

PECULIAR POISONS.
GENERATED IN THE HUMAN BODY.

The Result of Imperfect Digestion of Food.
Every living thing, plant or animal, contains within itself the germs of certain decay and death.

In the human body these germs of decay (called by scientists "Plasmas"), are usually the result of imperfect digestion of food; the result of indigestion or dyspepsia.

The stomach, from abuse, weakens, does not promptly and thoroughly digest the food. The result is a heavy, acid mass which ferments (the first process of decay) polluting the blood, making it thick, weak and lacking in red corpuscles; poisoning the brain, causing headaches, pain in the eyes.

Bad digestion leads to the heart, causing palpitation and finally bringing on disease of this very important organ.

Poor digestion poisons the kidneys, causing brights and diabetes.

And this is so because every organ, every nerve depends upon the stomach alone for nourishment and renewal, and weak digestion shows itself not only in loss of appetite and flesh, but in weak nerves and muddled complexion.

The great English scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and peptogenic products; the most sensible remedy in all cases of indigestion, is to take after each meal one or two of Stuart's Dyspepsia Tablets, because they supply in a pleasant, harmless form all the elements that weak stomachs lack.

The regular use of Stuart's Dyspepsia Tablets will cure any form of stomach trouble except cancer of the stomach.

They increase flesh, insure pure blood, strong nerves, bright eye and clear complexion, because all these result only from wholesome food well digested.

Nearly all druggists sell Stuart's Dyspepsia Tablets at 50 cents full sized package or by mail by enclosing price to Stuart Co., Marshall, Mich., but ask your druggist first. A little book on stomach diseases mailed free. Address Stuart Co., Marshall, Mich.

SAVED FROM THE WRECK
The Crew of the Steamer William Lawrence Landed at Savannah.

THEIR TERRIBLE SUFFERINGS.
Four of the Men Will Lose Feet and Several May Lose Their Lives—Were Without Food or Drink For Over Forty-eight Hours.

Savannah, Ga., Feb. 18.—Every member of the crew of the wrecked steamer William Lawrence was saved, but only after the greater number of them had suffered terrible hardships. The tug Cambria and Cynthia came in last evening from the Sea Islands of South Carolina, bringing with them Captain A. L. Willis and 12 men, constituting those who have been missing since Sunday morning, when the ship was abandoned in the breakers off Port Royal bar. With Captain Willis were First Officer L. E. Hooper, First Assistant Engineer Horace Hopper, Quartermaster A. Bergerson, and Steward Paul Quantz. William Hanks, Michael Hayes, Thomas Bolin, Jack Vawdry, Frank White, Jean Baptist, Charles E. Baldorf and Frank Fuller, and Lewis Leeschouwer, a stowaway from Baltimore.

Captain Willis and his men suffered but little less than the crew of Mate Beale's boat. They left the ship at 3 o'clock on Sunday morning. After 12 hours at sea in a blinding, freezing gale, the two boats made land on Cape Fear, a desolate and bare little sand spit. In reaching both of the boats were smashed and the men were thrown into the surf. Though almost exhausted and numb, they managed to scramble beyond the reach of the waves. What little drinking water they had was lost, together with the biscuits. There was no fresh water and extremely little fuel on the island, and no shelter. The captain had a few matches in a metallic box in his pocket. They were found to be dry. Tearing the seats out of the wrecked boats a fire was kindled under the lee of a sand dune. The boats were of iron, or they also would have been burned. This saved the men from freezing to death.

The men hovered over the blaze during the sleet and snow storm of Sunday night and Monday, when the mercury fell to 10 below zero. On Tuesday morning one of the boats was patched up and both crews got into it to reach Port Royal. They had been without food since leaving the Lawrence early Sunday morning and without water since Sunday afternoon. After painful efforts they reached Hunting Island. Some soldiers who were stationed there took them in and fed and warmed them. Yesterday the castaways were about to set out for Port Royal in their patched boat, when the Cambria arrived.

Captain Willis says that at the time the ship struck the weather was so thick that he could not see half the length of the ship. He says also that something was wrong with his compass, and that the ship was somewhat out of her course. Captain Willis has been in the service of the company for 20 years.

At the hospital it was learned that Chief Engineer Roach would lose one foot and all of the toes of the other; that Steward Bingle would lose both feet, and that two seamen would lose one foot each. Several of the men may lose one or both ears.

The Deadly Grip
Is again abroad in the land. The air you breathe may be full of it. It opens the door to Pneumonia and Consumption and invite death. Its sure signs are chills with fever, headache, full heavy pains, mucous, let-go cough. Don't waste precious time treating this cough with troches, tablets, or poor, cheap syrups. Get it once with Price's "Grip" remedy, the infallible remedy for bronchial troubles. It kills the disease germs, heals the lungs and prevents the dreaded after effects that so many remedies cost and \$1.00. Money back if not cured. A trial bottle free at A. Wasley's drug store.

