**THE BROSCIOUS LAND.**

The Supreme Court sustains the lower court on an appeal.  
A decision rendered by the Supreme Court in Philadelphia will prove of much interest to the people of Shenandoah, in which several of them are personally interested. In 1884 a suit in ejectment was instituted by the City of Philadelphia, trustee, under the will of Stephen Girard, against G. W. Brocius, Wm. Rowley, Louis Landmesser, and Samuel Drescher, for lands in Union township.  
Yesterday the record and remitter from the Supreme Court, and also the certificate and agreement as to amount of penalty of \$25, was filed with Prothonotary Deagan. The judgment of the lower court was affirmed. The final trial in this court was held in the July term of 1897, when a verdict was awarded in favor of the plaintiff and against the defendants George W. and J. C. Brocius, for the land described as a part of a tract surveyed in March 2, 1794, in pursuance of a warrant dated January 23, 1794, granted to T. P. Cape, containing 66 and 87-100 acres in Union township. The court ordered the application for a new trial.  
The case was tried before Judge Albright, and the plaintiff's interest was looked after by S. H. Kautner and that of the defendants by ex-Judge Lyon. The latter appealed the case to the Supreme Court. It was then argued, and the judgment of the lower court is affirmed by the Supreme Court.

**Did the Post Destroy Mean You?**  
How many weak, tired, over-worked, worn out and run down men and women bitterly appreciate the post Dr. King's famous line, "Till like a clock work, on with keeping time. The wheels of every life at last stand still!"  
The wheels of every life indeed seem to stand still with you because you are sick, out of health, exhausted in nerve force and physical strength. Why do you not consult an eminent specialist about your case, a famous physician who makes a specialty of nervous, chronic and lingering complaints, and because he has made the treatment of cases like yours his life work, he is sure to cure you? The most successful specialist in the world in spring-ache, rheumatism, Dr. George of 25 West 14th St., New York City, can be consulted absolutely free of charge in regard to any case, what ever your ailment or what your company. If you cannot call, write to him at once, and out of his vast experience he will give you advice and counsel as to what you should do to be cured. He uses in his enormous practice among the sick, only harmless vegetable remedies, which always act in harmony with the laws of life and therefore always cure. One of his grand medical discoveries, Dr. George's Nervous Blood and Nerve Tonic, is known and used in every part of the civilized world, and he has discovered and prepared equally marvelous curative remedies for all diseases. It will cost you nothing to get his advice and learn just what your disease is, and if you will follow his wise counsel, the wheels of life will again revolve with their old-time health and happiness.

**SNOW BALL TROUBLES.**  
A Vary Attack of Snapped a Revolver Five Times.

Matt Sarakowicz was arraigned before Justice Shoenauer last night, charged by William Durham, leader of the 1744 Infantry U. S. A., with snapping a revolver at him five times on the 10th of Coal street through snow balls and several times struck Sarakowicz, who, it appears, charged Durham wrongly with being one of the attacking parties. As Sarakowicz snapped the revolver the fifth time John Durham, a brother of the complainant, gave the man a blow on the jaw that sent him to the ground. While Sarakowicz was down the Durhams jumped upon him and secured the revolver. They claim the bullet was in the weapon and had the trigger been pulled the sixth time, William Durham would have been shot.  
Sarakowicz appeared before Justice Shoenauer this morning and wanted to enter a cross suit. His story is that he was threatening the boys who threw the snow balls at him when the Durhams and two young men named Knyvelts and Bross interfered. He said they seized him and he then drew the revolver to defend himself. He also claims that while he was down his pockets were rifled after the revolver had been taken and he lost seventeen dollars in cash. He also claims the revolver was without any charge. Justice Shoenauer declined to take the cross suit, because the complaint was not made at the time the first case was heard, and he did not wish the court to think the Justice was multiplying law suits.

**A ROMANCE OF CRIME.**  
End of a Remarkable History, Which Proves an Old Proverb True.  
A day or two ago there was taken to Blockley almshouse to die a man who nearly a generation ago succeeded in escaping from the gray walls of the eastern penitentiary. His was the first successful attempt to break this prison. His life since has been full of thrilling adventures. The story will be told exclusively in the next Sunday's Press. In every other particular next Sunday's Press will be greater than ever. There will be five sections instead of four, so that for 2 cents the buyer will obtain in addition to all the news of the world more reading matter than is published in six of the leading magazines combined. **Dead Burials Identified.**  
Stromberg, Pa., Feb. 24.—Deputy Sheriff Bartleson and H. E. Rankin, both of Sonerville, N. J., yesterday identified the dead burglar, John Gleason, as one of the trio of thieves who recently committed robberies there, and one of whom shot and killed Chief of Police Crowe. Gleason and others robbed the Swift company's establishment at Sonerville, N. J., on Jan. 18, and Chief Crowe was shot and killed while in pursuit of the robbers. Gleason was born in Newburgh, N. Y., and had just completed a ten year sentence for shooting a Newburgh policeman.

**POLITICAL POINTS.**

The battle for the places to be filled by Council Reform was decided Schand Director at Ashland by a majority of one.  
It is likely that the commission appointed by court will report in favor of dividing the East ward of Tamaqua.  
Clark, the Citizens candidate for Town Clerk, defeated Editor Brown, of Spintners, the Republican candidate, at St. Clair.  
James A. McCarthy, of Locust Gap, is announced as a Democratic candidate for Prothonotary of Northumberland county.  
The Prohibitionists will hold their next state convention in Philadelphia, in July, the state chairman to select the day.  
Senator Higgins signed the petition for the recalling of the Democratic caucus, the object of which is to drop Jenks as a candidate.  
Some people are so constituted that they never know when they are licked. In this respect newspapers do not differ with individuals.  
Parties who on Tuesday were elected to the office of Justice of the Peace must file their acceptance with Prothonotary Deagan within thirty days from the date of election.  
It is said that ex-President Cleveland will re-enter National politics and be a candidate for President in 1900. He will outline party policy against expansion in a speech in New York.  
Kantor has it that Chris Schmidt, of town, will enter the list as a candidate, for County Treasurer. There is no more popular Democrat in the town than Mr. Schmidt. It is also said F. J. Brennan is a candidate for the same office.  
Tamaqua is entitled to one of the important nominations by the Republicans next fall, and will receive it without much trouble. Charles Shindler is generally considered to be the man. It is said he wants to be Registrar. An official count of the vote in Reading shows that Abram H. Leader, Republican, has a plurality of 24 over Edward Yeager, for Mayor, and the latter says he will not make a contest.  
A. E. Williams has been named as postmaster at Plymouth.  
Political activity will now expand itself entirely on the campaign for nominations for county offices and for election as delegates to the state conventions, which are to nominate candidates for State Treasurer and Justice of the Supreme Court.  
Kantors are already in circulation as to the organization of Council. There is not the semblance of truth in any of them.  
The local Agonistic in Democratic politics will now tender his resignation as secretary of the Democratic Committee. He has no further use for the organization.  
The Philadelphia Press, speaking of bribery in connection with the McCarrall bill, intimates that a former resident of this county is implicated, and that prosecutions are likely to follow. A resident of Lawrence county is thought to be implicated, and a double bluff is in the air.  
Many mistakes were made in the printing of ballots, and here in Shenandoah blank ballots were numerous. Many names were misspelled. In Tamaqua above the Council candidates the words "vote for one" was a mistake, as there were two to be elected. There were other irregularities.
