JUMPED TO HIS DEATH.

Bendrick Was Frightened in His Thrilling  
Race in a Mine Shaft.

Anthony Bendrick, of Mahanoy City, was  
recently killed Saturday afternoon during a  
thrilling race up St. Nicholas colliery slope.  
Bendrick and three fellow-workmen boarded  
a cage at the bottom of the work at the close  
of the day's work, then signaled the engineer  
to hoist, and a moment later were being  
whirled upward at a rapid rate. The speed  
was unusual, which fact, coupled with the  
sudden extinguishing of lamps frightened  
them. They huddled together in breathless  
silence, expecting to be drawn into the engine  
hoist or dashed to pieces against the shaft-  
walls. They were carried to the surface, land-  
ing and were moving past, when Bendrick  
jumped and fell back down the slope, a  
distance of 112 yards. He was picked up  
with scarcely a pulse in his body. His  
companions were finally dumped into a coal  
chute unharmed. A misunderstanding of  
signals caused the accident.

The unfortunate man was 45 years old  
and survived by a wife and four children. He  
had been proprietor of Bendrick House for  
the past five years, but at intervals followed  
his former occupation, that of a miner. He  
was popular among his countrymen and a  
prominent member of the Citizens Lithuanian  
Society.

He Was Elected, Nevertheless.  
From the Literary Press.

A son of Congressman Brumm, who holds  
the first position of local character of the  
House of Congress by the grace of a Republi-  
can administration, stood at the first ward  
poll on Tuesday and openly fought Council-  
man Scott, the Republican candidate for  
Council.

Cars Are Scarce.

The collieries resumed operations this  
morning and will work a full week if suffi-  
cient cars are furnished. The large demand  
for coal of the domestic mines causes a scarcity  
of cars and this may prevent the collieries  
from operating every day. There is a rumor  
to the effect that the collieries will shortly  
work full time.

Conference Awards Honors.

At the United Evangelical Conference at  
Reading, deacons' orders were voted to Rev.  
F. S. Borey, of Pine Grove; D. P. Long-  
dorf, of Creswell; A. E. Hagen, of Lan-  
caster; S. N. Dismar, of Danphin; and  
others' orders to Revs. H. E. Paschall, of  
Tamaqua, and W. J. Schieffely, of Hardsboro.

Is a Counterfeiting Mint.

George Cerpa, a counterfeiter, after oper-  
ating at Shamokin since last October, fled  
with his wife and two children on  
Saturday, and five hours later United  
States Secret Service agents were in  
possession of the counterfeit money. He is  
now in custody. He established a watch-making  
establishment, but spent the best part of the days and  
nights at work in a den in the cellar, which  
was well fitted up with moulds, presses and  
appliances for plating. John Clifford, an ex-  
amining the cellar found hidden in a double  
door \$400 in \$10 and \$5 counterfeit gold pieces  
and dollars, \$500 in 10-cent and 10-cent pieces  
in silver. It is thought that Cerpa sent his  
product in large quantities to accomplices in  
various parts of the region.

Dr. Bull's Cough Syrup will rid you  
of a cold more quickly than any other known  
remedy. Don't let a cold go as it comes for  
you may endanger your life. Price 24 cts.

PITHY POINTS.

The forecast for Tuesday: Partly cloudy  
and clearing, colder weather, preceded by  
rain or fog and high winds on the coast.

Political Points.

In the Second ward of Ashland on Tues-  
day twelve or more ballots were marked with  
a cross instead of a cross, opposite the names  
of candidates. The board very properly  
counted them, as the intent of the voter was  
plain.

The new Borough Council of Girardville will  
be composed of eight Democrats and one  
Republican. We can see the latter's finish.

What would the Republican party do with-  
out a Hanna? And likewise the local De-  
mocracy.

We are still looking for that 500 Democratic  
majority. The "other fellow" has given up  
to despair.

The Tamaqua Courier says William Haber,  
at present Borough Treasurer of that town  
will be a candidate for County Treasurer,  
subject to Democratic rules.

There was a revival of things political at  
Ashland. The Republican ward social has  
three Democratic Councilmen, while the  
Democratic Third ward has three Republi-  
cans in the same body.

It is said that Senator Losh will be  
counted in all forty appointments of pos-  
sible in this county, including Pottsville  
and Schuylkill Haven. Schuylkill's ap-  
pointment for the former place has been held  
up, and the said-hundred statesman will likely  
keep it there.

Some people are already working county  
committees to the queen's taste.

The Philadelphia Press says the date that  
will go through at the organization of Coun-  
cil.