A Drunkard's Double Crime.
New York, Feb. 18.—George Panzeter, while intoxicated last night, shot and killed his wife and John Goetz, a cigar-maker, who boarded in the house with Mrs. Panzeter. Panzeter escaped. Seven months ago Mrs. Panzeter's husband arrested on charge of being drunk. Panzeter was to support his family, and he was sent to prison for six months. To help defray the expenses of the household Mrs. Panzeter took in as boarders Goetz and his wife. On Jan. 14 Panzeter was released and returned to his home and begged his wife to take him in. She refused. Last night he again asked his wife to give him shelter. She refused, and the shooting followed.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by treating the system. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out of the system the hearing will never be restored. Hearing is only a question of time unless you get a cure. It is not a question of time, but of cure. It is not a question of time, but of cure. It is not a question of time, but of cure.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Halls Catarrh Cure. Send for circulars, free.

Jumped the Track, Seven Injured.
Shenandoah, Va., Feb. 15.—The locomotive on the Grand Trunk express which left Portland, Me., at 8:10 yesterday morning jumped the track two and a half miles east of Lennoxville in the afternoon and the train followed. No one was killed, but three trainmen and four passengers were injured. St. Ferdinand, new agent, of Belleville, Ont., is badly injured internally.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels.

Cold Wave Strikes Mexico.
Mexico City, Feb. 16.—The cold wave has struck the Gulf coast of the state of Vera Cruz, inflicting much loss to planters. Much damage has been done to coffee, tobacco and vanilla plants. It is not believed that coffee plantations are seriously injured, except the younger ones, as coffee will bear occasional cold. One estimate made by a large planter is that the loss to fruit growers and cattle raisers, coffee and tobacco planters will amount to \$5,000,000. President Diaz has been confined to his bed two days with the grip.

Everybody's liable to itching piles. Rich and poor, old and young—irritating the torture they suffer. Only one sure cure. Doan's Ointment. Absolutely safe; can't fail.

A Remarkable Cure.
Mr. Alexander Moore, a reliable business man, of 1230 S. 13th St., Philadelphia, Pa., says: "I contracted a violent cold which settled all over me. The pain in my chest and side was excruciating. The doctor gave me medicine and blistered my side, but I only grew worse. Then you gave me a bottle of Brazilian Balm. I had little or no faith in it, but decided to try it. I took 3 or 4 good doses before bed time, and rubbed it well over my blistered side. That night I slept like a top—my first good rest for over a week—and awoke in the morning cured. Brazilian Balm is simply invaluable."

UNCLE SAM'S BIG LOSS.
Over a Million Goes Up in Smoke at Brooklyn Navy Yard.

VALUABLE MODELS DESTROYED.
Some of the Property Loss Cannot Be Replaced—The Model of the Battleship Maine Included in the Burned Property—Cause of Fire Unknown.

New York, Feb. 16.—Over a million dollars' worth of government property was destroyed by fire which started in the large machine shop of the Brooklyn navy yard, known as machine shop No. 28, last night, and the workings of the navy yard received a serious setback. Among the models and patterns of battleships, their parts and plans, have been destroyed, and some of them cannot be obtained again except by going over the work mapped out in the beginning. A great number of the models were simply copies of plans, drawings and specifications now in the store rooms of the department at Washington and those can be replaced at any time. The steam engineering department of the Brooklyn yard is practically wiped out, and the work done in that building will have to be done temporarily upon the department of yards and docks and that of construction and repair. There is considerable obstruction to the work there, and an extra force will have to be put on in order to keep up with the work.

The fire was first discovered at 6:30 o'clock by the man on watch for the battleship Massachusetts. He immediately notified Lieutenant R. T. Mulligan, in charge of the watch, and a call to fire quarters was called. The men of the Massachusetts scurried down to the machine shop, about 300 yards away, and with the aid of a hose reel picked up in the yard got a small stream playing on the fire. The building was about 100 feet in width and 325 feet long. It was four stories in height and built of stone and brick. The wooden interior was thoroughly saturated with oil, and the flames gained headway. It was seen that the Massachusetts men could do but little against the blaze, and Colonel Huntington, in command of the marines, joined in the fight. About 10 minutes after the alarm was turned in in the city and all the engines in the neighborhood of the navy yard responded. The flames had then completely enveloped the great machine shop, and attention had to be paid to the foundry and other buildings in the vicinity. Several times the flames got a start on the foundry roof, but the firemen quickly put them out. A small corrugated iron building in the rear of the machine shop took fire and was burned, but those on this is insignificant.

The fire made such rapid progress in the machine shop that by 8:30 o'clock the officials of the navy yard pronounced it an utter loss. At about 11 o'clock the fire had spent itself.

