**American Flags!**  
Uncle Sam orders every flag down from sunset until sunrise. There may be some sentiment mixed in—but the flags last longer. There is nothing more injurious to wool fabrics than the night air—that is why.  
However, we make our flags of the very best quality Wool Bunting, and that is why they last longer than most makes—when you buy a bunting flag from us you patronize home industry. Our prices are again down to the old established prices "befo' de war."

Wednesday is Washington's Birthday and you will want to honor the Nation's Father as well as display the colors in honor of our recent victories in Manila.

## THE BOARD OF HEALTH

Proceedings at a Regular Session Held Last Night.

ROUTINE BUSINESS TRANSACTED!

The Board Contemplates Active Work as Soon as the Winter Season Breaks and Will Urge Council on the Curbing and Outfitting of Streets and Alleys.

A regular monthly meeting of the Board of Health was held last evening and was attended by three of the members, Messrs. Helman, Morrison and Malin, and Secretary Curtis and Health Officer Conry. Owing to the Council chamber being occupied by the Council, the Board met at Mr. Morrison's home, on East Centre street. Mr. Helman was made chairman for the evening, in the absence of President Spalding.  
The epidemic committee made a report showing that for the month closing there were six cases of communicable diseases, of which one was typhoid fever, two diphtheria and three diptheritic and membranous croup. There was one fatality from diptheria.  
The Necrology committee reported 24 deaths and one still birth. There were 23 burial permits issued, 25 being local and 8 non-residents. There were 31 internments in town cemeteries and 2 in outside quarters.  
Health Officer Conry read his monthly report, showing that he attended to and abated 11 cases of nuisances.  
The secretary reported that bids had been received for the printing of the Board's annual report and the contract was awarded to the News for \$28.50. The HERALD was the only other bidder and the price was \$29.  
The Board considered some time in discussing what sanitary steps should be taken upon breaking up of the winter season, and all agreed that there will be considerable work for the Board, owing to the severe weather of the past few weeks preventing property owners from exercising the usual sanitary precautions.  
The condition of streets and alleys was also discussed and after the new Council organizes the Board of Health will present a number of recommendations to it, among them an urgent appeal that Council see to it that the proper officials compel all property owners to keep their alleys clean and that the same attention be directed to the alleys as to the streets in this connection. It was stated that the neglected condition of alleys is, in a large measure, responsible for many nuisances; that if these thoroughfares were graded, paved and guttered at least proper surface drainage would be provided and there would be less complaint on the part of the public at large. Some members of the Board were in favor of framing recommendations at once, but as the old Council will go out of existence a week from next Monday, it was finally concluded to await the organization of the new body.

Mrs. Grundy Says  
That the police force will be reduced to four "cops" next year.  
That the Traction Company is sadly in need of new rolling stock.  
That Constable Thomas Tosh would fit well as chief of the local militia.  
That election is over and all political sore ought to be healed.  
That when Councilman Murphy's election was assured, the Chief added another brass button to his outfit.  
That Shamokin young people are doubling up at a rate highly pleasing to the men of the cloth.  
That the average Shenandoah woman may be fond of fads, but she hates new wrinkles.  
That little or no friction is anticipated in the organization of Council by the Democrats.  
That some people say Shenandoah needs a better inquiry.  
That when Dewey calls for help, it's not a petty insurgent fire that demands the sounding of a second alarm.  
That a vacancy will soon occur in our corps of teachers, caused by Cupid's darts.  
That the Chief Burgess has plenty of work requiring his undivided attention.  
That the people must have the news, and know where to look for it.  
That Councilman James will be a candidate for County Treasurer next fall.

Trustee Commissions Issued.  
Governor Stone has issued commissions to Ex-Senator Grant C. Herring, of Bloomsburg, and Captain Allison, of Fort Carbon, as trustees of the Miness' hospital, at Fountain Springs. Messrs. Herring and Allison were appointed to the positions several months ago by Governor Hastings, while the State Senate was not in session. They were what are known as recess appointments and, with many others made by the former Governor, were recalled by Governor Stone, who subsequently re-appointed the two gentlemen and their appointments were confirmed by the present Senate. Mr. Herring succeeded ex-Senator Charles F. King, of Pottsville, and Mr. Allison succeeded Superintendent William H. Lewis, of Wm. Penn. Both appointees are gentlemen of high standing in their respective communities and are excellently qualified for the important duties which devolve upon them as trustees of this worthy institution.

