Cashler of State Treasury of Pennsylvanta Passes Away.

Sharon, Pa., Feb. 24.—Benjamin J. Haywood, cashier of the state treasury of Pennsylvania and former state treas urer, died yesterday after a lingering illness. He went west last year for the benefit of his health, which was giving way under the strain of duties of his office of cashier to the state treasury. It is understood that he grew worse over the worry incident to his indictment with Senator M. S. Quay and Richard R. Quay, for conspiring with John S. Hop-kins, the suicide cashier of the People's bank, to unlawfully loan public moneys and with unlawfully using the moneys of the People's bank. The allegation was that Haywood deposited state moneys in the People's bank to be loaned to the Quays for stock speculations, so that they had the use of about \$200, 000 for nearly six months.

Mr. Haywood was born in Mercer county, April 13, 1849, was educated at the common schools and took a course at the Iron City Commercial college at

Rebbed the Grave.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue conted, pain continually in back and sides, no appetite continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim.' No one should fail to try them. Only 50 cents per bottle at A. Wasley's drug store.

THREAT OF BOMBARDMENT.

The Sultan of Oman Reconsiders a

Bombay, Feb. 24.—Important de-tails regarding the action of the British authorities at Muscar, the capital of the Sultanate of Oman, have just become public. It appears that the news of the lease by the sultan of Oman of a coaling station to France on the coast of Oman leaked out while the British political agent at Museat, Major Eagan, was absent. He promptly returned to his post, but the sultan refused to furnish him with any information. The commander of the British boat Sphinx thereupon dispatched a lieutenant and an armed party to Bandar-Jissih. But the sultanhoping to receive aid from the French continued to be recalcitrant. The arriva ship of the East Indies station, with Rear Admiral E. C. Drummond on board, threw the sultan's subjects litts a

panie. During the morning of Feb. 16 Admiral Drummond sent word advoce that unless the sultan attended a durbur ou board the Eclipse at 2 o'clock that afternoon he would bembard the forts Notice of the admiral's intention was sent to the foreign consuls and the town was speedily in confusion. The advisers of the sultan entreated him to submit and the Eclipse took up a position broad-side to the town, while the other British ships cleared for action. The sultan thereupon posted a notification at the

custom house and on the gates of the town that the agreement with the French was cancelled. Just before 2 o'clock the sultan of Oman, almost unattended, arrived on heard the flagship and remained there for three hours, while the whole popula-tion lined the beach and nuviously awaited the outcome. The suitan, it appears, completely acquiesced to the British demands and hunded over to Admiral Drummond the treaty with France. On the following day the admiral went to the palace where a great during was held and the suitan publicly repudiated his agreement with France.