Machine shop No. 28 was occupied by the coopersmiths, the boiler makers, the carpenters and machinists. About 600 people were employed in them, but only two watchmen were in the building at the time of the outbreak of the fire. The last workman had left the place at 5 o'clock. Aside from being filled with a great quantity of machinery, more or less used, the building was occupied as a pattern and model shop. Here were kept all the models, plans, drawings and specifications of work to be done on any of the naval vessels that were to be repaired at the yard. Many models of battleships and other vessels built from time to time were kept there, including the model of the battleship Maine. These were mostly copies of models, and their loss, while footing up considerable from a pecuniary point, will not be irreparable.

The steam engineering department had a number of elaborate plans which were originated in this yard, and they cannot be replaced.

The loss to the building is placed at \$350,000, and that on the machinery and lathes in the building at \$400,000. The models and patterns are variously estimated, but officials in the yard put the total loss at a little over \$1,000,000. The cause of the fire is unknown as yet.

Misery Ravages Doomed.
So much grip and so many deaths have been caused by the Grip that every one should know what a wonderful remedy for this deadly ailment is. Dr. King's New Discovery. That distressing, stubborn cough, that inflames your throat, robs you of sleep, weakens your system and gives the way for Consumption is quickly stopped by this unshaken cure. Three Children Cremated.
Little Rock, Feb. 16.—At Sneedville, Lincoln county, Monday night, the home of Charles Bannister, a farmer, was destroyed by fire. Three children, aged 7, 9 and 12 years, were burned to death. At Double Wells the home of J. H. Hammett was burned. In the ruins a body was found, supposed to be that of a colored man servant.

Sick Headaches.
The curse of overworked womanhood, are quickly and surely cured by Karl's Clover Root Tea, the great blood purifier and tissue builder. Money refunded if not satisfactory. Price 25 cts. and 50 cts. Sold by P. D. Kirkin and a guarantee.

Minister Strains Disturbs the Tories.
London, Feb. 16.—The Constantinople correspondent of The Standard says: "During the recent feast of Balam Oscar Straus, the American minister, insisted upon the custom house being opened to clear a cargo of flour from the United States. After some difficulty his request was complied with, but the incident caused great annoyance in Turkish circles."

Track and Vegetables Wiped Out.
Savannah, Ga., Feb. 16.—Superintendent Myers, of the Florida division of the Southern Express company, with headquarters here, has received reports from every express agent in the state respecting the damage done by the recent and violent winds. There was not one orange grove that has not been seriously injured, though several days must elapse before the real condition will be known.

The Halted Gunboat Baracoa.
Santiago de Cuba, Feb. 16.—Colonel Hood reports that the Baracoa, the former Spanish gunboat which the Americans found sunk in the Mayari river, and have raised, will be ready in the course of two days to proceed to the coast, and to any port designated by the government. He says also that his regiment is in first class condition, both in health and spirit. Lieutenant Colonel Pettit makes virtually the same report as regards his regiment, the Fourth Immunes.

The Texas Coal famine.
Denison, Tex., Feb. 16.—Reports received here last night are to the effect that miners at Hartsboro, Wilburton, Alderson and other points on the Colorado, Oklahoma and Gulf in the Indian Territory, are out, and not a pound of coal is being taken out of the mines. It is from the mines at these places that a large proportion of the coal supply of Texas is obtained, and the coal famine in the state is liable to become serious.

Thirty West Virginia Victims.
Cincinnati, Feb. 16.—West Virginia specialia to The Commercial Tribune show that the fatalities from freezing are already about 30 in the state. Reports are current of many fatalities in the mountains. Two lumber camps in Braxton county are without provisions and cannot be reached. In Charleston, Jefferson county, a coal famine exists. The snow is three feet deep on the level.

Bouncing the Baby.
A fond mother once asked "Will little Lamb how he liked babies?" The stammering boy promptly responded: "Boi—boi—boi—mama!"

Fortunately for the world, most men and women love babies, and the home that is without one is never truly happy. The old bachelors like Lamb are the only men who do not care for babies, and the woman who hopes to make her husband happy without undergoing the ordeal of maternity, hopes in vain. If women only knew, there is no necessity for dreading the pangs of motherhood. If a woman is really healthy in a womanly way, her trial will be insignificant. There is one great remedy that prepares a woman for almost painless child-bearing. It is Dr. Pierce's Favorite Prescription. It gives strength, vigor and vitality to the special organs that bear the burdens of motherhood. It cures all weakness, inflammation, hemorrhage and ulceration. It banishes morning sickness, nervousness, fainting and other discomforts. It insures a healthy, bouncing baby. Thousands of once barren homes bless the name of Dr. Pierce's Favorite Prescription.