## ACCIDENT ON PENNSYLVANIA

Head-on Collision Kills One and Injures Thirteen.

Philadelphia, Feb. 25.—One person was killed and 13 others injured last night in a head-on collision between two Pennsylvania railroad trains near the Forty-fourth street bridge, West Philadelphia. Wesley Walton, freeman of West Chester, Pa., was killed. The injured are W. B. Mathews, assistant station master at Broad street station; Mrs. Ida Wallace, Alexander Bishop, aged 24 years; Abner Tandy, aged 23; Richard Lawrenson, aged 62; Thomas Cleaz, Samuel Serrill, aged 28; Lewis Kraft, aged 22, all of this city, and George Paxson, conductor, aged 42 years, and Ellsworth Ford, brakeman, aged 32 years, of Parkersburg, Pa., and Mrs. C. M. Grubb, of Atlantic City, and Henry Waters, engineer of the West Chester express, and T. C. Myers, engineer of the Paoli train. None is seriously injured except Mrs. Grubb, who has a broken leg and internal injuries.  
The accident was due to an open switch. The colliding trains were the Paoli accommodation, bound for this city, and the outward bound West Chester express. The trains are scheduled to pass each other shortly after 3 o'clock. The engineer of the Paoli train either did not notice the open switch or it was too late to stop. Nearly all the injured passengers were in the forward car of the West Chester train and their injuries consist chiefly of bruises.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

Deaths and Funerals.  
James Brooks, a resident of town who served for eighteen years as fire boss at the Shenandoah City colliery, died suddenly at his home on North White street this morning. His death was due to heart failure, superinduced by congestion of the lungs. Mr. Brooks was taken ill on Wednesday last. Although his condition grew serious, his death was quite unexpected. Dr. J. S. Kistler, the physician in attendance, said there was a sudden collapse of the heart. Mr. Brooks was 53 years old and is survived by his wife and six children, two of whom are married. One of his sons lives at Philadelphia and the death will be a shock to him, as his father's condition had not reached a stage that justified the family in sending notice of the illness. At the time of his death Mr. Brooks was janitor of the Jardin street school building. He was a member of Frank Ridge Lodge No. 880, I. O. O. F., and Shenandoah Lodge No. 69, Sons of St. George. He was also a prominent member of the Methodist Episcopal church.  
The time for the funeral of William Dornbach, of Mahanoy Place, has been changed from Sunday morning to Monday afternoon. Interment is to be made in Kulp's cemetery, Kingstown.

Abraham Prutzman, of Tamagosa, died at the Hahnemann hospital, Philadelphia, from typhoid fever. He was a medical student of the above institution, and was 26 years old.

Mrs. Edward Thompson, formerly of Ashland, died at Bethlehem, Pa. Her husband was road foreman for the P. & R. for many years.

Thomas H. Simmons, who was killed at the Buck Mountain colliery on Thursday, was buried to-day. The remains were taken from the family residence at Buck Mountain to Freeland.

Dr. Bull's Cough Syrup will cure croup and whooping-cough. No danger to the child when this wonderful medicine is used in time. Mothers, always keep a bottle on hand.

Will Again Enter the Arena.  
From Pottsville Chronicle.  
George Folmer, of Shenandoah, has already announced his candidacy for the County Treasurership on the Democratic ticket next Fall. Mr. Folmer has upon several occasions made attempts to capture this office, but has been unsuccessful thus far. Elias Davis, the present incumbent, having defeated him in 1896. But Mr. Folmer is not dismayed, and still believes he can and will be landed in the position to which he aspires.

The Matter Settled.  
A short session of the Borough Council was held last evening, and endorsed the action of the officials in renewing the Torbert note. Borough Solicitor Burke decided that the note as presented was all right, and that the borough was fully protected.

Hundreds of lives saved every year by having Dr. Thomas' Electric Oil in the house just when it is needed. Cures croup, heals burns, cuts, wounds of every sort.