James A. McCarthy, of Locust Gap, is a  
candidate for Prothonotary in Northumber-  
land county.

There is said to be some opposition to Sen-  
ator Losh's bill, which has passed the  
Senate, creating the office of County So-  
ciety, and to be elected by the people, at a  
salary of \$5,000 per year.

The Socialist contest will make itself felt  
in Republican politics in this county next  
fall. There will be a shifting of the cards,  
so it were.

The Philadelphia Press says "the indigna-  
tion expressed by Archbishop Ryan over the  
fact that his name and his Church should be  
dragged into a controversy over the Mc-  
Carroll bill is shared by several Catholics  
from your correspondent has seen to-day.

The absence of force of attempting to use  
religion as a cloak for illegal actions is being  
severely condemned."

There is a general demand among the tax-  
payers of the borough for a reduction in the  
number of policemen to four.

The school board in West Mahanoy  
is having a hard time in getting the  
much. They have a faculty of breaking all  
such combinations. The "patrol boys," as  
a general thing, are bona politicians.

Pottsville's political triumvir is getting  
shaky, and a break is inevitable.

A BIG CAVE-IN.

The Residents of Mahanoy Plane Greatly  
Alarmed by It.

A big cave-in of mine workings occurred at  
Mahanoy Plane shortly before midnight on  
Saturday last, and the consequent cave-in  
several houses in the heart of the borough.  
The cave-in was in a worked out section of  
the Lawrence colliery and pulled down a  
large area of surface and the Schuylkill  
Traction tracks and threatening the P. & R.  
Railway, as well as a number of dwellings.

The four houses abandoned were occupied  
by the families of Thomas Fitzpatrick,  
William Baldwin, William Rockman and  
William Giles. The furniture and other  
effects of the houses were removed yesterday.  
The disturbed place has stopped working,  
but it is feared that when a thaw sets in the  
cave-in will extend and carry down the four  
dwellings. There are figures 100 feet long  
radiating from the cave-in. The breach does  
not extend under the houses referred to, but  
under the houses referred to, but under the  
alarm in the town and many homes were  
vacated, the families remaining absent until  
the mine officials assured them that it would  
be safe to return.

Change of Meeting Night.

Members of Camp, P. O. of A., are notified  
that beginning with March 1st, the  
weekly meetings will be held on Wednesday  
night, instead of Monday and in Schmidt's,  
North Main street, instead of Reddell's.

On the above date an entertainment will be held.  
Full attendance desired.

Among the Sick.

Mrs. Fred Roberts is confined to her home  
by an attack of illness.

Mrs. John Phillips is ill at her home on  
South West street.

Carrie, an infant daughter of Patrick  
Fenton, inside foreman at Packer Colliery,  
No. 3, is suffering from an attack of pneu-  
monia. Another daughter, Edith, has just  
recovered from a similar attack.

An infant daughter of John Dowling, on  
South Bowers street, is suffering with a  
severe attack of pneumonia.

An Operation.

An operation was performed upon Thomas  
Couch at his home in West Penn on Satur-  
day. The patient was suffering from an ab-  
scess on the left leg from which a quart of  
pus was removed. He was greatly relieved  
by the operation and is doing exceedingly  
well under treatment of Dr. Pierce Roberts.

The Mispelrot Made Him SURE.

Mr. Fegan, the professional anti-typhoid  
member of the New South Wales legisla-  
tive assembly, announced one night in  
tones of peppy scorn, "Whisky makes  
men gentle for a time." "Hansard" next  
day carried the reprint to the country.

MOTION COURT TO-DAY.

Argument to be heard next Monday at  
the Seaman Flood Cases.

Pottsville, Feb. 27.—Judge Hechtel oc-  
cupied the Bench alone today. His colleague,  
Judge Marr, being detained. It was very  
the death of a matter. There was very  
little business to occupy the attention of  
court. The only decision handed down was  
the granting of a charter to the Firemen's  
Benevolent Association of Shenandoah, which  
was presented last Monday by M. M. Burke,  
Esq.

SCANLAN'S BOND CASE.

John F. Whelan, Esq., as counsel for the  
Borough of Shenandoah, called the court's  
attention to the fact that testimony had al-  
ready been taken on one of the rules secured  
by the bondsmen of Tax Collector Scanlan  
two weeks ago. Inasmuch as the counsel for  
the borough does not deem it necessary to  
take testimony to contest that taken by the  
bondsmen, he asked court to fix next Mon-  
day as a day for argument on both rules. The  
court made the order accordingly.
