TRIALS OF SALESWOMEN.

Mrs. Pinkham Says Standing Still is One of Woman's Most Trying Tasks.

Have you ever thought why it is that so many women or girls rather walk for an hour than stand still for ten minutes? It is because most women suffer from some

derangement of their delicate organism, the

discomfort from which is less trying when they are in motion than when standing. So serious are these troubles and so dangerous to health that the laws in some states ec pel employers to provide resting places for their female employees.

But no amount of law can regulate the hard tasks of these women. Customers are exacting, and expect the saleslady to be always cheerful and pleasant. How can a girl be cheerful when her back is sailed by lassitude and bearingter how sweet tempered she is

naturally, her nerves give way under the pain after a while. want cross and snappy saleswo important capital, and no one can be

If you are ill or suffering, write without delay to Mrs. Pinkham, at Lynn, Mass., and tell her all about yourself. Your story will not be new to her; she has beard it many thousand times and will know just what you need. Without doubt, Ledia E. Pinkham's Vegetable Compound will help you, it has done such wonderful things for suffering women. Do not hesitate to write her all the little things that make you feel miserable. Your letter will not be seen by any man, and Mrs. Pinkham's advice will cost you nothing.

Read this letter from Mrs. MARGARET ANDERSON, 463 Lisbon St., Lewis-

"DEAR MRS. PINKHAM:-For years I had suffered with painful menstruction everymonth. At the beginning of menstruction it was impossible for me to stand up for more than five minutes, I felt so miserable. One day a little book of Mrs. Pinkham's was thrown into my house, and I sat right down and read it. I then got some of Lydia E. Pinkham's Vegetable Compound and Liver Pills.

"I can heartly say that to-day I feel like a new woman; my monthly suffering is a thing of the past. I shall always praise the Vegetable Compound for what it has done for me."

Ask Mrs. Pinkham's Advice-A Woman Best Understands a Woman's Ills

THE CORNER LOAFER.

A Contemporary Gives a True Picture of the Shenandoah Species.

The corner loafer nuisance makes its appearance regularly with the coming of every spring and it is always met with precisely THOSE calculations about how long their complaints to the newspapers and to awful weather of that night. THE WRECKED MORAVIA.

The Crew of the Atlantic Liner Probably Lost.

Halifax, N. S., March 1.-The overdue steamer Moravia, Captain Fergusen. which sailed from Hamburg for Boston Jan. 18, was wrecked on the northeast bar of Sable Island about Feb. 12. The vessel was first seen on the bar about eight miles from the Northeast light. She was broken in two. The vessel was making her last trip for the Hamburg-American line, having been recently sold to the Sloman line, of New York.

The dominion government steamer Aberdeen, which it is proposed to send to Sable Island to the relief of the Moravia, will not be able to leave Halifax for two days. There is no other means of communication with Sable Island than by boat, as no electric cable has been found able to stand in the shifting sands. The captain of the Gloucester schoone

Nannie C. Bohlin said that when the schooner Arbitrator reported the wreck the latter's captain said that through the haze he could see a steamer's hull gone and down at the head, as if she were hogged. The location of the wreck is the worst on this dreaded island. The and a large part of the time is discon sected with the main islands. It is probably impossible at this time of year to reach the wreck from the life saving stations except in lifeboats. The captain of the Bohlin says that

when he went to the locality where the Moravin had been seen the wreck had disappeared, probably sunk. As 15 days have now elapsed since the steamer was seen on the island, no particular hurry is needed. Mechanics are working day and night repairing the Aberdeen to go It is feared the Moravia's crew are lost.

THE BEEF INVESTIGATION.

Non-Commissioned Men Guess as to the Quality of Meats. Washington, March 1.-The feature of the court of inquiry into General Miles' boof charges yesterday was an object lesson in canned meats prepared by the men who testified at Monday's hearing. court had prepared eight plates of beef-fresh beef, canned beef that had been to Cubs and back, and canned beef fresh from the factory. Four plates were prepared hot in a stew and four cold as they came from the can, the fresh beef being boiled to make it resemble the others. The culisted men were ordered to sample each and say which was the sort they had had in Cuba. It was a trying ordeal for the men, most of them declaring that none of the plates looked anything like what they had eaten in Cuba. By repeated assurances that there was campaign beef in two of the plates, and after being urged that they should at least choose "to the best of their belief," the court speceded in getting an expression of opinion from each of the men. An army surgeon, Dr. Bowden, kept tally on the guesses of the men and changed the position of the plates after each witness had left the room. The result of this was not made public, however, vill be reserved till Dr. Bowden tes-