## FINANCE AND TRADE

The Business Situation at Present is Without Precedent.

THE OUTLOOK WAS NEVER BETTER

The Mercantile Agencies Say That the Gain is Astonishing, and Predict a Record Breaker in the Volume of Business This Year.

New York, Feb. 24.—R. G. Dun & Co.'s weekly review of trade says: The situation is without precedent. Business has never been better on the whole, and in some great industries the gain is as astonishing. Exports surpass last year's as much as imports, though the excess over imports then was heavy. Failures are smaller than last year, and smaller than in either of six years past. Payments through exchanges show a greater volume of business than ever before at this season, and nearly one-half larger than in the best of previous years. The output of bread stuffs and cotton continues heavy. But there are some who fear that such prosperity cannot last.  
Popular impressions have to be reckoned with, because they control events. Yet at every point of danger except one the signs are in every respect favorable. The crush on demand for finished products, at a time when nearly all the works are crowded by orders covering production until July 1st, causes many to refuse to contract beyond that date except at higher prices, and a rise under such circumstances may prove the one thing needful to sober buyers, and to bring into the list of producers other establishments heretofore idle. While the large capacity of production is still in reserve the demand now pressing for cars, vessels, bridges, buildings and pipes is partly to anticipate a rise in prices.  
Bradstreet's review says: Iron and steel and cotton goods have shared in public interest this week because of urgency in demand and consequent buoyancy in prices. In the former industry the striking feature has been the continued call for supplies alike of raw and of manufactured material, not only on domestic, but even on foreign account, and it is not too early to ascertain the effect of the numerous and heavy advances announced during the week upon the export demand. It is, of course, to be remembered that iron and steel are in active demand at advancing prices the world over, and it is encouraging to find that export buyers of pig iron are following up their orders with withstanding recent advances in that line.  
In cotton goods, as in iron and steel and a number of other products, active export demand seems to have been at the bottom of unquestionable improvement which has occurred in the last three months. This week has not advanced announced during the week upon the export demand. It is, of course, to be remembered that iron and steel are in active demand at advancing prices the world over, and it is encouraging to find that export buyers of pig iron are following up their orders with withstanding recent advances in that line.

Multiple Printing Telegraph Test.  
Philadelphia, Feb. 25.—A practical test of the Rowland multiplex printing telegraph, the invention of Professor Rowland, of John Hopkins university, was made yesterday over a Pennsylvania railroad wire between here and Jersey City. The test occupied nearly two hours and three messages were consecutively sent to Jersey City over the wire at the same time, and were received simultaneously in the Pennsylvania railroad terminus in that city. The machine adopted is non-eight messages, four each way, at the same time. This is accomplished by means of alternating currents. At this end three operators manipulated an ordinary typewriter keyboard to which the wires were attached and as they struck each key the character was printed at the other end. The average speed maintained was over 40 words a minute.

Death Before Eviction.  
Philadelphia, Feb. 25.—Eviction starting her in the face Miss Maudie C. Leigh, a young dressmaker, turned on the gas and was found dead in her room at her home, 1539 Montgomery avenue, yesterday morning. Miss Leigh had fallen before in her room, and was to have been sold out for non-payment of rent, but it is believed that if this occurred she would have died, and when the blow fell she carried out her threat.

Joe Gorge in the Susquehanna.  
Winfield, Pa., Feb. 25.—An ice gorge 12 feet high exists one half mile south of here on the west branch of the Susquehanna river, and during the afternoon backwater flooded considerable farming country to the east. The gorge is expected to break during the night and if the bridges at Northumberland and Sunbury stand the strain the river will be open.

Gideon Marsh's Forfeited Bail.  
Washington, Feb. 25.—The arrest of Gideon W. Marsh, president of the failed Keystone National bank of Philadelphia, is recalled by a bill introduced yesterday by Representative Young to reimburse William H. Wyanamaker in the sum of \$20,000 paid by him as surety and bail for Marsh.

Mrs. Lawler's Murderers Captured.  
Philadelphia, Feb. 25.—The murderers of Mrs. Mary A. Lawler have been arrested. It took the detectives just three days to solve the mystery of the old women's murder, and less than a month to capture her slayers. They were caught at Richmond, Va.
