The Invaders Are Promised Remuneration in the Shape of Land Grants Should the Expedition Succeed in the Plans of the Lenders.

Kansas City, Mo., Feb. 28.-The first detachment of the filibustering expedition organized here for an invasion of Central America left Kansas City last night. The soldiers of fortune numbered about 150, and were provided for in four special coaches, which were attached to the regular southbound passen-ger train on the Kansas City, Fort Scott and Memphis road. It is now known beyond question that the men composing this expedition expect to do some fighting in Central America. Reports as to their destination have been conflicting, both Guatemala Honduras having been mentioned, but men who are leaders in the adventur have secretly informed their friends that Railway. It is the shortest, quickest and their real destination is Nicaragua. The men culisting have been assured that the invaders have good backing and have been told that capitalists of national prominence are furnishing the money to equip, transport and arm the expedition. The men are said to have been promised in lands and concessions.

T. A. Whitten, a lawyer, who has been active in organizing the companies here and who left with the men last night, leclared that the men had been hired to work on a railroad.

Major Warner, United States district atterney, and United States Marshal Ducham investigated the affair, but when the band started south they both declared they had discovered nothing to warrant the arrest of the alleged invaders. They have advised the Washington authorities fully. Dr. R. E. Heath, consul here for Honduras, has also notified his government and the Honduras consul at New Orleans of the movement.

A startling incident of which Mr. John Oliver of Phitadelphia, was the subject, is marrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue casted, pain continually in back and sides, no appetite-gradually growing weeker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim.' No one should fail to try them. Only 50 cents per bottle at A. Wasley's drug store. Robbed the Grave.

MOLINEUX ARRESTED.

Charged With the Murder of Mrs. Adams by Poison.

COL. GARDINER'S ARRAIGNMENT.

His Bellef That the Accused Man Was Responsible Also For the Death of Barnet, and That He Is a Degenerate. New York, Feb. 28.-Roland B. Moli near in a prisoner in the Tombs, charged with the murder of Mrs. Kate Adams ly powon sent through the mail to Harry S. Cornigh. The arrest was made last right after the finding of the coroner's

jury naming the young club man as the murderer. Most or the day's session had been writing experts. All of these declared positively that the address on the potent package sent to Cornish was written by Molineaux, and not one of them would admit the possibility of a mistake Roland B. He colained to the jury the reasons for the delay in bringing the case to an inves tigation, saying that it was necessary to determine whether Mrs. Adams had in reality died of poison. Certain methods had, therefore, to be adopted to disarm suspicion. witness who was placed on the stand (Coralsh) was made to suspect that he was the guilty party, and the evidence he gave was the evidence of a man full of consternation. But in this direction we disarmed suspicion from the really guilty person. Now the very next man to go upon the stand (Molineaux) was the person that the public had settled upon. When my able assistant treated him in such an apologetic manner it was done to disarm him of suspicion. We were placed in the position to make it appear that Cornish was really the guilty person. Then the guilty person, seeing that he was not auspected, was pecfectly wanted. You have just heard the evi-dence as given by those experts in hand or. That seems to me to be con-

the district attorney.

He said the deaths of Barnet and Mrs Adams could not be separated. Barnet had been polsoned by a powder sent through the mail, and the one who sent must have been on intimate terr with him and acquainted with the fa that Barnet used Kutnow powder. Mo ineux, he said, was that person.
"Everything went off easily in that
case," said the district attorney, "and

Mr. Gardiner then read the letter written to Barnet while he was ill, and

"Is that the language of one ordinary

friend to another?"

General Molineux interrupted him by crying out: "Yes, it is." The coroner silenced him and the district attorney re-

He dwelt upon the fact that Mrs. Moineux had sent flowers and a letter to Barnet only 19 days before her marriage and discredited the statement of Molineux that he had paid for the flowers. "It is clear that Mrs. Molineux loves Barnet, but knew Molineux had good prospects, and she wanted to be taken are of. There's the motive," said Mr.

Colonel Gardiner here took up Molineux's hatred of Cornish and spoke of Molineux's visits to Chinatown and his

intimacy with persons there. Coming down to the hiring of the letter boxes, Colonel Gardiner referred to the evidence of witnesses that Molineux had hired the boxes in the names of Barnet and of Cornish. He further referred to the testimony of the experts that letters signed H. C. Barnet and H. S. Cornish had been written by Molineux. Colonel Gardiner then said that the letters, to his mind, had been written by a degen

The jury deliberated three hours and a half, and then ecturned with a verdict holding Molineux responsible for Mrs. Adams' death, The coroner immediately issued a warrant for the arrest of Molineax, and the latter was at once arraigned before him. Through his attorney, Bartow S. Weeks, he demanded an immediate hearing, but Assistant Dis-trict Attorney Osborne objected, saying it was impossible to proceed with the hearing. The hearing was then set down for Wednesday morning, and Molineux was committed to the Tombs without
