Creeping Consumption

Do not think for a single moment that consumption will ever strike you a sudden blow. It does not come that way.

It creeps its way along. First, you think it is a little cold; nothing but a little hacking cough; then a little loss in weight; then a harder cough; then the fever and the night sweats.

The suddenness comes when you have a hemorrhage. Better stop the disease while it is yet creeping.

You can do it with

Ayer's Cherry Pectoral

You first notice that you cough less. The pressure on the chest is lifted. That feeling of suffocation is removed. A cure is hastened by placing one of

Dr. Ayer's Cherry Pectoral over the Chest.

If you have any complaint whatever in the throat or lungs, write at once, and we will send you a copy of the book, and if you are in need of the Cherry Pectoral, we will send you a bottle free.

FINANCE AND TRADE.

The Greatest Business Ever Known

For the Month of February.

New York, March 4.—H. G. Don & Co.'s weekly review of trade says: The business for the past month was by far the greatest in the history of the country.

Clearing house exchanges were about \$1,000,000,000, against \$5,507,553,844 last year and about \$4.2 larger than in 1892.

In all the years of weekly commercial reporting there has been no other week in which the reports from all parts of the country have been so good as they are this week.

Moreover, during the past week there has been a general advance in wages, immediate or prospective. At most points the advance of 10 per cent or more was entirely voluntary. It has averaged 5 to 10 per cent in tinplate works and about 10 per cent in other cases, and as it affects much over 100,000 hands export business is likely to be stopped for the present.

Bradstreet's review says: An enlarged volume of spring trade, particularly in the iron and steel industry, is being reported. The demand for cotton fabrics, an immense and urgent call at soaring prices for iron and steel and all its products, and substantial advances in wages, chiefly affecting the above mentioned industries and benefiting at a conservative calculation 119,000 operatives, are among features of the week, going to show that the producing elements of the country's population are sharing in the present favorable conditions.

IVORITES' ANNIVERSARY.

Appropriately Celebrated by the Local Lodge Last Night.

The local lodge of the American True Ivorites last night celebrated its anniversary in the hotel room, Mellet building, with appropriate exercises and a supper. The program was an excellent one and embraced musical and literary contributions by some of the best local talent. A feature of it was an address by Rev. D. I. Evans, pastor of the First Baptist church of Iowa, on the Welsh nation as it has figured in the foundation and historical events of the United States. It was heartily applauded. During an intermission refreshments consisting of sandwiches, cakes, ice cream and coffee were liberally served. The program for the evening was as follows: Remarks, George H. Jones, chairman; singing, lodge opening ode; prayer, Rev. D. I. Evans; singing, "Awake, Awake, Awake," Prof. T. E. Hughes and party; recitation, Miss Rachel Thomas and Master Moses Davis; address, Rev. D. I. Evans; vocal solo, "The Blackbird," Miss Mary A. Jones; recitation, Miss Sarah Flower; vocal solo, "Broken Heart," Master Joseph Jones; Misses Edith Morgan and Emily L. Jones were the accompanists for the evening.

Colorado Urges Woman Suffrage.

Denver, March 4.—Governor Thomas has signed the joint resolution which provides for an official communication from the governor and the legislature to the other states in the Union in favor of woman's suffrage.

Murdered in His Mill.

Watkins, O., March 4.—The coroner has rendered a verdict of homicide in the case of William Gibson, whose charred remains were found in the ruins of the lumber mill in this city, at the age of 22. The jury heard cries for help from the mill, and said shots were heard coming from that direction just before the fire broke out. It is supposed Gibson discovered thieves in the mill, and in a fight with them was either killed or knocked senseless, after which the mill was fired. No clue to the perpetrators.

Death of Joseph Jefferson's Sister.

New York, March 4.—Cornelia Jefferson, whose name by marriage became Mrs. Jackson, died yesterday at her home in this city, at the age of 82. She was the only sister of Joseph Jefferson, the eminent comedian, and like him was a native of Philadelphia. In childhood she went on the stage and during her life she was more or less closely connected with the dramatic profession. Within recent years she has at various times acted in her brother's company.

Miss Sadie Wertheim, age 14, of Toledo, O., was the winner of the first prize for execution on the violin at the Brussels Conservatory of music. German critics say she is a wonderful player. It is the greatest distinction to be given in any thing. For this in statementship literature, science and art, men and women put forth their greatest efforts. What a young girl will do in her first year, first in peace and first in the hearts of his countrymen, it is a great thing to be first. Nothing is so more value to mankind and brings great happiness to a good remedy. Many things will relieve but the one that will cure is best. Brazilian Balm is such a remedy. Tens of thousands have found that it is the only thing that would cure Catarrh and Asthma. For 15 yrs. it has never failed in a single case to cure Asthma, and its record has been as wonderful in Catarrh. Cases that had, to all appearances, run into Consumption, or where the nostrils were entirely stopped up where the poisonous pus had eaten holes into the throat an inch deep, or where the stomach had become ulcerated and raw from swallowing the germ-laden matter, were all permanently cured. Such a remedy, unknown to any other remedy, justly entitles the Brazilian Balm to the first place in the regard of the American people. There are 20,000,000 Catarrh victims and countless Asthma sufferers in this country, all of whom can be cured with Brazilian Balm. A \$1.00 bottle of Brazilian Balm contains a month's treatment for catarrh or asthma, and for 6 months we will wrap with each \$1.50 bottle a month's treatment of Toxicola Tablets. Toxicola is the best tonic and nerve and strength builder known to science. This is the greatest offer ever made. Ask your druggist and take no substitute. B. F. JACKSON & Co., Mig. Paine's Celery Compound the Best Spring Medicine in the World.

Spring finds everybody more or less "run-down."

"Spring lassitude" is not an empty phrase. It is not a superstition or a worn-out saying, but a strictly scientific fact.

Prudent people all over the country appreciate the fact that in the spring the health is more under every one's control than at any other time, and, whether sick or well—

They are taking advantage of the marvelous invigorating power of Paine's celery compound. On every hand there are sarsaparillas, nervines and tonics, but they do not touch the edge of the real trouble—nervous debility.

When such remedies have been tried and proven valueless, Paine's celery compound has surprised and delighted by its wonderful lasting results.

Nature, the kindest and gentlest of nurses, is disposed, during these spring days, to put the blood and nerves in a healthy condition and no remedy so ably seconds her efforts as Paine's celery compound.

This best of all spring remedies is making people well and insuring others against future break-downs.

As soon as spring sets in—it is now the season—everybody has more or less a feeling of languor; there is diminished appetite, dis-

turbed sleep, less buoyancy of spirit and less disposition to exercise; some people are so indisposed that they have to keep in the house and numbers take to their beds.

The irritability of temper, the peevishness, drowsiness, and uneasiness that comes in spring, shows that the nerves and brain are the chief sufferers.

Nervousness, that so often appears at this season, inserts the thin edge of the wedge that opens the way for a long list of maladies. If you are overworked, haggard from sleepless nights, nervous and unhappy, do not give way to dread and depression before you have tried Paine's celery compound. It is the one fair test of this wonderful remedy—to try it.

Now spring has come, the tired feelings and "out of sorts" condition are to warn one that the blood is impure and the nerves "run-down." Paine's celery compound assists nature at this critical time. It supplies a scientific nerve food. Taken now, it will enable the body to throw off headache, rheumatism and ailments akin to nervousness. It will sweep out every impurity from the blood, and will nourish the nerves and brain. It is the most effective, accurate spring remedy ever formulated.