UNDIGNIFIED SENATORS.

porting Public Building Bills. Washington, March 1 .- A frenzy of bill passing was on the senate yesterday. building measures, and at times during the erection of government buildings it Beal organic disease is incumble; but not which they were interested. Late in the passed by the house were received by the senate. Instantly confusion reigned Senators crowded about the clerk's desiand began to sort over the bills from the house, picking them out as they Sympathetic and Pneumogastric.

In another way, also the heart is affected by the form of poor digestion, which causes the area in front of the president of the

ing bills and endeavoring to obtain rec ognition from the chair. The unusual proceedings called out a protest from Senator Platt, of Connecticut, who de manded that senators take their seats and that order be restored. At times throughout the sessions of the day and night these scenes were repeated as more building bills were reported from the house. Bills carrying an aggregate of \$8,000,000 or \$10,000,000 were passed, and many more that had not been passed by both houses of congress were place proprietion bill. Finally at a late hou last night an amendment to the sundry ly \$4,000,000 for the preliminary work on the buildings which had been author

The house spent practically the entire time of the seven hour session passing the public buildings bills favorably acted upon by the committee of the whole ten days ago. The opposition sought in vain to consume time by roll calls and other fillbustering factics, but their numbers were to slim that in no case could they secure a roll call.

A Chicago Sensation Exploded.

Chicago, March 1.—Police, in search in the home of Albert Becker, vesterday for some clew that might lend to the solution of the mystery surrounding the disappearance of the butcher's wife, made what they for a time believed to be a sensational discovery. Mixed in the ashesi of the stove were found what appeared to be peared to be several pieces of bone, and the theory was at once advanced that Mrs. Becker's body had been dissected and burned piecemeal. Professor Dur-sey, of the Field Columbian Museum, however, pronounced the refuse nothing but pieces of charcoal, and the promised sensation was exploded.

Washington, Merch 1.-The president yesterday signed a number of bills pass ed by congress, among them: Making appropriations for the support of relief of the Fourth Arkansus mounted infantry for services in the civil war; granting authority to the Pensacola Northwestern Railroad company to build bridges over certain rivers in Alabama; the joint resolution authorizing the president to appoint Osborne W. Deignan (helmsman of the Merrimac's erew) a naval cadet at Annapolls, he having

The Cruel Knife!

It is absolutely useless to expect a surgical operation to cure cancer, or any other blood disease. The cruelty of such treatment is illustrated in the alarming number of deaths which re sult from it. The disease is in the blood, and hence can not be cut out. Nine times out of ten the surgeon's knife only hastens death.

My ton had a most malignant Can which the doctors said an operation ope. The oper-

literature, athleties, science women put forth their greatest efforts. Washington was said to be "first in war, first in peace and first in the beasts of his countrymen." It is a great thing to be first. Nothing is of morevalue to mankind and brings greater happiness than a good remedy. things will relieve but the one that will care is best. Brazilian Balm is such a remedy. Tens of thousands have found that it is the outly thing that would cure Catarrh and Asthma. For 15 yrs, it has never failed in a single case to cure Asthma, and its record has been as wonderful in Catarrh. Cases that had, to all appearances, run into Consumption or where the ces, run into Consumption, or where the nostrils were entirely stopped upor where the poisonous pus had eaten holes into the throat an inch deep, or where the stomach had become ulcerated and raw from swallowing the germ-laden matter, were all permanently cured. Such a rec ord, unknown to any other remedy, justy entitles the Brazilian Balm to the first ce in the regard of the American peo-. There are 20,000,000 Catarrh victims ed countless Asthma sufferers in this orntry, all of whom can be cured with Brazilian Balm. A \$1.00 bottle of Brazilian Balm contains a month's treatment for catarrh or asthma, and for 6 months we will wrap with each \$1.00 bottle a outh's treatment of Toxicola Tablets, and strength builder known to science. This is the greatest offer ever made. Ask our druggist and take no substitute F. Jackson & Co., Mfg. Chemists, India-napolis, Ind.
