the passengers, a large cargo of fruit. The experienced good weather until off the Delaware cape, when the storm of Sunday struck her, and for 36 hours she had a fearful battle with the terrific seas. On Monday a terrific wave boarded the steamer, and the quartermaster, John Anderson, a Swede, was swept overboard and lost.

Tuesday the weather calmed considerably, and the steamer made good progress. Block Island Southeast light was sighted about midnight, and the Dewey was then headed over toward Gay Head. The steamer had not run far when a thick mist began to rise, and with the heavy masses of ice floating out of Vineyard sound navigation became difficult.

The entrance to Vineyard sound is about six miles wide, from Gay Head on the south to Cuttyhunk on the north. Three miles west of Cuttyhunk is the Vineyard Sound lightship, equipped with a steam fog whistle, but for some season the whistle was not sounding when the Dewey was in the straits. Captain McGrath was on the bridge, the steamer, under reduced speed, approached the entrance to the sound, and there was the usual lookout forward when the Dewey brought up sharp on the ledge on the south side of Cuttyhunk ledge.

A few hours after daybreak the United States cruiser Topoka was sighted coming from the westward and signals of distress were at once set to attract her attention. The Topoka, not three miles off at 10 a. m., disregarded the Dewey's signals and soon disappeared up the sound.

Abbe Daniel was hooted while on his way to church and another priest attacked while going to a convent. Windows in several churches and synagogues were smashed.

Miss Sadie Wertheim, age 14, of Toledo, O., was the winner of the first prize for execution on the violin at the Brussels Conservatory of music. German critics say she is a wonderful player. It is the greatest distinction to be first in any-thing. For this in her stamenship literature, athletics, science and art, men and women put forth their greatest efforts. Washington was said to be "first in war, first in peace and first in the hearts of his countrymen." It is a great thing to be first. Nothing is of more value to mankind and brings greater happiness than a good remedy. Many things will relieve but the one that will cure is the best. There is no other such a remedy. Tens of thousands have found that it is the only thing that would cure Catarrh and Asthma. For 15 years it has never failed in a single case to cure Asthma, and its record has been as wonderful in Catarrh. Cases that had, to all appearances, become incurable, or where the nostrils were entirely stopped up, where the poisonous pus had eaten holes into the throat an inch deep, or where the stomach had become ulcerated and raw from swallowing the germ-laden matter, were all permanently cured. Such a record, unknown to any other remedy, justly entitles the Brazilian Balm to the first place in the regard of the American people. There are 20,000,000 Catarrh victims and countless Asthma sufferers in this country, all of whom can be cured with Brazilian Balm. A \$1.00 bottle of Brazilian Balm contains a month's treatment for catarrh or asthma, and for 6 months we will wrap with each \$1.00 bottle a month's treatment of Toxicola Tablets, free. Toxicola is the best tonic and nerve and strength builder known to science. This is the greatest offer ever made. Ask your druggist for our other substitute, B. P. JACKSON & Co., Mfg.
